This health plan does not include coverage for pediatric dental services

This health plan does not include pediatric dental services as described under the Federal Patient Protection and Affordable Care Act. Pediatric dental coverage is available in the insurance market and can be purchased as a stand-alone product. Please contact your insurance carrier, producer, or Iowa's Partnership Marketplace Exchange if you wish to purchase pediatric dental coverage or a stand-alone dental services product.

About This Coverage Manual

Contract

This coverage manual describes your rights and responsibilities under your group health plan. You and your covered dependents have the right to request a copy of this coverage manual, at no cost to you, by contacting your employer or group sponsor.

Please note: Your employer or group sponsor has the authority to terminate, amend, or modify the coverage described in this coverage manual at any time. Any amendment or modification will be in writing and will be as binding as this coverage manual. If your contract is terminated, you may not receive benefits.

You should familiarize yourself with the entire manual because it describes your benefits, payment obligations, provider networks, claim processes, and other rights and responsibilities.

This group health plan consists of medical benefits, vision benefits for covered members under age 19, and prescription drug benefits. Your Wellmark Health Plan of Iowa, Inc., (Wellmark) benefits are called CompleteBlue 4000 HMO. Vision services for members under age 19 are called pediatric vision, and are administered independently by Avesis on behalf of Wellmark. The prescription drug benefits are called Blue Rx Essentials. This coverage manual will indicate when the service, supply, or drug is considered medical benefits, vision benefits, or drug benefits by using sections, headings, and notes when necessary.

Charts

Some sections have charts, which provide a quick reference or summary but are not a complete description of all details about a topic. A particular chart may not describe some significant factors that would help determine your coverage, payments, or other responsibilities. It is important for you to look up details and not to rely only upon a chart. It is also important to follow any references to other parts of the manual. (References tell you to “see” a section or subject heading, such as, “See *Details – Covered and Not Covered*.” References may also include a page number.)

Complete Information

Very often, complete information on a subject requires you to consult more than one section of the manual. For instance, most information on coverage will be found in these sections:

- At a Glance – Covered and Not Covered
- Details – Covered and Not Covered
- General Conditions of Coverage, Exclusions, and Limitations

However, coverage might be affected also by your choice of provider (information in the *Choosing a Provider* section), certain notification requirements if applicable to your group health plan (the *Notification Requirements and Care Coordination* section), and considerations of eligibility (the *Coverage Eligibility and Effective Date* section).

Even if a service is listed as covered, benefits might not be available in certain situations, and even if a service is not specifically described as being excluded, it might not be covered.

Read Thoroughly

You can use your group health plan to the best advantage by learning how this document is organized and how sections are related to each other. And whenever you look up a particular topic, follow any references, and read thoroughly.

Your coverage includes many services, treatments, supplies, devices, and drugs. Throughout the coverage manual, the words *services or supplies* refer to any services, treatments, supplies, devices, or drugs, as applicable in the context, that may be used to diagnose or treat a condition.

Questions

If you have questions about your group health plan, or are unsure whether a particular service or supply is covered, call the Customer Service number on your ID card.

1. What You Pay

This section is intended to provide you with an overview of your payment obligations under this group health plan. This section is not intended to be and does not constitute a complete description of your payment obligations. To understand your complete payment obligations you must become familiar with this entire coverage manual, especially the *Factors Affecting What You Pay* and *Choosing a Provider* sections.

Provider Network

Under the medical benefits of this plan, your network of providers consists of Wellmark Blue HMOSM Providers. All other providers are not in your network. Which provider type you choose will affect what you pay.

Generally, you are only covered for services received from Wellmark Blue HMO Providers; however, you may be covered for services received from Participating Providers only in the case of an emergency, accidental injury, guest membership, or approved referrals. You may be covered for services received from Out-of-Network Providers in the case of an emergency, accidental injury, or approved Out-of-Network referrals.

Wellmark Blue HMO Providers. These providers participate with the Wellmark Blue HMO network. Throughout this coverage manual we will refer to these providers as “Wellmark Blue HMO Providers.” Benefits for most covered services are available only when received from Wellmark Blue HMO Providers.

Participating Providers. These providers participate with a Blue Cross and/or Blue Shield Plan in another state or service area, but not with the Wellmark Blue HMO network. Generally, you are only covered for services received from Participating Providers in case of emergency, accidental injury, guest membership, or approved referrals.

Out-of-Network Providers. Out-of-Network Providers do not participate with the Wellmark Blue HMO network or any other Blue Cross and/or Blue Shield Plan. Generally, you are only covered for services received from Out-of-Network Providers in case of emergency, accidental injury, or approved Out-of-Network referrals.

Payment Summary

This chart summarizes your payment responsibilities. It is only intended to provide you with an overview of your payment obligations. It is important that you read this entire section and not just rely on this chart for your payment obligations.

You Pay†

Deductible

\$4,000 per person

\$8,000 (maximum) per family*

Emergency Room Copayment

\$500 (waived if admitted)

You Pay†

Office Visit Copayment

\$40 for:

- covered services received from Wellmark Blue HMO primary care providers
- covered services received from Wellmark Blue HMO chiropractors, Wellmark Blue HMO occupational therapists, Wellmark Blue HMO physical therapists, and Wellmark Blue HMO speech pathologists
- covered mental health and chemical dependency treatment received in an office setting from any Wellmark Blue HMO Provider

\$90 for covered services received from Wellmark Blue HMO non-primary care providers.

Telehealth Services Copayment

\$40 for:

- covered telehealth services received from Wellmark Blue HMO primary care providers and practitioners contracting through Doctor on Demand‡
- covered telehealth mental health and chemical dependency services received from Wellmark Blue HMO Providers and practitioners contracting through Doctor on Demand‡

\$90 for covered telehealth services received from Wellmark Blue HMO non-primary care providers.

Urgent Care Center Copayment

\$40 for covered services received from Wellmark Blue HMO Providers in Iowa classified by Wellmark as Urgent Care Centers.**

Prescription Drugs Copayment (Blue Rx)

\$30 for Tier 1 medications.

\$60 for Tier 2 medications.

\$125 for Tier 3 medications.

For more information see *Tiers*, page 61.

\$150 for preferred specialty drugs.

\$500 for non-preferred specialty drugs.

Medical Coinsurance

30% for all services that apply coinsurance except as follows:

20% for prosthetic limb devices.

Pediatric Vision Cost Share

85% of covered charges in excess of \$130 for non-medically necessary contact lenses.

80% of covered charges in excess of \$130 for frames.

80% for lens options other than single vision, bifocal, trifocal, lenticular, polycarbonate, scratch-resistant coating, tinting, and ultraviolet protective coating.

Out-of-Pocket Maximum

\$8,150 per person. This includes amounts you pay for covered drugs and covered pediatric vision services for members under age 19.

\$16,300 (maximum) per family.* This includes amounts you pay for covered drugs and covered pediatric vision services for members under age 19.

*Family amounts are reached from amounts accumulated on behalf of any combination of covered family members. A member will not be required to satisfy more than the single deductible before we make benefit payments for that member.

**For a list of Iowa facilities classified by Wellmark as Urgent Care Centers, please see the Wellmark Provider Directory.

†You pay the entire cost if you purchase a drug that is not on the Wellmark Blue Rx Essentials Drug List. See Wellmark Blue Rx Essentials Drug List, page 35.

‡Members can access telehealth services from Doctor on Demand through the Doctor on Demand mobile application.

Prescription Maximums

Generally, there is a maximum days' supply of medication you may receive in a single prescription. However, exceptions may be made for certain prescriptions packaged in a dose exceeding the maximum days' supply covered under your Blue Rx Essentials prescription drug benefits. To determine if this exception applies to your prescription, call the Customer Service number on your ID card.

Your payment obligations may be determined by the quantity of medication you purchase.

Payment

90 day retail

Payment per days' supply:

- 1 copayment for 30 day supply
 - 2 copayments for 60 day supply
 - 3 copayments for 90 day supply
-

90 day mail order

Payment per days' supply:

- 1 copayment for 30 day supply
 - 2 copayments for 60 day supply
 - 3 copayments for 90 day supply
-

30 day specialty

- 1 copayment
-

Payment Details

Deductible

This is a fixed dollar amount you pay for certain covered services in a benefit year before benefits become available.

The family deductible amount is reached from amounts accumulated on behalf of any combination of covered family members.

A member will not be required to satisfy more than the single deductible before we make benefit payments for that member.

Once you meet the deductible, then coinsurance applies.

Deductible amounts are waived for some services. See *Waived Payment Obligations* later in this section.

Copayment

This is a fixed dollar amount that you pay each time you receive certain covered services.

Emergency Room Copayment.

The emergency room copayment:

- applies to emergency room services.

- is taken once per visit.
- is waived if you are admitted as an inpatient of a facility immediately following emergency room services.

Office Visit Copayment.

The office visit copayment:

- applies to covered office services received from Wellmark Blue HMO Providers.
- is taken once per practitioner per date of service.

Please note: For purposes of determining your copayment responsibility, Wellmark Blue HMO Providers are classified by Wellmark as either primary care providers or non-primary care providers. To determine whether the primary care provider copayment or the non-primary care provider copayment applies, you should call the Customer Service number on your ID card before receiving any services to determine whether your provider is classified by Wellmark as a primary care provider or a non-primary care provider for purposes of your copayment responsibility.

How providers are classified in the Wellmark Provider Directory does not determine whether a provider is a primary care provider or a non-primary care provider for purposes of your copayment responsibility. For example, a provider might be listed under multiple specialties in the provider directory, such as internal medicine and oncology, but would be classified by Wellmark as a primary care provider for purposes of your copayment responsibility.

A primary care provider is a Wellmark Blue HMO:

- advanced registered nurse practitioner (ARNP)
- family practitioner
- general practitioner
- internal medicine practitioner
- obstetrician/gynecologist
- pediatrician
- physician assistant (PA)

All other Wellmark Blue HMO Providers are non-primary care providers. See *Choosing a Provider*, page 43.

The office visit copayment does not apply to:

- diagnostic imaging/studies and radiation therapy including, but not limited to: CT (computerized tomography), MEG (magnetoencephalography), MRAs (magnetic resonance angiography), MRIs (magnetic resonance imaging), PET (positron emission tomography), nuclear medicine, ultrasounds, radiation therapy, diagnostic mammograms, and diagnostic testing.

These services are subject to deductible and coinsurance and not this copayment.

Please note: When related to mental health conditions and chemical dependency treatment, diagnostic imaging/studies and radiation therapy including, but not limited to: CT (computerized tomography), MEG (magnetoencephalography), MRAs (magnetic resonance angiography), MRIs

(magnetic resonance imaging), PET (positron emission tomography), nuclear medicine, ultrasounds, radiation therapy, diagnostic mammograms, and diagnostic testing are not subject to deductible and coinsurance.

Telehealth Services Copayment.

The telehealth services copayment:

- applies to covered telehealth services received from Wellmark Blue HMO Providers and practitioners contracting through Doctor on Demand.
- is taken once per practitioner per date of service.

Please note: For purposes of determining your copayment responsibility, Wellmark Blue HMO Providers are classified by Wellmark as either primary care providers or non-primary care providers. To determine whether the primary care provider copayment or the non-primary care provider copayment applies, you should call the Customer Service number on your ID card before receiving any services to determine whether your provider is classified by Wellmark as a primary care provider or a non-primary care provider for purposes of your copayment responsibility.

How providers are classified in the Wellmark Provider Directory does not determine whether a provider is a primary care provider or a non-primary care provider for purposes of your copayment responsibility. For example, a provider might be listed under multiple specialties in the provider directory, such as internal medicine and oncology, but would be classified by Wellmark as a primary care provider for purposes of your copayment responsibility.

A primary care provider is a Wellmark Blue HMO:

- advanced registered nurse practitioner (ARNP)
- family practitioner
- general practitioner
- internal medicine practitioner

- obstetrician/gynecologist
- pediatrician
- physician assistant (PA)

All other Wellmark Blue HMO Providers are non-primary care providers. See *Choosing a Provider*, page 43.

Urgent Care Center Copayment.

The urgent care center copayment:

- applies to covered urgent care services.
- is taken once per provider per date of service.

The urgent care copayment does not apply to:

- diagnostic imaging/studies and radiation therapy including, but not limited to: CT (computerized tomography), MEG (magnetoencephalography), MRAs (magnetic resonance angiography), MRIs (magnetic resonance imaging), PET (positron emission tomography), nuclear medicine, ultrasounds, radiation therapy, diagnostic mammograms, and diagnostic testing.

These services are subject to deductible and coinsurance and not this copayment.

Please note: When related to mental health conditions and chemical dependency treatment, diagnostic imaging/studies and radiation therapy including, but not limited to: CT (computerized tomography), MEG (magnetoencephalography), MRAs (magnetic resonance angiography), MRIs (magnetic resonance imaging), PET (positron emission tomography), nuclear medicine, ultrasounds, radiation therapy, diagnostic mammograms, and diagnostic testing are not subject to deductible and coinsurance.

Please note: If you receive care at a facility in Iowa that is not classified by Wellmark as an Urgent Care Center, you may be responsible for your deductible and coinsurance (as applicable) instead of the urgent care center copayment. Therefore, before receiving any urgent care services, you should determine if the facility is

classified by Wellmark as an Urgent Care Center. See the Wellmark Provider Directory at *Wellmark.com* or call the Customer Service number on your ID card to determine whether a facility is classified by Wellmark as an Urgent Care Center.

Prescription Drugs Copayment (Blue Rx). Copayment is a fixed dollar amount you pay each time a covered Tier 1, Tier 2, Tier 3, or specialty drug prescription is filled or refilled.

You pay the entire cost if you purchase a drug that is not on the Wellmark Blue Rx Essentials Drug List. See *Wellmark Blue Rx Essentials Drug List*, page 35.

Copayment amount(s) are waived for some services. See *Waived Payment Obligations* later in this section.

Coinsurance

Coinsurance is an amount you pay for certain covered services. Coinsurance for medical services is calculated by multiplying the fixed percentage(s) shown earlier in this section times Wellmark's payment arrangement amount. Payment arrangements may differ depending on the contracting status of the provider and/or the state where you receive services. For details, see *How Coinsurance is Calculated*, page 57. Coinsurance amounts apply after you meet the deductible.

Coinsurance amounts are waived for some services. See *Waived Payment Obligations* later in this section.

Pediatric Vision Cost Share

Pediatric vision cost share is an amount you pay for covered pediatric vision services. See *Pediatric Vision – for covered members under age 19*, page 37.

Out-of-Pocket Maximum

The out-of-pocket maximum is the maximum amount you pay, out of your pocket, for most covered services in a benefit year. Many amounts you pay for covered services during a benefit year

accumulate toward the out-of-pocket maximum. These amounts include:

- Deductible.
- Coinsurance.
- Copayments.
- Amounts you pay for covered pediatric vision services for members under age 19.
- Amounts you pay for covered prescription drugs.

The family out-of-pocket maximum is reached from applicable amounts paid on behalf of any combination of covered family members.

Amounts you pay for covered medical services, amounts you pay for covered prescription drugs, and amounts you pay for covered pediatric vision services for members under age 19 all apply toward the applicable out-of-pocket maximum.

However, certain amounts do not apply toward your out-of-pocket maximum.

- Amounts representing any general exclusions and conditions. See *General*

Waived Payment Obligations

Some payment obligations are waived for the following covered services.

Covered Service	Payment Obligation Waived
Breast pumps (manual or non-hospital grade electric) purchased from a covered home/durable medical equipment provider.	Deductible Coinsurance Copayment
Breastfeeding support, supplies, and one-on-one lactation consultant services, including counseling and education, during pregnancy and/or the duration of breastfeeding.	Deductible Coinsurance Copayment
Contraceptive medical devices, such as intrauterine devices and diaphragms.	Deductible Coinsurance Copayment

Conditions of Coverage, Exclusions, and Limitations, page 39.

- Difference in cost between the generic drug and the brand name drug when you purchase a brand name drug that has an FDA-approved “A”-rated medically appropriate generic equivalent.
- Difference in cost between the provider’s amount charged and our maximum allowable fee when you receive services from an Out-of-Network Provider.

These amounts continue even after you have met your out-of-pocket maximum.

Benefits Maximums

Benefits maximums are the maximum benefit amounts that each member is eligible to receive. Benefits maximums that apply per benefit year or per lifetime are reached from benefits accumulated under this group health plan.

Covered Service	Payment Obligation Waived
<p>Diagnostic imaging/studies and radiation therapy including, but not limited to: CT (computerized tomography), MEG (magnetoencephalography), MRAs (magnetic resonance angiography), MRIs (magnetic resonance imaging), PET (positron emission tomography), nuclear medicine, ultrasounds, radiation therapy, diagnostic mammograms, and diagnostic testing – for mental health conditions and chemical dependency office and urgent care services.</p>	<p>Deductible Coinsurance Copayment</p>
<p>Generic contraceptive drugs and generic contraceptive drug delivery devices (e.g., birth control patches).</p>	<p>Deductible Copayment</p>
<p>Payment obligations are also waived if you purchase brand name contraceptive drugs or brand name drug delivery devices when an FDA-approved medically appropriate generic equivalent is not available.</p>	
<p>Payment obligations are not waived if you purchase brand name contraceptive drugs or brand name contraceptive delivery devices when an FDA-approved medically appropriate generic equivalent is available.</p>	
<p>Implanted and injected contraceptives.</p>	<p>Deductible Coinsurance Copayment</p>

Vision services for members under age 19.†	Deductible Copayment
Voluntary sterilization for female members.	Deductible Coinsurance Copayment

*A complete list of recommendations and guidelines related to preventive services can be found at www.healthcare.gov. Recommended preventive services are subject to change and are subject to medical management. See *Wellmark.com* for details.

**If you have a newborn child, but you do not add that child to your coverage, your newborn child may be added to your coverage solely for the purpose of administering benefits for the newborn during the first 48 hours following a vaginal delivery or 96 hours following a cesarean delivery. If that occurs, a separate deductible and coinsurance will be applied to your newborn child unless your coverage specifically waives the deductible or coinsurance for your newborn child.

†Wellmark's pediatric vision coverage is administered by Avesis, an independent company providing network and claims administration on behalf of Wellmark for the pediatric vision benefits.

§ Members can access telehealth services from Doctor on Demand through the Doctor on Demand mobile application.

2. At a Glance - Covered and Not Covered

Your coverage provides benefits for many services and supplies received from Wellmark Blue HMO Providers. There are also services for which this coverage does not provide benefits. The following chart is provided for your convenience as a quick reference only. This chart is not intended to be and does not constitute a complete description of all coverage details and factors that determine whether a service is covered or not. All covered services are subject to the contract terms and conditions contained throughout this coverage manual. Many of these terms and conditions are contained in *Details – Covered and Not Covered*, page 17. To fully understand which services are covered and which are not, you must become familiar with this entire coverage manual. Please call us if you are unsure whether a particular service is covered or not.

The headings in this chart provide the following information:

Category. Service categories are listed alphabetically and are repeated, with additional detailed information, in *Details – Covered and Not Covered*.

Covered. The listed category is generally covered, but some restrictions may apply.

Not Covered. The listed category is generally not covered.

See Page. This column lists the page number in *Details – Covered and Not Covered* where there is further information about the category.

Benefits Maximums. This column lists maximum benefit amounts that each member is eligible to receive. Benefits maximums that apply per benefit year or per lifetime are reached from benefits accumulated under this group health plan and any prior group health plans sponsored by your employer or group sponsor and administered by Wellmark Health Plan of Iowa, Inc.

Category	Covered	Not Covered	See Page	Benefits Maximums
Routine vision examinations	●		37	Once per benefit year.
Frames	●		37	One frame per benefit year (see Pediatric Vision Cost Share, page 4).
Lenses or Contact Lenses	●		37	Two spectacle lenses per benefit year. Contact lenses in lieu of spectacle lenses and frames (see Pediatric Vision Cost Share, page 4).

3. Details - Covered and Not Covered

All covered services or supplies listed in this section are subject to the general contract provisions and limitations described in this coverage manual. Also see the section *General Conditions of Coverage, Exclusions, and Limitations*, page 39. If a service or supply is not specifically listed, do not assume it is covered.

Medical

Acupuncture Treatment

Not Covered: Acupuncture and acupressure treatment.

Allergy Testing and Treatment

Covered.

Ambulance Services

Covered:

- Professional emergency air and ground ambulance transportation to a hospital in the surrounding area where your ambulance transportation originates. All of the following are required to qualify for benefits:
 - The services required to treat your illness or injury are not available in the facility where you are currently receiving care if you are an inpatient at a facility.
 - You are transported to the nearest hospital in the Wellmark Blue HMO network with adequate facilities to treat your medical condition. In an emergency situation, you should seek care at the nearest appropriate facility, whether the facility is in-network or out-of-network.
 - During transport, your medical condition requires the services that are provided only by an air or ground ambulance that is professionally staffed and specially equipped for taking sick or injured people to or from a health care facility in an emergency.

- The air or ground ambulance has the necessary patient care equipment and supplies to meet your needs.
- Your medical condition requires immediate and rapid ambulance transport.
- In addition to the preceding requirements, for air ambulance services to be covered, all of the following must be met:
 - Your medical condition requires immediate and rapid air ambulance transport that cannot be provided by a ground ambulance; or the point of pick up is inaccessible by a land vehicle.
 - Great distances, limited time frames, or other obstacles are involved in getting you to the nearest hospital with appropriate facilities for treatment.
 - Your condition is such that the time needed to transport you by land poses a threat to your health.

In an emergency situation, if you cannot reasonably utilize a Wellmark Blue HMO ambulance service, covered services will be reimbursed as though they were received from a Wellmark Blue HMO ambulance service. However, because we do not have contracts with Out-of-Network Providers and they may not accept our payment arrangements, you are responsible for any difference between the amount charged and our amount paid for a covered service.

- Professional nonemergency ground ambulance transportation to a hospital or nursing facility in the surrounding area where your ambulance transportation originates.

All of the following are required to qualify for benefits:

- The services required to treat your illness or injury are not available in the facility where you are currently receiving care.
- You are transported to the nearest hospital or nursing facility with adequate facilities to treat your medical condition.
- During transport your medical condition requires the services that are provided only by a ground ambulance that is professionally staffed and specially equipped for taking sick or injured people to or from a health care facility.
- The ground ambulance has the necessary patient care equipment and supplies to meet your needs.

Not Covered:

- Professional air or ground ambulance transport from a facility capable of treating your condition.
- Professional ground ambulance transport to or from any location when you are physically and mentally capable of being a passenger in a private vehicle.
- Professional ground ambulance round-trip transports from your residence to a medical provider for an appointment or treatment and back to your residence.
- Professional air or ground transport when performed primarily for your convenience or the convenience of your family, physician, or other health care provider.
- Professional, nonemergency air ambulance transports to any location for any reason.
- Nonprofessional air or ground ambulance transports to any location for any reason. This includes non-

ambulance vehicles such as vans or taxis that are equipped to transport stretchers or wheelchairs but are not professionally operated or staffed.

Anesthesia

Covered: Anesthesia and the administration of anesthesia.

Not Covered: Local or topical anesthesia billed separately from related surgical or medical procedures.

Autism Spectrum Disorder Treatment

Covered: Diagnosis and treatment of autism spectrum disorder and Applied Behavior Analysis services for the treatment of autism spectrum disorder for children age 18 and younger when Applied Behavior Analysis services are performed or supervised pursuant to an approved treatment plan by a licensed physician or psychologist or a master’s or doctoral degree holder certified by the National Behavior Analyst Certification Board with a designation of board certified behavior analyst. Autism spectrum disorder is a complex neurodevelopmental medical disorder characterized by social impairment, communication difficulties, and restricted, repetitive, and stereotyped patterns of behavior.

Benefits Maximum:

- Applied Behavior Analysis services for the treatment of autism spectrum disorder for children age 18 and younger:
 - For children through age six: **\$36,000** per calendar year.
 - For children age seven through age 13: **\$25,000** per calendar year.
 - For children age 14 through age 18: **\$12,500** per calendar year.

Not Covered:

- Applied Behavior Analysis services for the treatment of autism spectrum disorder for members age 19 and older.

- Applied Behavior Analysis services other than for the treatment of autism spectrum disorder.

Blood and Blood Administration

Covered: Whole blood, blood components, blood derivatives, and blood administration.

Please note: Whole blood and blood components are typically made available to you at no charge through the facility from which you receive services.

Chemical Dependency Treatment

Covered: Treatment for a condition with physical or psychological symptoms produced by the habitual use of certain drugs or alcohol as described in the most current *Diagnostic and Statistical Manual of Mental Disorders*.

Licensed Substance Abuse Treatment Program. Benefits are available for chemical dependency treatment in the following settings:

- Treatment provided in an office visit, or outpatient setting;
- Treatment provided in an intensive outpatient setting;
- Treatment provided in an outpatient partial hospitalization setting;
- Drug or alcohol rehabilitation therapy or counseling provided while participating in a clinically managed low intensity residential treatment setting, also known as supervised living;
- Treatment, including room and board, provided in a clinically managed medium or high intensity residential treatment setting;
- Treatment provided in a medically monitored intensive inpatient or detoxification setting; and
- For inpatient, medically managed acute care for patients whose condition requires the resources of an acute care

general hospital or a medically managed inpatient treatment program.

Not Covered:

- Room and board provided while participating in a clinically managed low intensity residential treatment setting, also known as supervised living.
- Recreational activities or therapy, social activities, meals, excursions or other activities not considered clinical treatment, while participating in substance abuse treatment programs.

See Also:

Hospitals and Facilities later in this section.

Notification Requirements and Care Coordination, page 51.

Chemotherapy and Radiation Therapy

Covered: Use of chemical agents or radiation to treat or control a serious illness.

Clinical Trials – Routine Care Associated with Clinical Trials

Covered: Medically necessary routine patient costs for items and services otherwise covered under this plan furnished in connection with participation in an approved clinical trial related to the treatment of cancer or other life-threatening diseases or conditions, when a covered member is referred by a Wellmark Blue HMO Provider based on the conclusion that the member is eligible to participate in an approved clinical trial according to the trial protocol or the member provides medical and scientific information establishing that the member's participation in the clinical trial would be appropriate according to the trial protocol.

Not Covered:

- Investigational or experimental items, devices, or services which are themselves the subject of the clinical trial;

- Clinical trials, items, and services that are provided solely to satisfy data collection and analysis needs and that are not used in the direct clinical management of the patient;
- Services that are clearly inconsistent with widely accepted and established standards of care for a particular diagnosis.

Contraceptives

Covered: The following conception prevention, as approved by the U.S. Food and Drug Administration:

- Contraceptive medical devices, such as intrauterine devices and diaphragms.
- Implanted contraceptives.
- Injected contraceptives.

Please note: Contraceptive drugs and contraceptive drug delivery devices, such as insertable rings and patches are covered under your Blue Rx Essentials prescription drug benefits described later in this section.

See the Wellmark Blue Rx Essentials Drug List at *Wellmark.com* or call the Customer Service number on your ID card and request a copy of the Drug List.

Conversion Therapy

Not Covered: Conversion therapy services.

Cosmetic Services

Not Covered: Cosmetic services, supplies, or drugs if provided primarily to improve physical appearance. A service, supply, or drug that results in an incidental improvement in appearance may be covered if it is provided primarily to restore function lost or impaired as the result of an illness, accidental injury, or a birth defect. You are also not covered for treatment for any complications resulting from a noncovered cosmetic procedure.

See Also:

Reconstructive Surgery later in this section.

Counseling and Education Services

Not Covered:

- Bereavement counseling or services (including volunteers or clergy), family counseling or training services, marriage counseling or training services, and community-based services.
- Education or educational therapy other than covered lactation consultant services, education for self-management of diabetes or nutrition education.
- Learning and educational services and treatments including, but not limited to non-drug therapy for high blood pressure control, exercise modalities for the treatment of obesity, nutritional instruction for the control of gastrointestinal conditions, reading programs for dyslexia, for any medical, mental health, or substance abuse condition.

See Also:

Genetic Testing later in this section.

Education Services for Diabetes and Nutrition later in this section.

Mental Health Services later in this section.

Preventive Care later in this section.

Dental Services

Covered:

- Dental treatment for accidental injuries when:
 - Treatment is completed within 12 months of the injury.
- Anesthesia (general) and hospital or ambulatory surgical facility services related to covered dental services if:
 - You are under age 14 and, based on a determination by a licensed dentist and your treating physician, you have a dental or developmental condition for which patient management in the dental office has been ineffective and requires dental

treatment in a hospital or ambulatory surgical facility; or

- Based on a determination by a licensed dentist and your treating physician, you have one or more medical conditions that would create significant or undue medical risk in the course of delivery of any necessary dental treatment or surgery if not rendered in a hospital or ambulatory surgical facility.

- Impacted teeth removal (surgical) as an inpatient of a facility only when you have a medical condition (such as hemophilia) that requires hospitalization.
- Facial bone fracture reduction.
- Incisions of accessory sinus, mouth, salivary glands, or ducts.
- Jaw dislocation manipulation.
- Orthodontic services associated with management of cleft palate.
- Treatment of abnormal changes in the mouth due to injury or disease of the mouth, or dental care (oral examination, x-rays, extractions, and nonsurgical elimination of oral infection) required for the direct treatment of a medical condition, limited to:
 - Dental services related to medical transplant procedures;
 - Initiation of immunosuppressives (medication used to reduce inflammation and suppress the immune system); or
 - Treatment of neoplasms of the mouth and contiguous tissue.

Not Covered:

- General dentistry including, but not limited to, diagnostic and preventive services, restorative services, endodontic services, periodontal services, indirect fabrications, dentures and bridges, and orthodontic services unrelated to accidental injuries or management of cleft palate.
- Injuries associated with or resulting from the act of chewing.

- Maxillary or mandibular tooth implants (osseointegration) unrelated to accidental injuries or abnormal changes in the mouth due to injury or disease.

Dialysis

Covered: Removal of toxic substances from the blood when the kidneys are unable to do so when provided as an inpatient in a hospital setting or as an outpatient in a Medicare-approved dialysis center.

Education Services for Diabetes and Nutrition

Covered: Inpatient and outpatient training and education for the self-management of all types of diabetes mellitus.

All covered training or education must be prescribed by a licensed physician. Outpatient training or education must be provided by a state-certified program.

The state-certified diabetic education program helps any type of diabetic and his or her family understand the diabetes disease process and the daily management of diabetes.

You are also covered for nutrition education to improve your understanding of your metabolic nutritional condition and provide you with information to manage your nutritional requirements. Nutrition education is appropriate for, but not limited to:

- Eating disorders.
- Glucose intolerance.
- High blood pressure.
- Lactose intolerance.
- Morbid obesity.

Emergency Services

Covered: When treatment is for a medical condition manifested by acute symptoms of sufficient severity, including pain, that a prudent layperson, with an average knowledge of health and medicine, could reasonably expect absence of immediate medical attention to result in:

- Placing the health of the individual or, with respect to a pregnant woman, the health of the woman and her unborn child, in serious jeopardy; or
- Serious impairment to bodily function; or
- Serious dysfunction of any bodily organ or part.

In an emergency situation, if you cannot reasonably reach a Wellmark Blue HMO Provider, covered services will be reimbursed as though they were received from a Wellmark Blue HMO Provider.

However, because we do not have contracts with Out-of-Network Providers and they may not accept our payment arrangements, you are responsible for any difference between the amount charged and our amount paid for a covered service.

See Also:

Out-of-Network Providers, page 58.

Fertility and Infertility Services

Covered:

- Fertility prevention, such as tubal ligation (or its equivalent) or vasectomy (initial surgery only).
- Fertility and infertility services until you receive artificial insemination, in vitro fertilization, or any related fertility or infertility treatment or transfer procedure.

Not Covered:

- Abortion that is elective (except abortions performed when the life of the mother is at risk if the pregnancy goes to

full term and complications resulting from a noncovered abortion).

- Infertility treatment if the infertility is the result of voluntary sterilization.
- The collection or purchase of donor semen (sperm) or oocytes (eggs) when performed in connection with fertility or infertility procedures or for any other reason or service; freezing and storage of sperm, oocytes, or embryos; surrogate parent services.
- Artificial insemination, in vitro fertilization, or any related fertility or infertility treatment or transfer procedure. If you have any of these procedures done, benefits for all types of fertility or infertility treatment (including drug induced stimulation of ovulation) will end beginning on the day you receive the noncovered service.
- Reversal of a tubal ligation (or its equivalent) or vasectomy.

Genetic Testing

Covered: Genetic molecular testing (specific gene identification) and related counseling are covered when both of the following requirements are met:

- You are an appropriate candidate for a test under medically recognized standards (for example, family background, past diagnosis, etc.).
- The outcome of the test is expected to determine a covered course of treatment or prevention and is not merely informational.

Hearing Services

Covered:

- Hearing examinations, but only to test or treat hearing loss related to an illness or injury.

Not Covered:

- Hearing aids.
- Routine hearing examinations.

Home Health Services

Covered: All of the following requirements must be met in order for home health services to be covered:

- You require a medically necessary skilled service such as skilled nursing, physical therapy, or speech therapy.
- Services are received from an agency accredited by the Joint Commission for Accreditation of Health Care Organizations (JCAHO) and/or a Medicare-certified agency.
- Services are prescribed by a physician and approved by Wellmark for the treatment of illness or injury.
- Services are not more costly than alternative services that would be effective for diagnosis and treatment of your condition.
- The care is referred by a Wellmark Blue HMO Provider and approved by Wellmark.

The following are covered services and supplies:

Home Health Aide Services—when provided in conjunction with a medically necessary skilled service also received in the home.

Short-Term Home Skilled Nursing. Treatment must be given by a registered nurse (R.N.) or licensed practical nurse (L.P.N.) from an agency accredited by the Joint Commission for Accreditation of Health Care Organizations (JCAHO) or a Medicare-certified agency. Short-term home skilled nursing means home skilled nursing care that:

- is provided for a definite limited period of time as a safe transition from other levels of care when medically necessary;
- provides teaching to caregivers for ongoing care; or
- provides short-term treatments that can be safely administered in the home setting.

The daily benefit for short-term home skilled nursing services will not exceed Wellmark’s daily maximum allowable fee for care in a skilled nursing facility. Benefits do not include maintenance or custodial care or services provided for the convenience of the family caregiver.

Inhalation Therapy.

Medical Equipment.

Medical Social Services.

Medical Supplies.

Occupational Therapy—but only for services to treat the upper extremities, which means the arms from the shoulders to the fingers. You are not covered for occupational therapy supplies.

Oxygen and Equipment for its administration.

Parenteral and Enteral Nutrition, except enteral formula administered orally.

Physical Therapy.

Prescription Drugs and Medicines administered in the vein or muscle.

Prosthetic Devices and Braces.

Speech Therapy.

Not Covered:

- Custodial home care services and supplies, which help you with your daily living activities. This type of care does not require the continuing attention and assistance of licensed medical or trained paramedical personnel. Some examples of custodial care are assistance in walking and getting in and out of bed; aid in bathing, dressing, feeding, and other forms of assistance with normal bodily functions; preparation of special diets; and supervision of medication that can usually be self-administered. You are also not covered for sanitarium care or rest cures.
- Extended home skilled nursing.

See Also:

Referrals, page 43.

Home/Durable Medical Equipment

Covered: Equipment that meets all of the following requirements:

- The equipment is ordered by a provider within the scope of his or her license and there is a written prescription.
- Durable enough to withstand repeated use.
- Primarily and customarily manufactured to serve a medical purpose.
- Used to serve a medical purpose.
- Standard or basic home/durable medical equipment that will adequately meet the medical needs and that does not have certain deluxe/luxury or convenience upgrade or add-on features.

In addition, we determine whether to pay the rental amount or the purchase price amount for an item, and we determine the length of any rental term. Benefits will never exceed the lesser of the amount charged or the maximum allowable fee.

See Also:

Medical and Surgical Supplies and Personal Convenience Items later in this section.

Orthotics later in this section.

Prosthetic Devices later in this section.

Referrals, page 43.

Hospice Services

Covered: Care (generally in a home setting) for patients who are terminally ill and who have a life expectancy of six months or less. Hospice care covers the same services as described under *Home Health Services*, as well as hospice respite care from a facility approved by Medicare or by the Joint Commission for Accreditation of Health Care Organizations (JCAHO).

Hospice respite care offers rest and relief help for the family caring for a terminally ill patient. Inpatient respite care can take place in a nursing home, nursing facility, or hospital.

Benefits Maximum:

- **15 days** per lifetime for inpatient hospice respite care.
- **15 days** per lifetime for outpatient hospice respite care.
- Not more than **five days** of hospice respite care at a time.

Hospitals and Facilities

Covered: Hospitals and other facilities that meet standards of licensing, accreditation or certification. Following are some recognized facilities:

Ambulatory Surgical Facility. This type of facility provides surgical services on an outpatient basis for patients who do not need to occupy an inpatient hospital bed and must be licensed as an ambulatory surgical facility under applicable law.

Chemical Dependency Treatment Facility. This type of facility must be licensed as a chemical dependency treatment facility under applicable law.

Community Mental Health Center. This type of facility provides treatment of mental health conditions and must be licensed as a community mental health center under applicable law.

Hospital. This type of facility provides for the diagnosis, treatment, or care of injured or sick persons on an inpatient and outpatient basis. The facility must be licensed as a hospital under applicable law.

Nursing Facility. This type of facility provides continuous skilled nursing services as ordered and certified by your attending physician on an inpatient basis for short-term care. Benefits do not include maintenance or custodial care or services provided for the

convenience of the family caregiver. The facility must be licensed as a nursing facility under applicable law.

Psychiatric Medical Institution for Children (PMIC). This type of facility provides inpatient psychiatric services to children and is licensed as a PMIC under Iowa Code Chapter 135H.

Precertification is required. For information on how to precertify, refer to *Precertification* in the *Notification Requirements and Care Coordination* section of this coverage manual, or call the Customer Service number on your ID card.

Urgent Care Center. This type of facility provides medical care without an appointment during all hours of operation to walk-in patients of all ages who are ill or injured and require immediate care but may not require the services of a hospital emergency room.

Not Covered:

- Long Term Acute Care Facility.
- Room and board provided while a patient at an intermediate care facility or similar level of care.

See Also:

Chemical Dependency Treatment earlier in this section.

Mental Health Services later in this section.

Illness or Injury Services

Covered:

- Services or supplies used to treat any bodily disorder, bodily injury, disease, or mental health condition unless specifically addressed elsewhere in this section. This includes pregnancy and complications of pregnancy.
- Routine foot care related to the treatment of a metabolic, neurological, or peripheral vascular disease.

Treatment may be received from an approved provider in any of the following settings:

- Home.
- Inpatient (such as a hospital or nursing facility).
- Office (such as a doctor’s office).
- Outpatient.

Not Covered:

- Long term acute care services typically provided by a long term acute care facility.
- Room and board provided while a patient at an intermediate care facility or similar level of care.
- Routine foot care, including related services or supplies, except as described under *Covered*.

Inhalation Therapy

Covered: Respiratory or breathing treatments to help restore or improve breathing function.

Maternity Services

Covered: Prenatal and postnatal care, delivery, including complications of pregnancy. A complication of pregnancy refers to a cesarean section that was not planned, an ectopic pregnancy that is terminated, or a spontaneous termination of pregnancy that occurs during a period of gestation in which a viable birth is not possible. Complications of pregnancy also include conditions requiring inpatient hospital admission (when pregnancy is not terminated) whose diagnoses are distinct from pregnancy but are adversely affected by pregnancy or are caused by pregnancy.

Please note: You must notify us or your employer or group sponsor if you enter into an arrangement to provide surrogate parent services: Contact your employer or group sponsor or call the Customer Service number on your ID card.

In accordance with federal or applicable state law, maternity services include a minimum of:

- 48 hours of inpatient care (in addition to the day of delivery care) following a vaginal delivery, or
- 96 hours of inpatient care (in addition to the day of delivery) following a cesarean section.

A practitioner is not required to seek Wellmark’s review in order to prescribe a length of stay of less than 48 or 96 hours. The attending practitioner, in consultation with the mother, may discharge the mother or newborn prior to 48 or 96 hours, as applicable.

If the inpatient hospital stay is shorter, coverage includes a follow-up postpartum home visit by a registered nurse (R.N.). This nurse must be from a home health agency under contract with Wellmark or employed by the delivering physician.

If you have a newborn child, but you do not add that child to your coverage, your newborn child may be added to your coverage solely for the purpose of administering benefits for the newborn during the first 48 hours following a vaginal delivery or 96 hours following a cesarean delivery. If that occurs, a separate deductible and coinsurance will be applied to your newborn child unless your coverage specifically waives the deductible or coinsurance for your newborn child.

See Also:

Coverage Change Events, page 69.

Medical and Surgical Supplies and Personal Convenience Items

Covered: Medical supplies and devices such as:

- Dressings and casts.
- Oxygen and equipment needed to administer the oxygen.

- Diabetic equipment and supplies including insulin syringes purchased from a covered home/durable medical equipment provider.

Not Covered: Unless otherwise required by law, supplies, equipment, or drugs available for general retail purchase or items used for your personal convenience including, but not limited to:

- Band-aids, gauze, bandages, tape, non-sterile gloves, thermometers, heating pads, cooling devices, cold packs, heating devices, hot water bottles, home enema equipment, sterile water, bed boards, alcohol wipes, or incontinence products;
- Elastic stockings or bandages including trusses, lumbar braces, garter belts, and similar items that can be purchased without a prescription;
- Escalators, elevators, ramps, stair glides, emergency/alert equipment, handrails, heat appliances, improvements made to a member's house or place of business, or adjustments made to vehicles;
- Household supplies including, but not limited to: deluxe/luxury equipment or non-essential features, such as motor-driven chairs or bed, electric stair chairs or elevator chairs, or sitz bath;
- Items not primarily and customarily manufactured to serve a medical purpose or which can be used in the absence of illness or injury including, but not limited to, air conditioners, hot tubs, or swimming pools;
- Items that do not serve a medical purpose or are not needed to serve a medical purpose;
- Rental or purchase of equipment if you are in a facility which provides such equipment;
- Rental or purchase of exercise cycles, physical fitness, exercise and massage equipment, ultraviolet/tanning equipment, or traction devices; and
- Water purifiers, hypo-allergenic pillows, mattresses or waterbeds, whirlpool, spa,

air purifiers, humidifiers, or dehumidifiers.

See Also:

Home/Durable Medical Equipment earlier in this section.

Orthotics later in this section.

Prescription Drugs, page 34.

Prosthetic Devices later in this section.

Mental Health Services

Covered: Treatment for certain psychiatric, psychological, or emotional conditions as an inpatient or outpatient. Covered facilities for mental health services include licensed and accredited residential treatment facilities and community mental health centers.

To qualify for mental health treatment benefits, the following requirements must be met:

- The disorder is classified as a mental health condition in the *Diagnostic and Statistical Manual of Mental Disorders, Fifth Edition (DSM-V)* or subsequent revisions.
- The disorder is listed only as a mental health condition and not dually listed elsewhere in the most current version of *International Classification of Diseases, Clinical Modification* used for diagnosis coding.

Licensed Psychiatric or Mental Health Treatment Program Services. Benefits are available for mental health treatment in the following settings:

- Treatment provided in an office visit, or outpatient setting;
- Treatment provided in an intensive outpatient setting;
- Treatment provided in an outpatient partial hospitalization setting;
- Individual, group, or family therapy provided in a clinically managed low intensity residential treatment setting, also known as supervised living;

- Treatment, including room and board, provided in a clinically managed medium or high intensity residential treatment setting;
- Psychiatric observation;
- Care provided in a psychiatric residential crisis program;
- Care provided in a medically monitored intensive inpatient setting; and
- For inpatient, medically managed acute care for patients whose condition requires the resources of an acute care general hospital or a medically managed inpatient treatment program.

Not Covered: Treatment for:

- Certain disorders related to early childhood, such as academic underachievement disorder.
- Communication disorders, such as stuttering and stammering.
- Impulse control disorders.
- Conditions that are not pervasive developmental and learning disorders.
- Sensitivity, shyness, and social withdrawal disorders.
- Sexual disorders.
- Room and board provided while participating in a clinically managed low intensity residential treatment setting, also known as supervised living.
- Recreational activities or therapy, social activities, meals, excursions or other activities not considered clinical treatment, while participating in residential psychiatric treatment programs.

See Also:

Chemical Dependency Treatment and Hospitals and Facilities earlier in this section.

Morbid Obesity Treatment

Covered: Bariatric surgery received at Blue Distinction® Centers provided the surgery is medically necessary for your condition. Not all procedures classified as bariatric surgery are covered.

Please note: Bariatric surgery is only covered if the facility at which you receive the service is a qualifying Wellmark Blue HMO Blue Distinction Center at the time of service. Contact the Customer Service number on your ID card to verify that the facility is a qualifying Wellmark Blue HMO Blue Distinction Center.

Not Covered:

- Weight reduction programs or supplies (including dietary supplements, foods, equipment, lab testing, examinations, and prescription drugs), whether or not weight reduction is medically appropriate.
- Bariatric surgery received at a facility that is not a Blue Distinction Center facility.

Motor Vehicles

Not Covered: Purchase or rental of motor vehicles such as cars or vans. You are also not covered for equipment or costs associated with converting a motor vehicle to accommodate a disability.

Musculoskeletal Treatment

Covered: Outpatient nonsurgical treatment of ailments related to the musculoskeletal system, such as manipulations or related procedures to treat musculoskeletal injury or disease. You may receive chiropractic services from any Wellmark Blue HMO chiropractor for the first 12 visits in a benefit year and qualify for benefits. After your 12th visit, you must obtain approval of a treatment plan from a Wellmark Blue HMO Provider or Wellmark Blue HMO chiropractor to continue qualifying for benefits. If you do not obtain this approval of a treatment plan, continued treatment will not be covered.

Not Covered: Massage therapy.

Nonmedical or Administrative Services

Not Covered: Such services as telephone consultations, charges for failure to keep

scheduled appointments, charges for completion of any form, charges for medical information, recreational therapy and other sensory-type activities, administrative services (such as interpretive services, pre-care assessments, health risk assessments, case management, care coordination, or development of treatment plans) when billed separately, and any services or supplies that are nonmedical.

Nutritional and Dietary Supplements

Covered:

- Nutritional and dietary supplements prescribed by a physician for permanent inborn errors of metabolism, such as PKU.
- Enteral and nutritional therapy only when prescribed feeding is administered through a feeding tube, except for permanent inborn errors of metabolism.

Not Covered: Other prescription and non-prescription nutritional and dietary supplements including, but not limited to:

- Herbal products.
- Fish oil products.
- Medical foods, except as described under *Covered*.
- Minerals.
- Supplementary vitamin preparations.
- Multivitamins.

Occupational Therapy

Covered: Occupational therapy services are covered when all the following requirements are met:

- Services are to treat the upper extremities, which means the arms from the shoulders to the fingers.
- The goal of the occupational therapy is improvement of an impairment or functional limitation.
- The potential for rehabilitation is significant in relation to the extent and duration of services.

- The expectation for improvement is in a reasonable (and generally predictable) period of time.
- There is evidence of improvement by successive objective measurements whenever possible.

Not Covered:

- Occupational therapy supplies.
- Occupational therapy provided as an inpatient in the absence of a separate medical condition that requires hospitalization.
- Occupational therapy performed for maintenance.
- Occupational therapy services that do not meet the requirements specified under *Covered*.

Orthotics

Covered: Orthotics training.

Not Covered: Orthotic foot devices such as arch supports or in-shoe supports, orthopedic shoes, elastic supports, or examinations to prescribe or fit such devices.

See Also:

Home/Durable Medical Equipment earlier in this section.

Prosthetic Devices later in this section.

Physical Therapy

Covered: Physical therapy services are covered when all the following requirements are met:

- The goal of the physical therapy is improvement of an impairment or functional limitation.
- The potential for rehabilitation is significant in relation to the extent and duration of services.
- The expectation for improvement is in a reasonable (and generally predictable) period of time.
- There is evidence of improvement by successive objective measurements whenever possible.

Not Covered:

- Physical therapy provided as an inpatient in the absence of a separate medical condition that requires hospitalization.
- Physical therapy performed for maintenance.
- Physical therapy services that do not meet the requirements specified under *Covered*.

Physicians and Practitioners

Covered: Most services provided by practitioners that are recognized by us and meet standards of licensing, accreditation or certification. Following are some recognized physicians and practitioners:

Advanced Registered Nurse Practitioners (ARNP). An ARNP is a registered nurse with advanced training in a specialty area who is registered with the Iowa Board of Nursing to practice in an advanced role with a specialty designation of certified clinical nurse specialist, certified nurse midwife, certified nurse practitioner, or certified registered nurse anesthetist.

Audiologists.

Chiropractors.

Doctors of Osteopathy (D.O.).

Licensed Independent Social Workers.

Medical Doctors (M.D.).

Occupational Therapists. This provider is covered only when treating the upper extremities, which means the arms from the shoulders to the fingers.

Optometrists.

Oral Surgeons.

Physical Therapists.

Physician Assistants.

Podiatrists.

Psychologists. Psychologists must have a doctorate degree in psychology with two years' clinical experience and meet the standards of a national register.

Speech Pathologists.

See Also:

Choosing a Provider, page 43.

Prescription Drugs

Covered: Most prescription drugs and medicines that bear the legend, "Caution, Federal Law prohibits dispensing without a prescription," are generally covered under your Blue Rx Essentials prescription drug benefits, not under your medical benefits. However, there are exceptions when prescription drugs and medicines are covered under your medical benefits.

Drugs classified by the FDA as Drug Efficacy Study Implementation (DESI) drugs may also be covered. For a list of these drugs, visit our website at *Wellmark.com* or check with your pharmacist or physician.

Prescription drugs and medicines covered under your medical benefits include:

Drugs and Biologicals. Drugs and biologicals approved by the U.S. Food and Drug Administration. This includes such supplies as serum, vaccine, antitoxin, or antigen used in the prevention or treatment of disease.

Intravenous Administration. Intravenous administration of nutrients, antibiotics, and other drugs and fluids when provided in the home (home infusion therapy).

Specialty Drugs. Specialty drugs are high-cost injectable, infused, oral, or inhaled drugs typically used for treating or managing chronic illnesses. These drugs often require special handling (e.g., refrigeration) and administration. They are not available through the mail order drug program.

Specialty drugs may be covered under your medical benefits or under your Blue Rx Essentials prescription drug benefits. If a specialty drug that is covered under your medical benefit is not provided by your physician, you must purchase specialty drugs through the specialty pharmacy program. To determine whether a particular specialty drug is covered under your medical benefits or under your Blue Rx Essentials prescription drug benefits, consult the Wellmark Blue Rx Essentials Drug List at *Wellmark.com*, or call the Customer Service number on your ID card. See *Specialty Pharmacy Program*, page 50.

You are not covered for specialty drugs purchased outside the specialty pharmacy program.

Take-Home Drugs. Take home drugs are drugs dispensed and billed by a hospital or other facility for a short-term supply.

Not Covered: Some prescription drugs, services, and items are not covered under either your medical benefits or your Blue Rx Essentials benefits. For example:

- Antigen therapy.
- Medication Therapy Management (MTM) when billed separately.
- Prescription drugs that are not FDA-approved.
- Drugs purchased outside the United States failing the requirements specified earlier in this section.
- Difference in cost between the generic drug and the brand name drug when you purchase a brand name drug that has an FDA-approved "A"-rated medically appropriate generic equivalent.

Some prescription drugs are covered under your Blue Rx Essentials benefits:

- Drugs listed on the Wellmark Blue Rx Essentials Drug List.

See the Wellmark Blue Rx *Essentials* Drug List at *Wellmark.com* or call the Customer Service number on your ID card and request a copy of the Drug List.

Preventive Care

Covered: Preventive care such as:

- Breastfeeding support, supplies, and one-on-one lactation consultant services, including counseling and education, provided during pregnancy and/or the duration of breastfeeding received from a provider acting within the scope of their licensure or certification under state law.
- Digital breast tomosynthesis (3D mammogram).
- Medical evaluations and counseling for nicotine dependence per U.S. Preventive Services Task Force (USPSTF) guidelines.
- Preventive items and services including, but not limited to:
 - Items or services with an “A” or “B” rating in the current recommendations of the United States Preventive Services Task Force (USPSTF);
 - Immunizations as recommended by the Advisory Committee on Immunization Practices of the Centers for Disease Control and Prevention (ACIP);
 - Physical examinations;
 - Gynecological examinations;
 - Preventive care and screenings for infants, children and adolescents

provided for in the guidelines supported by the Health Resources and Services Administration (HRSA); and

- Preventive care and screenings for women provided for in guidelines supported by the HRSA.
- Preventive screening for prostate cancer, including the related office examination, and prostate-specific antigen test.
- Well-child care including age-appropriate pediatric preventive services, as defined by current recommendations for Preventive Pediatric Health Care of the American Academy of Pediatrics. Pediatric preventive services shall include, at minimum, a history and complete physical examination as well as developmental assessment, anticipatory guidance, immunizations, and laboratory services including, but not limited to, screening for lead exposure as well as blood levels.

To qualify for benefits, preventive care must be received from providers listed in your provider directory.

Benefits Maximum:

- Well-child care until the child reaches age seven.
- **One** routine physical examination per benefit year.
- **One** routine mammogram per benefit year.
- **One** routine gynecological examination per benefit year.

Please note: Physical examination limits do not include items or services with an “A” or “B” rating in the current recommendations of the USPSTF, immunizations as recommended by ACIP, and preventive care and screening guidelines supported by the HRSA, as described under *Covered*.

Not Covered:

- Periodic physicals or health examinations, screening procedures, or

immunizations performed solely for school, sports, employment, insurance, licensing, travel, or other administrative purposes.

- Group lactation consultant services.
- All treatment related to nicotine dependence, except as described under *Covered*. For prescription drugs and devices used to treat nicotine dependence, including over-the-counter drugs prescribed by a physician, please see your Blue Rx Essentials prescription drug benefits.

Hearing Services earlier in this section.

Vision Services later in this section.

Prosthetic Devices

Covered: Devices used as artificial substitutes to replace a missing natural part of the body or to improve, aid, or increase the performance of a natural function.

Also covered are braces, which are rigid or semi-rigid devices commonly used to support a weak or deformed body part or to restrict or eliminate motion in a diseased or injured part of the body. Braces do not include elastic stockings, elastic bandages, garter belts, arch supports, orthodontic devices, or other similar items.

Not Covered:

- Devices such as air conduction hearing aids or examinations for their prescription or fitting.
- Elastic stockings or bandages including trusses, lumbar braces, garter belts, and similar items that can be purchased without a prescription.

Home/Durable Medical Equipment earlier in this section.

Medical and Surgical Supplies and Personal Convenience Items earlier in this section.

Orthotics earlier in this section.

Referrals, page 43.

Pediatric Vision Services – For members under age 19 later in this section.

Reconstructive Surgery

Covered: Reconstructive surgery primarily intended to restore function lost or impaired as the result of an illness, injury, or a birth defect (even if there is an incidental improvement in physical appearance) including breast reconstructive surgery following mastectomy. Breast reconstructive surgery includes the following:

- Reconstruction of the breast on which the mastectomy has been performed.
- Surgery and reconstruction of the other breast to produce a symmetrical appearance.
- Prostheses.
- Treatment of physical complications of the mastectomy, including lymphedemas.

See Also:

Cosmetic Services earlier in this section.

Self-Help Programs

Not Covered: Self-help and self-cure products or drugs.

Sleep Apnea Treatment

Covered: Obstructive sleep apnea diagnosis and treatments.

Not Covered: Treatment for snoring without a diagnosis of obstructive sleep apnea.

Social Adjustment

Not Covered: Services or supplies intended to address social adjustment or economic needs that are typically not medical in nature.

Speech Therapy

Covered: Rehabilitative speech therapy services when related to a specific illness, injury, or impairment, including speech therapy services for the treatment of autism spectrum disorder, that involve the mechanics of phonation, articulation, or swallowing. Services must be provided by a licensed or certified speech pathologist.

Not Covered:

- Speech therapy services not provided by a licensed or certified speech pathologist.
- Speech therapy to treat certain developmental, learning, or communication disorders, such as stuttering and stammering.

Surgery

Covered. This includes the following:

- Major endoscopic procedures.
- Operative and cutting procedures.
- Preoperative and postoperative care.

See Also:

Dental Services earlier in this section.

Reconstructive Surgery earlier in this section.

Telehealth Services

Covered: You are covered for telehealth services delivered to you by a covered practitioner acting within the scope of his or her license or certification or by a practitioner contracting through Doctor on Demand™, via real-time, interactive audio-visual technology or web-based mobile device or similar electronic-based communication network. Services must be delivered in accordance with applicable law and generally accepted health care practices.

Please note: Members can access telehealth services from Doctor on Demand through the Doctor on Demand mobile application.

Not Covered: Medical services provided through means other than interactive, real-time audio-visual technology, including, but not limited to, audio-only telephone, electronic mail message, or facsimile transmission.

Temporomandibular Joint Disorder (TMD)

Covered.

Not Covered: Dental extractions, dental restorations, or orthodontic treatment for temporomandibular joint disorders.

Transplants

Covered:

- Certain bone marrow/stem cell transfers from a living donor.
- Heart.
- Heart and lung.
- Kidney.
- Liver.
- Lung.
- Pancreas.
- Simultaneous pancreas/kidney.
- Small bowel.

You are also covered for the medically necessary expenses of transporting the recipient when the transplant organ for the recipient is available for transplant.

Transplants are subject to case management.

Charges related to the donation of an organ are usually covered by the recipient's medical benefits plan. However, if donor charges are excluded by the recipient's plan, and you are a donor, the charges will be covered by your medical benefits.

Please note: To qualify for benefits, the transplant services specified under *Covered* must be from a facility recognized as a Wellmark Blue HMO Blue Distinction® Center for Transplants at the time of service. This requirement does not apply to kidney or small bowel transplants.

Not Covered:

- Expenses of transporting the recipient when the transplant organ for the recipient is not available for transplant.
- Expenses of transporting a living donor.
- Expenses related to the purchase of any organ.
- Services or supplies related to mechanical or non-human organs associated with transplants.
- Transplant services and supplies not listed in this section including complications.

See Also:

Ambulance Services earlier in this section.

Case Management, page 55.

Referrals, page 43.

Travel or Lodging Costs

Not Covered.

Vision Services

Covered:

- Vision examinations, but only when related to an illness or injury.
- Eyeglasses, but only when prescribed as the result of cataract extraction.
- Contact lenses and associated lens fitting, but only when prescribed as the result of cataract extraction or when the underlying diagnosis is a corneal injury or corneal disease.

Not Covered:

- Surgery and services to diagnose or correct a refractive error, including intraocular lenses and laser vision correction surgery (e.g., LASIK surgery).
- Eyeglasses, contact lenses, or the examination for prescribing or fitting of eyeglasses or contact lenses, except when prescribed as the result of cataract extraction or when the underlying diagnosis is a corneal injury or disease, for members age 19 and older.
- Routine vision examinations for members age 19 and older.

See Also:

Pediatric Vision – for covered members under age 19, page 37.

Wigs or Hairpieces

Not Covered.

X-ray and Laboratory Services

Covered: Tests, screenings, imagings, and evaluation procedures as identified in the American Medical Association's Current Procedural Terminology (CPT) manual, Standard Edition, under *Radiology Guidelines* and *Pathology and Laboratory Guidelines*.

See Also:

Preventive Care earlier in this section.

Prescription Drugs

Guidelines for Drug Coverage

To be covered, a prescription drug must meet all of the following criteria:

- Listed on the Wellmark Blue Rx Essentials Drug List.
- Can be legally obtained in the United States only with a written prescription.
- Deemed both safe and effective by the U.S. Food and Drug Administration (FDA) and approved for use by the FDA after 1962.

- Prescribed by a practitioner prescribing within the scope of his or her license.
- Dispensed by a recognized licensed participating retail pharmacy employing licensed registered pharmacists, through the specialty pharmacy program, through the mail order drug program, or dispensed and billed by a hospital or other facility as a take-home drug for a short-term supply.
- Medically necessary for your condition. See *Medically Necessary*, page 39.

- Not available in an equivalent over-the-counter strength. However, certain over-the-counter products and over-the-counter nicotine dependency drugs prescribed by a physician may be covered. To determine if a particular over-the-counter product is covered, call the Customer Service number on your ID card.
- Reviewed, evaluated, and recommended for addition to the Wellmark Blue Rx Essentials Drug List by Wellmark.

Drugs that are Covered

The Wellmark Blue Rx Essentials Drug List

The Wellmark Blue Rx Essentials Drug List is a reference list that includes generic and brand-name prescription drugs that have been approved by the U.S. Food and Drug Administration (FDA) and are covered under your Blue Rx Essentials prescription drug benefits. The Drug List is updated on a quarterly basis, or when new drugs become available, and as discontinued drugs are removed from the marketplace.

To determine if a drug is covered, you must consult the Wellmark Blue Rx Essentials Drug List. You are covered for drugs listed on the Wellmark Blue Rx Essentials Drug List. **If a drug is not on the Wellmark Blue Rx Essentials Drug List, it is not covered.**

If you need help determining if a particular drug is on the Drug List, ask your physician or pharmacist, visit our website, *Wellmark.com*, or call the Customer Service number on your ID card and request a copy of the Drug List.

Drugs will not be added to or removed from the Drug List until they have been evaluated by Wellmark's Pharmacy & Therapeutics (P&T) Committee. The P&T Committee is a group of practicing healthcare providers such as physicians and pharmacists who regularly meet to review the safety and effectiveness of new and existing medications and make any necessary changes to the Drug List.

The Drug List is subject to change.

Preventive Items and Services

Preventive items and services received at a participating licensed retail pharmacy, including certain items or services recommended with an "A" or "B" rating by the United States Preventive Services Task Force, immunizations recommended by the Advisory Committee on Immunization Practices of the Centers for Disease Control and Prevention, and preventive care and screenings provided for in guidelines supported by the Health Resources and Services Administration are covered. To determine if a particular preventive item or service is covered, consult the Wellmark Blue Rx Essentials Drug List or call the Customer Service number on your ID card.

Specialty Drugs

Specialty drugs are high-cost injectable, oral, or inhaled drugs typically used for treating or managing chronic illnesses. These drugs often require special handling (e.g., refrigeration) and administration. You must purchase specialty drugs through the specialty pharmacy program. They are not available through the mail order drug program.

Specialty drugs may be covered under your Blue Rx Essentials prescription drug benefits or under your medical benefits. To determine whether a particular specialty drug is covered under your Blue Rx Essentials prescription drug benefits or under your medical benefits, consult the Wellmark Blue Rx Essentials Drug List at *Wellmark.com*, check with your pharmacist or physician, or call the Customer Service number on your ID card. See *Specialty Pharmacy Program*, page 50.

Nicotine Dependency Drugs

Prescription drugs and devices used to treat nicotine dependence, including over-the-counter drugs prescribed by a physician are covered.

Benefits Maximum: 180-days' supply of covered over-the-counter drugs for smoking cessation per calendar year.

Where to Purchase Prescription Drugs

Participating Pharmacies. You must purchase prescription drugs from participating pharmacies.

If you purchase drugs from nonparticipating pharmacies, you are responsible for the entire cost of the drug. To determine if a pharmacy is participating, ask the pharmacist, consult the directory of participating pharmacies on our website at *Wellmark.com*, or call the Customer Service number on your ID card. Our directory also is available upon request by calling the Customer Service number on your ID card.

Specialty Drugs. You must purchase specialty drugs through the specialty pharmacy program. The specialty pharmacy program is limited to CVS Specialty®. If you purchase specialty drugs outside the specialty pharmacy program, you are responsible for the entire cost of the drug. See *Specialty Pharmacy Program*, page 50.

Limits on Prescription Drug Coverage

We may exclude, discontinue, or limit coverage for any drug by removing it from the Drug List or by moving a drug to a different tier on the Drug List for any of the following reasons:

- New drugs are developed.
- Generic drugs become available.
- Over-the-counter drugs with similar properties become available or a drug's active ingredient is available in a similar strength in an over-the-counter product or as a nutritional or dietary supplement product available over the counter.
- There is a sound medical reason.
- Scientific evidence does not show that a drug works as well and is as safe as other

drugs used to treat the same or similar conditions.

- A drug receives FDA approval for a new use.

Drugs, Services, and Items that are Not Covered

Drugs, services, and items that are not covered under your prescription drug benefits include, but are not limited to:

- Drugs not listed on the Wellmark Blue Rx Essentials Drug List.
- Drugs purchased from nonparticipating pharmacies.
- Specialty drugs purchased outside the specialty pharmacy program.
- Drugs in excess of a quantity limitation. See *Quantity Limitations* later in this section.
- Antigen therapy.
- Drugs that are not FDA-approved.
- Investigational or experimental drugs.
- Compounded drugs that do not contain an active ingredient in a form that has been approved by the FDA and that require a prescription to obtain.
- Compounded drugs that contain bulk powders or that are commercially available as a similar prescription drug.
- Drugs determined to be abused or otherwise misused by you.
- Drugs that are lost, damaged, stolen, or used inappropriately.
- Infused drugs. These may be covered under your medical benefits. See *Specialty Drugs*, page 30.
- Medication Therapy Management (MTM) when billed separately.
- Contraceptive medical devices, such as intrauterine devices and diaphragms. These are covered under your medical benefits. See *Contraceptives*, page 20.
- Convenience packaging. If the cost of the convenience packaged drug exceeds what the drug would cost if purchased in its normal container, the convenience packaged drug is not covered.

- Cosmetic drugs.
- Irrigation solutions and supplies.
- Therapeutic devices or medical appliances.
- Infertility drugs.
- Weight reduction drugs.
- Difference in cost between the generic drug and the brand name drug when you purchase a brand name drug that has an FDA-approved “A”-rated medically appropriate generic equivalent.

See Also:

Prescription Drugs, page 30.

Prescription Purchases Outside the United States

To qualify for benefits for prescription drugs purchased outside the United States, all of the following requirements must be met:

- You are injured or become ill while in a foreign country.
- The prescription drug's active ingredient and dosage form are FDA-approved or an FDA equivalent and has the same name and dosage form as the FDA-approved drug's active ingredient.
- The prescription drug would require a written prescription by a licensed practitioner if prescribed in the U.S.
- You provide acceptable documentation that you received a covered service from a practitioner or hospital and the practitioner or hospital prescribed the prescription drug.

Quantity Limitations

Most prescription drugs are limited to a maximum quantity you may receive in a single prescription.

Federal regulations limit the quantity that may be dispensed for certain medications. If your prescription is so regulated, it may not

be available in the amount prescribed by your physician.

In addition, coverage for certain drugs is limited to specific quantities per month, benefit year, or lifetime. Amounts in excess of quantity limitations are not covered.

For a list of drugs with quantity limits, check with your pharmacist or physician, consult the Wellmark Blue Rx Essentials Drug List at *Wellmark.com*, or call the Customer Service number on your ID card.

Refills

To qualify for refill benefits, all of the following requirements must be met:

- Sufficient time has elapsed since the last prescription was written. Sufficient time means that at least 75 percent of the medication has been taken according to the instructions given by the practitioner.
- The refill is not to replace medications that have been lost, damaged, stolen, or used inappropriately.
- The refill is for use by the person for whom the prescription is written (and not someone else).
- The refill does not exceed the amount authorized by your practitioner.
- The refill is not limited by state law.

You are allowed one early refill per medication per calendar year if you will be away from home for an extended period of time.

If traveling within the United States, the refill amount will be subject to any applicable quantity limits under this coverage. If traveling outside the United States, the refill amount will not exceed a 90-day supply.

To receive authorization for an early refill, ask your pharmacist to call us.

Pediatric Vision – for covered members under age 19*

Please note: The following pediatric vision payment and coverage information is for covered members under age 19.

Covered: The following vision services, when received from Avesis participating providers:

- **One** routine vision examination per benefit year.
- Frames:†
 - Up to **\$130** for **one** frame per benefit year, and
 - 20% of covered charges in excess of \$130.
- Spectacle lenses: † **Two** spectacle lenses per benefit year, including:
 - single vision lenses
 - bifocal lenses
 - trifocal lenses
 - lenticular lenses
 - polycarbonate lenses
- Spectacle lens options including scratch-resistant coating, tinting, and ultraviolet protective coating.
- Spectacle lens options other than scratch-resistant coating, tinting, and ultraviolet protective coating: 20% of covered charges.
- Progressive lenses: 20% of covered charges.
- Transition/photochromatic lenses: 20% of covered charges.
- Non-medically necessary contact lenses:†
 - Up to **\$130** per benefit year, and
 - 15% of covered charges in excess of \$130.
- Medically necessary contact lenses.

†Benefits include one pair of spectacle lenses and frames or contact lenses, not both.

Not Covered:

- Routine vision examinations and vision services for members age 19 and older.
- Routine vision examinations and vision services received from providers that do not participate with the Avesis vision services plan.
- Replacement of lost, stolen, or damaged lenses, contact lenses, or frames.
- Aniseikonic studies and prescriptions, reading problem studies.
- Surgery to correct a refractive error (i.e., when the shape of your eye does not bend light correctly resulting in blurred images).

*Wellmark’s pediatric vision coverage is administered by Avesis, an independent company providing network and claims administration on behalf of Wellmark for the pediatric vision benefits.

4. General Conditions of Coverage, Exclusions, and Limitations

The provisions in this section describe general conditions of coverage and important exclusions and limitations that apply generally to all types of services or supplies.

Conditions of Coverage

Medically Necessary

A key general condition in order for you to receive benefits is that the service, supply, device, or drug must be medically necessary. Even a service, supply, device, or drug listed as otherwise covered in *Details - Covered and Not Covered* may be excluded if it is not medically necessary in the circumstances. Unless otherwise required by law, Wellmark determines whether a service, supply, device, or drug is medically necessary, and that decision is final and conclusive, subject to the appeal procedures outlined later in this coverage manual. Wellmark's medically necessary analysis and determinations apply to any service, supply, device, or drug including, but not limited to, medical, mental health, and chemical dependency treatment, as appropriate. Even though a provider may recommend a service or supply, it may not be medically necessary.

A medically necessary health care service is one that a provider, exercising prudent clinical judgment, provides to a patient for the purpose of preventing, evaluating, diagnosing or treating an illness, injury, disease or its symptoms, and is:

- Provided in accordance with generally accepted standards of medical practice. Generally accepted standards of medical practice are based on:
 - Nationally recognized utilization management standards as utilized by Wellmark; or
 - Credible scientific evidence published in peer-reviewed medical literature generally recognized by the relevant medical community; and
 - Physician Specialty Society recommendations and the views of physicians practicing in the relevant clinical area.
 - Clinically appropriate in terms of type, frequency, extent, site and duration, and considered effective for the patient's illness, injury or disease.
 - Not provided primarily for the convenience of the patient, physician, or other health care provider, and not more costly than an alternative service or sequence of services at least as likely to produce equivalent therapeutic or diagnostic results as to the diagnosis or treatment of the illness, injury or disease.
- An alternative service, supply, device, or drug may meet the criteria of medical necessity for a specific condition. If alternatives are substantially equal in clinical effectiveness and use similar therapeutic agents or regimens, we reserve the right to approve the least costly alternative.
- If you receive services that are not medically necessary, you are responsible for the cost if:
- You receive the services from an Out-of-Network Provider; or
 - You receive the services from a Wellmark Blue HMO Provider or from a Participating Provider and:
 - The provider informs you in writing before rendering the services that Wellmark determined the services to be not medically necessary; and
 - The provider gives you a written estimate of the cost for such services and you agree in writing, before

receiving the services, to assume the payment responsibility.

If you do not receive such a written notice, and do not agree in writing to assume the payment responsibility for services that Wellmark determined are not medically necessary, the Wellmark Blue HMO or Participating provider is responsible for these amounts.

- You are also responsible for the cost if you receive services from an Out-of-Network Provider that Wellmark determines to be not medically necessary. This is true even if the provider does not give you any written notice before the services are rendered.

Member Eligibility

Another general condition of coverage is that the person who receives services must meet requirements for member eligibility. See *Coverage Eligibility and Effective Date*, page 65.

General Exclusions

Even if a service, supply, device, or drug is listed as otherwise covered in *Details - Covered and Not Covered*, it is not eligible for benefits if any of the following general exclusions apply.

Investigational or Experimental

You are not covered for a service, supply, device, biological product, or drug that is investigational or experimental. You are also not covered for any care or treatments related to the use of a service, supply, device, biological product, or drug that is investigational or experimental. A treatment is considered investigational or experimental when it has progressed to limited human application but has not achieved recognition as being proven effective in clinical medicine. Our analysis of whether a service, supply, device, biological product, or drug is considered investigational or experimental is applied to medical, surgical, mental health, and chemical dependency treatment services, as applicable.

To determine investigational or experimental status, we may refer to the technical criteria established by the Blue Cross Blue Shield Association, including whether a service, supply, device, biological product, or drug meets these criteria:

- It has final approval from the appropriate governmental regulatory bodies.
- The scientific evidence must permit conclusions concerning its effect on health outcomes.
- It improves the net health outcome.
- It is as beneficial as any established alternatives.
- The health improvement is attainable outside the investigational setting.

These criteria are considered by the Blue Cross Blue Shield Association's Medical Advisory Panel for consideration by all Blue Cross and Blue Shield member organizations. While we may rely on these criteria, the final decision remains at the discretion of our Medical Director, whose decision may include reference to, but is not controlled by, policies or decisions of other Blue Cross and Blue Shield member organizations. You may access our medical policies, with supporting information and selected medical references for a specific service, supply, device, biological product, or drug through our website, *Wellmark.com*.

If you receive services that are investigational or experimental, you are responsible for the cost if:

- You receive the services from an Out-of-Network Provider; or
- You receive the services from a Wellmark Blue HMO Provider or from a Participating Provider and:
 - The provider informs you in writing before rendering the services that Wellmark determined the services to be investigational or experimental; and
 - The provider gives you a written estimate of the cost for such services

and you agree in writing, before receiving the services, to assume the payment responsibility.

If you do not receive such a written notice, and do not agree in writing to assume the payment responsibility for services that Wellmark determined to be investigational or experimental, the Wellmark Blue HMO or Participating provider is responsible for these amounts.

- You are also responsible for the cost if you receive services from an Out-of-Network Provider that Wellmark determines to be investigational or experimental. This is true even if the provider does not give you any written notice before the services are rendered.

See Also:

Clinical Trials, page 19.

Complications of a Noncovered Service

You are not covered for a complication resulting from a noncovered service, supply, device, or drug. However, this exclusion does not apply to the treatment of complications resulting from:

- Smallpox vaccinations when payment for such treatment is not available through workers' compensation or government-sponsored programs; or
- A noncovered abortion.

Nonmedical or Administrative Services

You are not covered for telephone consultations, charges for failure to keep scheduled appointments, charges for completion of any form, charges for medical information, recreational therapy and other sensory-type activities, administrative services (such as interpretive services, pre-care assessments, health risk assessments, case management, care coordination, or development of treatment plans) when billed separately, and any services or supplies that are nonmedical.

Provider Is Family Member

You are not covered for a service or supply received from a provider who is in your immediate family (which includes yourself, parent, child, or spouse or domestic partner).

Covered by Other Programs or Laws

You are not covered for a service, supply, device, or drug if:

- Someone else has the legal obligation to pay for services, has an agreement with you to not submit claims for services or, without this group health plan, you would not be charged.
- You require services or supplies for an illness or injury sustained while on active military status.

Workers' Compensation

You are not covered for services or supplies for which we learn or are notified by you, your provider, or our third party contractor that such services or supplies are related to a work related illness or injury, including services or supplies applied toward satisfaction of any deductible under your employer's workers' compensation coverage. We will comply with our statutory obligation regarding payment on claims on which workers' compensation liability is unresolved. You are also not covered for any services or supplies that could have been compensated under workers' compensation laws if:

- you did not comply with the legal requirements relating to notice of injury, timely filing of claims, and medical treatment authorization; or
- you rejected workers' compensation coverage.

The exclusion for services or supplies related to work related illness or injury does not exclude coverage for such illness or injury if you are exempt from coverage under Iowa's workers compensation statutes pursuant to Iowa Code Section 85.1 (1)-(4), unless you or your employer has elected or assumed workers' compensation

coverage as provided in Iowa Code Section 85.1(6).

For treatment of complications resulting from smallpox vaccinations, see *Complications of a Noncovered Service* earlier in this section.

Benefit Limitations

Benefit limitations refer to amounts for which you are responsible under this group health plan. These amounts are not credited toward your out-of-pocket maximum. In addition to the exclusions and conditions described earlier, the following are examples of benefit limitations under this group health plan:

- A service or supply that is not covered under this group health plan is your responsibility.
- If a covered service or supply reaches a benefits maximum, it is no longer eligible for benefits. (A maximum may renew at the next benefit year.) See *Details – Covered and Not Covered*, page 17.
- If you receive benefits that reach a lifetime benefits maximum applicable to any specific service, then you are no longer eligible for benefits for that service under this group health plan. See *Benefits Maximums*, page 8, and *At a Glance—Covered and Not Covered*, page 13.
- If you do not obtain precertification for certain medical services, benefits can be denied. You are responsible for benefit denials only if you are responsible (not your provider) for notification. A provider in the Wellmark Blue HMO network will handle notification requirements for you. If you see a provider outside the Wellmark Blue HMO network, you are responsible for notification requirements. See *Notification Requirements and Care Coordination*, page 51.
- If you do not obtain prior approval for certain medical services, benefits will be denied on the basis that you did not obtain prior approval. Upon receiving an Explanation of Benefits (EOB) indicating a denial of benefits for failure to request prior approval, you will have the opportunity to appeal (see the *Appeals* section) and provide us with medical information for our consideration in determining whether the services were medically necessary and a benefit under your medical benefits. Upon review, if we determine the service was medically necessary and a benefit under your medical benefits, benefits for that service will be provided according to the terms of your medical benefits.

You are responsible for these benefit denials only if you are responsible (not your provider) for notification. A provider in the Wellmark Blue HMO network will handle notification requirements for you. If you see a provider outside the Wellmark Blue HMO network, you are responsible for notification requirements. See *Notification Requirements and Care Coordination*, page 51.

- If you do not obtain prior authorization for certain prescription drugs, benefits can be denied. See *Notification Requirements and Care Coordination*, page 51.
- The type of provider you choose can affect your benefits and what you pay. See *Choosing a Provider*, page 43, and *Factors Affecting What You Pay*, page 57. An example of a charge that depends on the type of provider includes, but is not limited to:
 - Any difference between the provider's amount charged and our amount paid is your responsibility if you receive services from an Out-of-Network Provider.

5. Choosing a Provider

Medical

Provider Network

Under the medical benefits of this plan, your network of providers consists of Wellmark Blue HMO Providers. All other providers are not in your network.

It is usually to your advantage to visit a primary care provider for most covered services. If a primary care provider is unable to diagnose or treat your condition, he or she may refer you to another Wellmark Blue HMO Provider.

Providers who do not participate with the network utilized by these medical benefits are called Out-of-Network Providers.

Benefits for most covered services are available only when received from Wellmark Blue HMO Providers.

To determine if a provider participates with this medical benefits plan, ask your provider, refer to our online provider directory at *Wellmark.com*, or call the Customer Service number on your ID card. Our provider directory is also available upon request by calling the Customer Service number on your ID card.

Providers are independent contractors and are not agents or employees of Wellmark Health Plan of Iowa, Inc. For types of providers that may be covered under your medical benefits, see *Hospitals and Facilities*, page 24 and *Physicians and Practitioners*, page 29. **Please note:** Even if a specific provider type is not listed as a recognized provider type, Wellmark does not discriminate against a licensed health care provider acting within the scope of his or her state license or certification with respect to coverage under this plan.

Please note: Even though a facility may be a Wellmark Blue HMO network facility, particular providers within the facility may

not be Wellmark Blue HMO Providers. Examples include Out-of-Network physicians on the staff of a Wellmark Blue HMO network hospital, home medical equipment suppliers, and other independent providers. Therefore, when you are referred by a Wellmark Blue HMO Provider to another provider, or when you are admitted into a facility, always ask if the providers are Wellmark Blue HMO Providers.

Always carry your ID card and present it when you receive services. Information on it, especially the ID number, is required to process your claims correctly.

Pharmacies that contract with our pharmacy benefits manager are considered Participating Providers. Pharmacies that do not contract with our pharmacy benefits manager are considered Out-of-Network Providers. To determine if a pharmacy contracts with our pharmacy benefits manager, ask the pharmacist, consult the directory of participating pharmacies on our website at *Wellmark.com*, or call the Customer Service number on your ID card. See *Choosing a Pharmacy and Specialty Pharmacy Program* later in this section.

Vision Examinations

Covered members under age 19 may receive vision examinations from an Avesis participating optometrist or an Avesis participating ophthalmologist.

Referrals

If there are no providers in the Wellmark Blue HMO network who can treat your condition, you will be referred to a provider outside the network who has expertise in diagnosing and treating your condition. Wellmark must approve referrals outside of the Wellmark Blue HMO network before you receive services or the services will not

be covered. **Please note:** Even when your referral outside the Wellmark Blue HMO network is approved, you are still responsible for complying with notification requirements. See *Notification Requirements and Care Coordination*, page 51. **Please note:** Even when your referral outside the Wellmark Blue HMO network is approved, you may be responsible for the difference between the amount an Out-of-Network Provider bills and our payment amount.

Blue Distinction Centers

Blue Distinction Centers (BDC) met overall quality measures, developed with input from the medical community. A local Blue Plan may require additional criteria for providers located in its own service area; for details, contact your local Blue Plan. Blue Distinction Centers+ (BDC+) also met cost measures that address consumers' need for affordable healthcare. Each provider's cost of care is evaluated using data from its local Blue Plan. Providers in California, Idaho, New York, Pennsylvania, and Washington may lie in two local Blue Plans' areas, resulting in two evaluations for cost of care; and their own local Blue Plans decide whether one or both cost of care evaluation(s) must meet BDC+ national criteria. National criteria for BDC and BDC+ are displayed on www.bcbs.com. Individual outcomes may vary. For details on a provider's in-network status or your own coverage, contact your local Blue Plan and ask your provider before making an appointment. Neither Blue Cross and Blue Shield Association nor any Blue Plans are responsible for noncovered charges or other losses or damages resulting from Blue Distinction or other provider finder information or care received from Blue Distinction or other providers.

Services Outside the Wellmark Blue HMO Network

BlueCard Program

This program ensures that members of any Blue Plan have access to the advantages of Participating Providers throughout the United States. Participating Providers have a contractual arrangement with the Blue Cross or Blue Shield Plan in their home state ("Host Blue"). The Host Blue is responsible for contracting with and generally handling all interactions with its Participating Providers.

The BlueCard Program is one of the advantages of your coverage with Wellmark Health Plan of Iowa, Inc. It provides conveniences and benefits outside the Wellmark Blue HMO network area for emergency care or accidental injury similar to those you would have in the Wellmark Blue HMO network area when you obtain covered medical services from a Wellmark Blue HMO Provider. Always carry your ID card (or BlueCard) and present it to your provider when you receive care. Information on it, especially the ID number, is required to process your claims correctly.

In an emergency situation, seek care at the nearest hospital emergency room. Whenever possible, before receiving services outside the Wellmark Blue HMO network, you should always ask the provider if he or she participates with a Blue Cross and/or Blue Shield Plan in that state. To locate Participating Providers in any state, call **800-810-BLUE**, or visit www.bcbs.com.

When you receive covered services from Participating Providers outside the Wellmark Blue HMO network, all of the following statements are true:

- Claims are filed for you.
- These providers agree to accept payment arrangements or negotiated prices of the Blue Cross and/or Blue Shield Plan with which the provider contracts. These

payment arrangements may result in savings.

- The group health plan payment is sent directly to the providers.
- Wellmark requires claims to be filed within 180 days following the date of service. However, if the Participating Provider's contract with the Host Blue has a requirement that a claim be filed in a timeframe exceeding 180 days following the date of service, Wellmark will process the claim according to the Host Blue's contractual filing requirement. If you receive services from an Out-of-Network Provider, the claim has to be filed within 180 days following the date of service.

Typically, when you receive covered services from Participating Providers outside the Wellmark Blue HMO network, you are responsible for notification requirements. See *Notification Requirements and Care Coordination*, page 51. However, if you are admitted to a BlueCard facility outside the Wellmark Blue HMO network, any Participating Provider should handle notification requirements for you.

Wellmark Health Plan of Iowa, Inc., is an affiliate of Wellmark, Inc., doing business as Wellmark Blue Cross and Blue Shield of Iowa, independent licensees of the Blue Cross Blue Shield Association. We have a variety of relationships with other Blue Cross and/or Blue Shield Plans and their Licensed Controlled Affiliates ("Licensees"). Generally, these relationships are called "Inter-Plan Arrangements." These Inter-Plan Arrangements work based on rules and procedures issued by the Blue Cross Blue Shield Association ("Association"). Whenever you obtain healthcare services outside the Wellmark Blue HMO network, the claims for these services may be processed through one of these Inter-Plan Arrangements.

When you receive care outside of our service area, you will receive it from one of two kinds of providers. Most providers ("Participating Providers") contract with the

local Blue Cross and/or Blue Shield Plan in that geographic area ("Host Blue"). Some providers ("Out-of-Network Providers") don't contract with the Host Blue. In the following paragraphs we explain how we pay both kinds of providers.

We cover only limited healthcare services received outside of our service area. As used in this section, "out-of-area covered services" include accidental injuries, emergencies, continuity of care, out-of-network referrals, and Guest Membership obtained outside the geographic area we serve. Any other services will not be covered when processed through any Inter-Plan Arrangements, unless authorized by us.

Inter-Plan Arrangements Eligibility – Claim Types

All claim types are eligible to be processed through Inter-Plan Arrangements, as described previously, except for all dental care benefits (except when paid as medical benefits), and those prescription drug benefits or vision care benefits that may be administered by a third party contracted by us to provide the specific service or services.

BlueCard® Program

Under the BlueCard® Program, when you receive out-of-area covered services within the geographic area served by a Host Blue, we will remain responsible for doing what we agreed to in the contract. However, the Host Blue is responsible for contracting with and generally handling all interactions with its Participating Providers.

The BlueCard Program enables you to obtain covered out-of-area services, as defined previously in this section, from a healthcare provider participating with a Host Blue, where available. The Participating Provider will automatically file a claim for the covered out-of-area services provided to you, so there are no claim forms for you to fill out. You will be responsible for your payment obligations. See *Referrals* earlier in this section. In addition notification requirements may apply, See

Notification Requirements and Care Coordination, page 51.

Emergency Care Services: If you experience a medical emergency while traveling outside the Wellmark Blue HMO network, go to the nearest emergency or urgent care facility.

When you receive covered out-of-area services outside our service area and the claim is processed through the BlueCard Program, the amount you pay for the covered out-of-area services, if not a flat dollar copayment, is calculated based on the lower of:

- The billed charges for your out-of-area covered services; or
- The negotiated price that the Host Blue makes available to us.

Often, this “negotiated price” will be a simple discount that reflects an actual price that the Host Blue pays to your healthcare provider. Sometimes, it is an estimated price that takes into account special arrangements with your healthcare provider or provider group that may include types of settlements, incentive payments and/or other credits or charges. Occasionally, it may be an average price, based on a discount that results in expected average savings for similar types of healthcare providers after taking into account the same types of transactions as with an estimated price.

Estimated pricing and average pricing also take into account adjustments to correct for over- or underestimation of modifications of past pricing of claims, as noted previously. However, such adjustments will not affect the price we have used for your claim because they will not be applied after a claim has already been paid.

Inter-Plan Programs: Federal/State Taxes/Surcharges/Fees

Federal or state laws or regulations may require a surcharge, tax, or other fee that applies to insured accounts. If applicable, we will include any such surcharge, tax, or

other fee as part of the claim charge passed on to you.

Out-of-Network Providers Outside the Wellmark Service Area

Your Liability Calculation. When covered out-of-area services are provided outside of our service area by Out-of-Network Providers, the amount you pay for such services will normally be based on either the Host Blue’s Out-of-Network Provider local payment or the pricing arrangements required by applicable state law. In these situations, you may be responsible for the difference between the amount that the Out-of-Network Provider bills and the payment we will make for the covered out-of-area services as set forth in this coverage manual. Federal or state law, as applicable, will govern payments for Out-of-Network emergency services.

In certain situations, we may use other payment methods, such as billed charges for covered out-of-area services, the payment we would make if the healthcare services had been obtained within our service area, or a special negotiated payment to determine the amount we will pay for services provided by Out-of-Network Providers. In these situations, you may be liable for the difference between the amount that the Out-of-Network Provider bills and the payment we will make for the covered out-of-area services as set forth in this coverage manual.

Change of Residence

You must notify us prior to relocating outside the Wellmark Health Plan of Iowa, Inc. geographic service area because you will have no benefits for medical or laboratory services provided outside of Wellmark Health Plan of Iowa, Inc.’s provider network except for emergencies or accidental injuries.

Care in a Foreign Country

For covered services you receive in a country other than the United States, payment level assumes the provider category is Out-of-Network except for

services received from providers that participate with Blue Cross Blue Shield Global Core. You are only covered for emergency care or care for an accidental injury when you receive care in a foreign country.

Blue Cross Blue Shield Global® Core Program

If you are outside the United States, the Commonwealth of Puerto Rico, and the U.S. Virgin Islands, you may be able to take advantage of the Blue Cross Blue Shield Global Core Program when accessing covered services. The Blue Cross Blue Shield Global Core Program is unlike the BlueCard Program available in the United States, the Commonwealth of Puerto Rico, and the U.S. Virgin Islands in certain ways. For instance, although the Blue Cross Blue Shield Global Core Program assists you with accessing a network of inpatient, outpatient, and professional providers, the network is not served by a Host Blue. As such, when you receive care from providers outside the United States, the Commonwealth of Puerto Rico, and the U.S. Virgin Islands, you will typically have to pay the providers and submit the claims yourself to obtain reimbursement for these services.

If you need medical assistance services (including locating a doctor or hospital) outside the United States, the Commonwealth of Puerto Rico, and the U.S. Virgin Islands, you should call the Blue Cross Blue Shield Global Core Service Center at **800-810-BLUE** (2583) or call collect at **804-673-1177**, 24 hours a day, seven days a week. An assistance coordinator, working with a medical professional, can arrange a physician appointment or hospitalization, if necessary.

Inpatient Services. In most cases, if you contact the Blue Cross Blue Shield Global Core Service Center for assistance, hospitals will not require you to pay for covered inpatient services, except for your deductibles, coinsurance, etc. In such cases, the hospital will submit your claims to the Blue Cross Blue Shield Global Core Service

Center to begin claims processing. However, if you paid in full at the time of service, you must submit a claim to receive reimbursement for covered services. **You must contact us to obtain precertification for non-emergency inpatient services.**

Outpatient Services. Physicians, urgent care centers and other outpatient providers located outside the United States, the Commonwealth of Puerto Rico, and the U.S. Virgin Islands will typically require you to pay in full at the time of service. You must submit a claim to obtain reimbursement for covered services. See *Claims*, page 73.

Submitting a Blue Cross Blue Shield Global Core Claim

When you pay for covered services outside the United States, the Commonwealth of Puerto Rico, and the U.S. Virgin Islands, you must submit a claim to obtain reimbursement. For institutional and professional claims, you should complete a Blue Cross Blue Shield Global Core International claim form and send the claim form with the provider's itemized bill(s) to the Blue Cross Blue Shield Global Core Service Center (the address is on the form) to initiate claims processing. Following the instructions on the claim form will help ensure timely processing of your claim. The claim form is available from us, the Blue Cross Blue Shield Global Core Service Center, or online at www.bcbsglobalcore.com. If you need assistance with your claim submission, you should call the Blue Cross Blue Shield Global Core Service Center at **800-810-BLUE** (2583) or call collect at **804-673-1177**, 24 hours a day, seven days a week.

You are eligible for benefits for covered services received from Out-of-Network or Participating providers (including out-of-country providers) only in the following situations:

- **Accidental Injuries.**
- **Emergencies.**

If you are unable to reach a Wellmark Blue HMO Provider, it is usually to your advantage to receive services from a Participating Provider. Participating Providers participate with a Blue Cross and/or Blue Shield Plan in another state or service area, but not with the Wellmark Blue HMO network.

Out-of-Network Providers do not participate with this plan or any other Blue Cross and/or Blue Shield Plan.

For information on how benefits for accidental injuries and emergency services will be administered when received outside of the Wellmark Blue HMO network, see *BlueCard Program* earlier in this section and *Out-of-Network Providers*, page 58.

When you receive covered services for emergency medical conditions from Out-of-Network Providers, all of the following statements are true:

- Out-of-Network Providers are not responsible for filing your claims.
- We do not have contracts with Out-of-Network Providers and they may not agree to accept our payment arrangements. Therefore, you are responsible for any difference between the amount charged and our payment.
- We make claims payments to you, not Out-of-Network Providers.
- You are responsible for notification requirements.

See *Out-of-Network Providers*, page 58.

- **Continuity of Care.** You may be eligible to continue care from an Out-of-Network Provider for treatment of a terminal illness, a complex medical condition, or during the second or third trimester of pregnancy if:
 - You had been receiving care for the condition from a Wellmark Blue HMO Provider but the provider's contract with us terminates; or

- You were previously covered by a different carrier or plan and had been receiving care for the condition from an Out-of-Network Provider when you begin coverage under your medical benefits.

If either situation applies, you may continue Out-of-Network treatment as follows:

- **Terminal illness** (as determined by the provider): for 90 days after the provider's contract terminates or the patient begins coverage with Wellmark while under the care of an Out-of-Network Provider for treatment of the terminal illness, whichever applies.
- **Complex medical condition:** for a time period or benefits maximum determined by medical management. You or your provider must notify us before receiving services under this plan, and the medical condition must warrant continued treatment by the Out-of-Network Provider.
- **Pregnancy in second or third trimester:** through postpartum care related to the childbirth and delivery.

To assist you in making a transition to a Wellmark Blue HMO Provider, you or your provider must call us at **800-552-3993**.

- **Referrals.** See *Referrals* earlier in this section.

Guest Membership. Members traveling long-term, any covered dependents attending college out of state, or covered family members living apart are eligible to become a guest member any time they are outside the Wellmark Blue HMO network area for at least 90 days. Not all services covered under your medical benefits are covered under Guest Membership. To determine which services are covered under the Guest Membership program, call us.

To receive covered services under the Guest Membership program, you must receive the service(s) from a Participating Provider.

Before you leave the Wellmark Blue HMO network area, call the Customer Service number on your ID card to set up a guest membership.

Laboratory services. You may have laboratory specimens or samples collected by a Wellmark Blue HMO Provider and those laboratory specimens may be sent to another laboratory services provider for processing or testing. If that laboratory services provider does not have a contractual relationship with the Blue Plan where the specimen was drawn, the service will not be covered and you will be responsible for the entire amount charged.

Home/durable medical equipment. If you purchase or rent home/durable medical equipment from a provider that does not have a contractual relationship with the Blue Plan where you purchased or rented the equipment, the service will not be covered and you will be responsible for the entire amount charged.

If you purchase or rent home/durable medical equipment and have that equipment shipped to a service area of a Blue Plan that does not have a contractual relationship with the home/durable medical equipment provider, the service will not be covered and you will be responsible for the entire amount charged. This includes situations where you purchase or rent home/durable medical equipment and have the equipment shipped to you in the Wellmark Blue HMO network, when

Wellmark does not have a contractual relationship with the home/durable medical equipment provider.

Prosthetic devices. If you purchase prosthetic devices from a provider that does not have a contractual relationship with the Blue Plan where you purchased the prosthetic devices, the service will not be covered and you will be responsible for the entire amount charged.

If you purchase prosthetic devices and have that equipment shipped to a service area of a Blue Plan that does not have a contractual relationship with the provider, the service will not be covered and you will be responsible for the entire amount charged. This includes situations where you purchase prosthetic devices and have them shipped to you in the Wellmark Blue HMO network, when Wellmark does not have a contractual relationship with the provider.

Talk to your provider. Whenever possible, before receiving laboratory services, home/durable medical equipment, or prosthetic devices, ask your provider to utilize a provider that has a contractual arrangement with the Blue Plan where you received services, purchased or rented equipment, or shipped equipment, or ask your provider to utilize a provider that has a contractual arrangement with Wellmark.

To determine if a provider has a contractual arrangement with a particular Blue Plan or with Wellmark, call the Customer Service number on your ID card or visit our website, *Wellmark.com*.

See *Out-of-Network Providers*, page 58.

Prescription Drugs

Choosing a Pharmacy

Your prescription drug benefits are called Blue Rx Essentials. Pharmacies that participate with the network used by Blue Rx Essentials are called participating pharmacies. Pharmacies that do not

participate with the network are called nonparticipating pharmacies.

You must purchase prescription drugs from participating pharmacies (excluding specialty drugs, which must be purchased through the specialty pharmacy program. See *Specialty Pharmacy Program* later in this section). If you purchase drugs from

nonparticipating pharmacies, you are responsible for the entire cost of the drug.

To determine if a pharmacy is participating, ask the pharmacist, consult the directory of participating pharmacies on our website at *Wellmark.com*, or call the Customer Service number on your ID card. Our directory also is available upon request by calling the Customer Service number on your ID card.

Always Present Your ID Card

If you do not have your ID card with you when you fill a prescription at a participating pharmacy, the pharmacist may not be able to access your benefit information. In this case:

- You must pay the full amount charged at the time you receive your prescription, and the amount we reimburse you may be less than what you paid. You are responsible for this difference.
- You must file your claim to be reimbursed. See *Claims*, page 73.

Specialty Pharmacy Program

Specialty pharmacies deliver specialty drugs directly to your home or to your physician's office. You must purchase specialty drugs through the specialty pharmacy program. The specialty pharmacy program is limited to CVS Specialty®. You must register as a specialty pharmacy program user in order to fill your prescriptions through the specialty

pharmacy program. For information on how to register, call the Customer Service number on your ID card or visit our website at *Wellmark.com*.

You are not covered for specialty drugs purchased outside the specialty pharmacy program.

The specialty pharmacy program administers the distribution of specialty drugs to the home and to physicians' offices.

Mail Order Drug Program

You must purchase mail order drugs through the mail order drug program. You are not covered for mail order drugs purchased outside the mail order drug program.

You must register as a mail service user in order to fill your prescriptions through the mail order drug program. For information on how to register, visit our website, *Wellmark.com*, or call the Customer Service number on your ID card.

Mail order pharmacy providers outside our mail order program are considered nonparticipating pharmacies. You are not covered for drugs purchased from nonparticipating mail order pharmacies.

See *Participating vs. Nonparticipating Pharmacies*, page 62.

Pediatric Vision – for covered members under age 19*

Choosing a Vision Provider

The vision program consists of vision network providers who contract directly with Avesis. The Avesis network of participating providers consists of licensed optometrists, ophthalmologists, and opticians. Avesis participating providers have contracts with Avesis. A provider who does not have a contract with Avesis is considered a nonparticipating provider and may result in out-of-pocket expense to you.

For a list of Avesis participating providers, visit *Wellmark.com* or call **888-223-9008**.

*Wellmark's pediatric vision coverage is administered by Avesis, an independent company providing network and claims administration on behalf of Wellmark for the pediatric vision benefits.

6. Notification Requirements and Care Coordination

Medical

Many services including, but not limited to, medical, surgical, mental health, and chemical dependency treatment services, require a notification to us or a review by us. If you do not follow notification requirements properly, you may have to pay for services yourself, so the information in this section is critical. For a complete list of services subject to notification or review, visit *Wellmark.com* or call the Customer Service number on your ID card.

Providers and Notification Requirements

Providers in the Wellmark Blue HMO network should handle notification requirements for you. If you are admitted to a Participating facility outside the Wellmark Blue HMO network, the Participating Provider should handle notification requirements for you.

If you receive any other covered services (i.e., services unrelated to an inpatient admission) from a Participating Provider outside the Wellmark Blue HMO network, or if you see an Out-of-Network Provider, you or someone acting on your behalf is responsible for notification requirements.

More than one of the notification requirements and care coordination programs described in this section may apply to a service. Any notification or care coordination decision is based on the medical benefits plan in effect at the time of your request. If your coverage changes for any reason, you may be required to repeat the notification process.

You or your authorized representative, if you have designated one, may appeal a denial or reduction of benefits resulting from these notification requirements and care coordination programs. See *Appeals*, page 83. Also see *Authorized Representative*, page 94.

Precertification

Purpose	Precertification helps determine whether a service or admission to a facility is medically necessary. Precertification is required; however, it does not apply to maternity or emergency services.
Applies to	For a complete list of the services subject to precertification, visit <i>Wellmark.com</i> or call the Customer Service number on your ID card.

Person Responsible for Obtaining Precertification	<p>You or someone acting on your behalf is responsible for obtaining precertification if:</p> <ul style="list-style-type: none"> ■ You receive services subject to precertification from an Out-of-Network Provider; or ■ You receive non-inpatient services subject to precertification from a Participating Provider outside the Wellmark Blue HMO network. <p>Please note: Services from Out-of-Network Providers or from Participating Providers must be approved through the Referral process described on page 43, except in the case of an emergency. Services from a Participating Provider may be covered if you are in the guest membership program.</p> <p>Your Provider should obtain precertification for you if:</p> <ul style="list-style-type: none"> ■ You receive services subject to precertification from a Wellmark Blue HMO Provider in Iowa; or ■ You receive inpatient services subject to precertification from a Participating Provider outside the Wellmark Blue HMO network. <p>Please note: If you are ever in doubt whether precertification has been obtained, call the Customer Service number on your ID card.</p>
--	---

Process	<p>When you, instead of your provider, are responsible for precertification, call the phone number on your ID card before receiving services.</p> <p>Wellmark will respond to a precertification request within:</p> <ul style="list-style-type: none"> ■ 72 hours in a medically urgent situation; ■ 15 days in a non-medically urgent situation. <p>Precertification requests must include supporting clinical information to determine medical necessity of the service or admission.</p> <p>After you receive the service(s), Wellmark may review the related medical records to confirm the records document the services subject to the approved precertification request. The medical records also must support the level of service billed and document that the services have been provided by the appropriate personnel with the appropriate level of supervision.</p>
----------------	--

Notification

Purpose	<p>Notification of most facility admissions and certain services helps us identify and initiate discharge planning or care coordination. Notification is required.</p>
Applies to	<p>For a complete list of the services subject to notification, visit <i>Wellmark.com</i> or call the Customer Service number on your ID card.</p>
Person Responsible	<p>Wellmark Blue HMO Providers perform notification for you. However, you or someone acting on your behalf is responsible for notification if:</p> <ul style="list-style-type: none"> ■ You receive services subject to notification from a provider outside the Wellmark Blue HMO network.

Process	When you, instead of your provider, are responsible for notification, call the phone number on your ID card before receiving services, except when you are unable to do so due to a medical emergency. In the case of an emergency admission, you must notify us within one business day of the admission or the receipt of services or as soon as reasonably possible thereafter.
----------------	--

Prior Approval

Purpose	Prior approval helps determine whether a proposed treatment plan is medically necessary and a benefit under your medical benefits. Prior approval is required.
Applies to	For a complete list of the services subject to prior approval, visit <i>Wellmark.com</i> or call the Customer Service number on your ID card.
Person Responsible for Obtaining Prior Approval	<p>You or someone acting on your behalf is responsible for obtaining prior approval if:</p> <ul style="list-style-type: none"> ■ You receive services subject to prior approval from an Out-of-Network Provider; or ■ You receive non-inpatient services subject to prior approval from a Participating Provider outside the Wellmark Blue HMO network. <p>Please note: Services from Out-of-Network Providers or from Participating Providers must be approved through the Referral process described on page 43, except in the case of an emergency. Services from a Participating Provider may be covered if you are in the guest membership program.</p> <p>Your Provider should obtain prior approval for you if:</p> <ul style="list-style-type: none"> ■ You receive services subject to prior approval from a Wellmark Blue HMO Provider in Iowa; or ■ You receive inpatient services subject to prior approval from a Participating Provider outside the Wellmark Blue HMO network. <p>Please note: If you are ever in doubt whether prior approval has been obtained, call the Customer Service number on your ID card.</p>
Process	<p>When you, instead of your provider, are responsible for requesting prior approval, call the number on your ID card to obtain a prior approval form and ask the provider to help you complete the form.</p> <p>Wellmark will determine whether the requested service is medically necessary and eligible for benefits based on the written information submitted to us. We will respond to a prior approval request in writing to you and your provider within:</p> <ul style="list-style-type: none"> ■ 72 hours in a medically urgent situation. ■ 15 days in a non-medically urgent situation. <p>Prior approval requests must include supporting clinical information to determine medical necessity of the services or supplies.</p>

Importance	<p>If your request is approved, the service is covered provided other contractual requirements, such as member eligibility and benefits maximums, are observed. If your request is denied, the service is not covered, and you will receive a notice with the reasons for denial.</p> <p>If you do not request prior approval for a service, the benefit for that service will be denied on the basis that you did not request prior approval.</p> <p>Upon receiving an Explanation of Benefits (EOB) indicating a denial of benefits for failure to request prior approval, you will have the opportunity to appeal (see the <i>Appeals</i> section) and provide us with medical information for our consideration in determining whether the services were medically necessary and a benefit under your medical benefits. Upon review, if we determine the service was medically necessary and a benefit under your medical benefits, the benefit for that service will be provided according to the terms of your medical benefits.</p> <p>Approved services are eligible for benefits for a limited time. Approval is based on the medical benefits in effect and the information we had as of the approval date. If your coverage changes for any reason (for example, because of a new job or new medical benefits), an approval may not be valid. If your coverage changes before the approved service is performed, a new approval is recommended.</p> <p>Note: When prior approval is required, and an admission to a facility is required for that service, the admission also may be subject to notification or precertification. See <i>Precertification</i> and <i>Notification</i> earlier in this section.</p>
-------------------	--

Concurrent Review

Purpose	Concurrent review is a utilization review conducted during a member's facility stay or course of treatment at home or in a facility setting to determine whether the place or level of service is medically necessary. This care coordination program occurs without any notification required from you.
Applies to	For a complete list of the services subject to concurrent review, visit <i>Wellmark.com</i> or call the Customer Service number on your ID card.
Person Responsible	Wellmark
Process	<p>Wellmark may review your case to determine whether your current level of care is medically necessary.</p> <p>Responses to Wellmark's concurrent review requests must include supporting clinical information to determine medical necessity as a condition of your coverage.</p>
Importance	Wellmark may require a change in the level or place of service in order to continue providing benefits. If we determine that your current facility setting or level of care is no longer medically necessary, we will notify you, your attending physician, and the facility or agency at least 24 hours before your benefits for these services end.

Case Management

Purpose	Case management is intended to identify and assist members with the most severe illnesses or injuries by collaborating with members, members' families, and providers to develop individualized care plans.
Applies to	<p>A wide group of members including those who have experienced potentially preventable emergency room visits; hospital admissions/readmissions; those with catastrophic or high cost health care needs; those with potential long term illnesses; and those newly diagnosed with health conditions requiring lifetime management. Examples where case management might be appropriate include, but are not limited to:</p> <p>Brain or Spinal Cord Injuries</p> <p>Cystic Fibrosis</p> <p>Degenerative Muscle Disorders</p> <p>Hemophilia</p> <p>Pregnancy (high risk)</p> <p>Transplants</p>
Person Responsible	You, your physician, and the health care facility can work with Wellmark's case managers. Wellmark may initiate a request for case management.
Process	Members are identified and referred to the Case Management program through Customer Service and claims information, referrals from providers or family members, and self-referrals from members.
Importance	Case management is intended to identify and coordinate appropriate care and care alternatives including reviewing medical necessity; negotiating care and services; identifying barriers to care including contract limitations and evaluation of solutions outside the group health plan; assisting the member and family to identify appropriate community-based resources or government programs; and assisting members in the transition of care when there is a change in coverage.

Prescription Drugs

Prior Authorization of Drugs

Purpose	Prior authorization allows us to verify that a prescription drug is part of a specific treatment plan and is medically necessary.
Applies to	Consult the Drug List to determine if a particular drug requires prior authorization. You can locate this list by visiting <i>Wellmark.com</i> . You may also check with your pharmacist or practitioner to determine whether prior authorization applies to a drug that has been prescribed for you.
Person Responsible	You are responsible for prior authorization.

Process Ask your practitioner to call us with the necessary information. If your practitioner has not provided the prior authorization information, participating pharmacists usually ask for it, which may delay filling your prescription. To avoid delays, encourage your provider to complete the prior authorization process before filling your prescription.

Wellmark will respond to a prior authorization request within:

- 72 hours in a medically urgent situation.
- 15 days in a non-medically urgent situation.

Calls received after 4:00 p.m. are considered the next business day.

Importance If you purchase a drug that requires prior authorization but do not obtain prior authorization, you are responsible for paying the entire amount charged.

7. Factors Affecting What You Pay

How much you pay for covered services is affected by many different factors discussed in this section.

Medical

Benefit Year

A benefit year is a period of 12 consecutive months beginning on January 1st or beginning on the day your coverage goes into effect. The benefit year starts over each January 1st. Your benefit year continues even if your employer or group sponsor changes Wellmark group health plan benefits during the year or you change to a different plan offering mid-benefit year from your same employer or group sponsor.

Certain coverage changes result in your Wellmark identification number changing. In some cases, a new benefit year will start under the new ID number for the rest of the benefit year. In this case, the benefit year would be less than a full 12 months. In other cases (e.g., adding your spouse to your coverage) the benefit year would continue and not start over.

If you are an inpatient in a covered facility on the date of your annual benefit year renewal, your benefit limitations and payment obligations, including your deductible and out-of-pocket maximum, for facility services will renew and will be based on the benefit limitations and payment obligation amounts in effect on the date you were admitted. However, your payment obligations, including your deductible and out-of-pocket maximum, for practitioner services will be based on the payment obligation amounts in effect on the day you receive services.

The benefit year is important for calculating:

- Deductible.
- Coinsurance.
- Out-of-pocket maximum.

- Benefits maximum.

How Coinsurance is Calculated

The amount on which coinsurance is calculated depends on the state where you receive a covered service and the contracting status of the provider.

Wellmark Blue HMO and Out-of-Network Providers

You are eligible for benefits from Out-of-Network Providers only in cases of an emergency, accidental injury, or in certain situations, an approved referral.

When applicable, coinsurance is calculated using the payment arrangement amount after the following amounts (if applicable) are subtracted from it:

- Deductible.
- Amounts representing any general exclusions and conditions. See *General Conditions of Coverage, Exclusions, and Limitations*, page 39.

Participating Providers Outside the Wellmark Blue HMO Network

You are eligible for benefits from Participating Providers only in cases of an emergency, accidental injury, guest membership, or in certain situations, an approved referral.

The coinsurance for covered services is calculated on the lower of:

- The amount charged for the covered service, or
- The negotiated price that the Host Blue makes available to Wellmark after the following amounts (if applicable) are subtracted from it:
 - Deductible.

- Amounts representing any general exclusions and conditions. See *General Conditions of Coverage, Exclusions, and Limitations*, page 39.

Often, the negotiated price will be a simple discount that reflects an actual price the local Host Blue paid to your provider. Sometimes, the negotiated price is an estimated price that takes into account special arrangements with your healthcare provider or provider group that may include types of settlements, incentive payments, and/or other credits or charges. Occasionally, the negotiated price may be an average price based on a discount that results in expected average savings for similar types of healthcare providers after taking into account the same types of transactions as with an estimated price. Estimated pricing and average pricing, going forward, also take into account adjustments to correct for over- or under-estimation of modifications of past pricing for the types of transaction modifications noted previously. However, such adjustments will not affect the price we use for your claim because they will not be applied retroactively to claims already paid.

Occasionally, claims for services you receive from a provider that participates with a Blue Cross and/or Blue Shield Plan outside of Iowa or South Dakota may need to be processed by Wellmark instead of by the BlueCard Program. In that case, coinsurance is calculated using the payment arrangement amount for the covered services after the following amounts (if applicable) are subtracted from it:

- Deductible.
- Amounts representing any general exclusions and conditions. See *General Conditions of Coverage, Exclusions, and Limitations*, page 39.

Laws in a small number of states may require the Host Blue Plan to add a surcharge to your calculation. If any state laws mandate other liability calculation methods, including a surcharge, Wellmark

will calculate your payment obligation for any covered services according to applicable law. For more information, see *BlueCard Program*, page 44.

Provider Network

Under the medical benefits of this plan, your network of providers consists of Wellmark Blue HMO Providers. All other providers are not in your network.

Wellmark Blue HMO Providers

Wellmark has a contracting relationship with these providers. When you receive services from a Wellmark Blue HMO Provider:

- The Wellmark Blue HMO payment obligation amounts may be waived for certain covered services. See *Waived Payment Obligations*, page 8.

There may be certain exceptions. Any exceptions are described in *What You Pay*.

Participating Providers

Participating Providers participate with a Blue Cross and/or Blue Shield Plan in another state or service area, but not with the Wellmark Blue HMO network. When you receive services from Participating Providers:

- You are eligible for benefits only in limited situations. These are described in the *Choosing a Provider* section.
- Wellmark makes claim payments directly to these providers.

There may be certain exceptions. Any exceptions are described in *What You Pay*.

Out-of-Network Providers

Wellmark and Blue Cross and/or Blue Shield Plans do not have contracting relationships with Out-of-Network Providers, and they may not accept our payment arrangements. Pharmacies other than those participating in the specialty pharmacy program that do not contract with our pharmacy benefits manager are

considered Out-of-Network Providers. Therefore, when you receive services from Out-of-Network Providers:

- You are not eligible for benefits. There may be exceptions to this rule for specific services. If so, these are described in the section *Details – Services Covered and Not Covered*.
- You are responsible for any difference between the amount charged and our payment for a covered service. In the case of services received outside Iowa or South Dakota, our maximum payment for services by an Out-of-Network Provider will generally be based on either the Host Blue's Out-of-Network Provider local payment or the pricing arrangements required by applicable state law. In certain situations, we may use other payment bases, such as the amount charged for a covered service, the payment we would make if the services had been obtained within Iowa or South Dakota, or a special negotiated payment, as permitted under Inter-Plan Programs policies, to determine the amount we will pay for services you receive from Out-of-Network Providers. See *Services Outside the Wellmark Blue HMO Network*, page 44.
- Wellmark does not make claim payments directly to these providers. You are responsible for ensuring that your provider is paid in full.
- The group health plan payment for Out-of-Network hospitals, M.D.s, and D.O.s in Iowa is made payable to the provider, but the check is sent to you. You are responsible for forwarding the check to the provider (plus any billed balance you may owe).

Amount Charged and Maximum Allowable Fee

Amount Charged

The amount charged is the amount a provider charges for a service or supply, regardless of whether the services or

supplies are covered under your medical benefits.

Maximum Allowable Fee

The maximum allowable fee is the amount, established by Wellmark, using various methodologies, for covered services and supplies. Wellmark's amount paid may be based on the lesser of the amount charged for a covered service or supply or the maximum allowable fee.

Payment Arrangements

Payment Arrangement Savings

Wellmark has contracting relationships with Wellmark Blue HMO Providers. We use different methods to determine payment arrangements, including negotiated fees. These payment arrangements usually result in savings.

The savings from payment arrangements and other important amounts will appear on your Explanation of Benefits statement as follows:

- *Network Savings*, which reflects the amount you save on a claim by receiving services from a Participating or Wellmark Blue HMO provider. For the majority of services, the savings reflects the actual amount you save on a claim. However, depending on many factors, the amount we pay a provider could be different from the covered charge. Regardless of the amount we pay a Participating or Wellmark Blue HMO provider, your payment responsibility will always be based on the lesser of the covered charge or the maximum allowable fee.
- *Amount Not Covered*, which reflects the portion of provider charges not covered under this health plan and for which you are responsible. This amount may include services or supplies not covered; amounts in excess of a benefits maximum, benefit year maximum, or lifetime benefits maximum; reductions or denials for failure to follow a required precertification; and the difference

between the amount charged and the maximum allowable fee for services from an Out-of-Network Provider. For general exclusions and examples of benefit limitations, see *General Conditions of Coverage, Exclusions, and Limitations*, page 39.

- *Amount Paid by Health Plan*, which reflects our payment responsibility to a provider or to you. We determine this amount by subtracting the following amounts (if applicable) from the amount charged:
 - Deductible.
 - Coinsurance.
 - Copayment.
 - Amounts representing any general exclusions and conditions.
 - Network savings.

Payment Method for Services

When you receive a covered service or services that result in multiple claims, we will calculate your payment obligations based on the order in which we process the claims.

Provider Payment Arrangements

Provider payment arrangements are calculated using industry methods including, but not limited to, fee schedules, per diems, percentage of charge, capitation, or episodes of care. Some provider payment arrangements may include an amount payable to the provider based on the provider's performance. Performance-based amounts that are not distributed are not allocated to your specific group or to your specific claims and are not considered when determining any amounts you may owe. We reserve the right to change the methodology we use to calculate payment arrangements based on industry practice or business need. Wellmark Blue HMO and Participating

providers agree to accept our payment arrangements as full settlement for providing covered services, except to the extent of any amounts you may owe.

Capitation

Payment to healthcare providers for certain services is made according to a uniform amount per patient as determined by Wellmark Health Plan of Iowa, Inc.

Specialty Drug Manufacturer Discount Card Program

Certain specialty medications may qualify for manufacturer discount card programs which could lower your out-of-pocket costs for those products. You may not receive credit toward your maximum out-of-pocket for any deductible or coinsurance amounts that are applied to a manufacturer coupon or rebate.

This Specialty Drug Manufacturer Discount Card Program is offered as part of your plan's exclusive specialty pharmacy network with CVS Caremark's affiliate CVS Specialty. The list of specialty drugs eligible for this Specialty Drug Manufacturer Discount Card Program is subject to change as determined by CVS Specialty.

Drug Company Rebates

Wellmark contracts with a pharmacy benefits manager to provide pharmacy benefits management services. Drug manufacturers offer rebates to pharmacy benefits managers. Wellmark receives a share of these rebates from its pharmacy benefits manager. Any rebates we receive will be retained by us. The rebates will not be allocated to your specific group or to your specific claims and they will not be considered when determining your payment obligations.

Prescription Drugs

Benefit Year

A benefit year is a period of 12 consecutive months beginning on January 1st or beginning on the day your coverage goes into effect. The benefit year starts over each January 1st. Your benefit year continues even if your employer or group sponsor changes Wellmark group health plan benefits during the year or you change to a different plan offering mid-benefit year from your same employer or group sponsor.

Certain coverage changes result in your Wellmark identification number changing. In some cases, a new benefit year will start under the new ID number for the rest of the benefit year. In this case, the benefit year would be less than a full 12 months. In other cases (e.g., adding your spouse to your coverage) the benefit year would continue and not start over.

The benefit year is important for calculating:

- Out-of-pocket maximum.
- Benefits maximum.

Wellmark Blue Rx Essentials Drug List

Often there is more than one medication available to treat the same medical condition. The Wellmark Blue Rx Essentials Drug List (“Drug List”) contains drugs physicians recognize as medically effective for a wide range of health conditions.

The Drug List is maintained with the assistance of practicing physicians, pharmacists, and Wellmark’s pharmacy department.

To determine if a drug is covered, you or your physician must consult the Drug List. If a drug is not on the Drug List, it is not covered.

If you need help determining if a particular drug is on the Drug List, ask your physician or pharmacist, visit our website,

Wellmark.com, or call the Customer Service number on your ID card.

Although only drugs listed on the Drug List are covered, physicians are not limited to prescribing only the drugs on the list. Physicians may prescribe any medication, but only medications on the Drug List are covered. **Please note:** A medication on the Drug List will not be covered if the drug is specifically excluded under your Blue Rx Essentials prescription drug benefits, or other limitations apply.

If a drug is not on the Wellmark Blue Rx Essentials Drug List and you believe it should be covered, refer to *Exception Requests for Non-Formulary Prescription Drugs*, page 75.

The Wellmark Blue Rx Essentials Drug List is subject to change.

Tiers

The Wellmark Blue Rx Essentials Drug List also identifies which tier a drug is on:

Tier 1. Most generic drugs and some brand-name drugs that have no medically appropriate generic equivalent. Tier 1 drugs have the lowest payment obligation.

Tier 2. Drugs appear on this tier because they either have no medically appropriate generic equivalent or are considered less cost-effective than Tier 1 drugs. Tier 2 drugs have a higher payment obligation than Tier 1 drugs.

Tier 3. Drugs appear on this tier because they are less cost-effective than Tier 1 or Tier 2 drugs. Tier 3 drugs have the highest payment obligation.

Generic and Brand Name Drugs

Generic Drug

Generic drug refers to an FDA-approved “A”-rated generic drug. This is a drug with active therapeutic ingredients chemically

identical to its brand name drug counterpart.

Brand Name Drug

Brand name drug is a prescription drug patented by the original manufacturer. Usually, after the patent expires, other manufacturers may make FDA-approved generic copies.

Sometimes, a patent holder of a brand name drug grants a license to another manufacturer to produce the drug under a generic name, though it remains subject to patent protection and has a nearly identical price. In these cases, Wellmark's pharmacy benefits manager may treat the licensed product as a brand name drug, rather than generic, and will calculate your payment obligation accordingly.

What You Pay

In most cases, when you purchase a brand name drug that has an FDA-approved "A"-rated medically appropriate generic equivalent, Wellmark will pay only what it would have paid for the medically appropriate equivalent generic drug. You will be responsible for your payment obligation for the medically appropriate equivalent generic drug and any remaining cost difference up to the maximum allowed fee for the brand name drug.

Quantity Limitations

Most prescription drugs are limited to a maximum quantity you may receive in a single prescription.

Federal regulations limit the quantity that may be dispensed for certain medications. If your prescription is so regulated, it may not be available in the amount prescribed by your physician.

In addition, coverage for certain drugs is limited to specific quantities per month, benefit year, or lifetime. Amounts in excess of quantity limitations are not covered.

For a list of drugs with quantity limits, check with your pharmacist or physician or consult the Wellmark Blue Rx Essentials

Drug List at Wellmark.com, or call the Customer Service number on your ID card.

Amount Charged and Maximum Allowable Fee

Amount Charged

The retail price charged by a pharmacy for a covered prescription drug.

Maximum Allowable Fee

The amount, established by Wellmark using various methodologies and data (such as the average wholesale price), payable for covered drugs.

The maximum allowable fee may be less than the amount charged for the drug.

Participating vs. Nonparticipating Pharmacies

You must purchase prescription drugs from participating pharmacies (excluding specialty drugs, which must be purchased through the specialty pharmacy program. See *Specialty Drugs*, page 30). Purchases from nonparticipating pharmacies are not covered. If you purchase drugs from nonparticipating pharmacies, you are responsible for the cost of the drug.

Your payment obligation for the purchase of a covered prescription drug at a participating pharmacy is the lesser of your copayment, the maximum allowable fee, or the amount charged for the drug.

To determine if a pharmacy is participating, ask the pharmacist, consult the directory of participating pharmacies on our website at Wellmark.com, or call the Customer Service number on your ID card. Our directory also is available upon request by calling the Customer Service number on your ID card.

Preferred vs. Non-Preferred Specialty Drugs

The amount you pay for specialty drugs covered under your Blue Rx Essentials prescription drug benefits depends on whether the specialty drug is categorized as preferred or non-preferred.

Preferred Specialty Drugs have been proven to be safe, effective, and favorably priced compared to non-preferred alternatives that treat the same condition. Drugs may also be classified as preferred because no alternative drug exists.

Non-Preferred Specialty Drugs are drugs without sufficiently documented clinical evidence that they provide a significant benefit over available preferred alternatives.

To determine whether a specialty drug is preferred or non-preferred, consult the Wellmark Blue Rx Essentials Drug List at *Wellmark.com*. Also see *Specialty Drugs*, page 30.

Special Programs

We evaluate and monitor changes in the pharmaceutical industry in order to determine clinically effective and cost-effective coverage options. These evaluations may prompt us to offer programs that encourage the use of reasonable alternatives. For example, we may, at our discretion, temporarily waive your payment obligation on a qualifying prescription drug purchase.

Visit our website at *Wellmark.com* or call us to determine whether your prescription qualifies.

Specialty Drug Manufacturer Discount Card Program

Certain specialty medications may qualify for manufacturer discount card programs

which could lower your out-of-pocket costs for those products. You may not receive credit toward your maximum out-of-pocket for any copayment amounts that are applied to a manufacturer coupon or rebate.

This Specialty Drug Manufacturer Discount Card Program is offered as part of your plan's exclusive specialty pharmacy network with CVS Caremark's affiliate CVS Specialty. The list of specialty drugs eligible for this Specialty Drug Manufacturer Discount Card Program is subject to change as determined by CVS Specialty.

Savings and Rebates

Payment Arrangements

The benefits manager of this prescription drug program has established payment arrangements with participating pharmacies that may result in savings.

Drug Company Rebates

Wellmark contracts with a pharmacy benefits manager to provide pharmacy benefits management services. Drug manufacturers offer rebates to pharmacy benefits managers. Wellmark receives a share of these rebates from its pharmacy benefits manager. Any rebates we receive will be retained by us. The rebates will not be allocated to your specific group or to your specific claims and they will not be considered when determining your payment obligations.

Pediatric Vision – for covered members under age 19

Benefit Year

A benefit year is a period of 12 consecutive months beginning on January 1st or beginning on the day your coverage goes into effect. The benefit year starts over each January 1st. Your benefit year continues even if your employer or group sponsor changes Wellmark group health plan benefits during the year or you change to a different plan offering mid-benefit year from your same employer or group sponsor.

Certain coverage changes result in your Wellmark identification number changing. In some cases, a new benefit year will start under the new ID number for the rest of the benefit year. In this case, the benefit year would be less than a full 12 months. In other cases (e.g., adding your spouse to your coverage) the benefit year would continue and not start over.

The benefit year is important for calculating:

- Cost share.
- Out-of-pocket maximum.
- Benefits maximum.

Participating vs. Nonparticipating Vision Providers

Participating Vision Providers

The Avesis network consists of licensed optometrists, ophthalmologists, and opticians who participate with Avesis.

Nonparticipating Vision Providers

A provider who does not participate with the Avesis network is considered a nonparticipating provider. Members under the age of 19 who receive services from a nonparticipating provider will not receive payment for services.

8. Coverage Eligibility and Effective Date

Eligible Members

You are eligible for coverage if you meet your employer's or group sponsor's eligibility requirements. Your spouse or domestic partner may also be eligible for coverage if spouses or domestic partners are covered under this plan.

If a child is eligible for coverage under the employer's or group sponsor's eligibility requirements, the child must have one of the following relationships to the plan member or an enrolled spouse or domestic partner:

- A biological child.
- Legally adopted or placed for adoption (that is, you assume a legal obligation to provide full or partial support and intend to adopt the child).
- A child for whom you have legal guardianship.
- A stepchild.
- A foster child.
- A biological child a court orders to be covered.

A child who has been placed in your home for the purpose of adoption or whom you have adopted is eligible for coverage on the date of placement for adoption or the date of actual adoption, whichever occurs first.

Please note: You must notify us or your employer or group sponsor if you enter into an arrangement to provide surrogate parent services: Contact your employer or group sponsor or call the Customer Service number on your ID card.

In addition, a child must be one of the following:

- Under age 26.
- Under age 19 to be eligible for pediatric vision benefits.
- An unmarried full-time student enrolled in an accredited educational institution.

Full-time student status continues during:

- Regularly-scheduled school vacations; and
 - Medically necessary leaves of absence until the earlier of one year from the first day of leave or the date coverage would otherwise end.
- An unmarried child who is deemed disabled. The disability must have existed before the child turned age 26 or while the child was a full-time student. Wellmark considers a dependent disabled when he or she meets the following criteria:
 - Claimed as a dependent on the employee's, plan member's, subscriber's, policyholder's, or retiree's tax return; and
 - Enrolled in and receiving Medicare benefits due to disability; or
 - Enrolled in and receiving Social Security benefits due to disability.Documentation will be required.

Providing Social Security Numbers or Tax Identification Numbers

In order for Wellmark to report your coverage status to the federal government, you must provide to us your Social Security number or tax identification number and the Social Security numbers or tax identification numbers of all members covered under your coverage and of any member(s) added to your coverage. If you have a newborn child while you are covered under your group health plan, you must notify us of the newborn's social security number within six months of the child's birth. The IRS requires that Wellmark report this information using the Social Security number or tax identification number of the plan member and each dependent. If Wellmark does not have Social Security or tax identification numbers, we will be unable to report and

send the information needed to complete federal tax returns. If you have not previously provided your Social Security number or tax identification number to Wellmark for all members covered under your coverage, you should contact us by calling the Customer Service number on your ID card. If you do not provide the Social Security numbers or taxpayer identification numbers to Wellmark for this purpose, you will be subject to a \$50 penalty per violation imposed by the Internal Revenue Service.

Enrollment Requirements

Each eligible employee who began work before the effective date of this coverage may enroll for this coverage on its effective date. A new member must enroll for coverage within 31 days after his or her eligibility date. A new member can be any eligible employee or eligible family member of the employee who enrolls for coverage when first becoming eligible.

Please note: In addition to the preceding requirement, eligibility is affected by special enrollment events and coverage termination events. See *Coverage Change Events*, page 69.

When Coverage Begins

Coverage begins on the member's effective date. If you have just started a new job, or if a coverage enrollment event allows you to add a new member, ask your employer or group sponsor about your effective date. Services received before the effective date of coverage are not eligible for benefits.

Late Enrollees

A late enrollee is a member who declines coverage when initially eligible to enroll and then later wishes to enroll for coverage. However, a member is not a late enrollee if a qualifying enrollment event allows enrollment as a special enrollee, even if the enrollment event coincides with a late enrollment opportunity. See *Coverage Change Events*, page 69.

A late enrollee will have the opportunity to enroll for coverage annually at the group's renewal.

Changes to Information Related to You or to Your Benefits

Wellmark may, from time to time, permit changes to information relating to you or to your benefits. In such situations, Wellmark shall not be required to reprocess claims as a result of any such changes.

Qualified Medical Child Support Order

If you have a dependent child and you or your spouse's employer or group sponsor receives a Medical Child Support Order recognizing the child's right to enroll in this group health plan or in your spouse's benefits plan, the employer or group sponsor will promptly notify you or your spouse and the dependent that the order has been received. The employer or group sponsor also will inform you or your spouse and the dependent of its procedures for determining whether the order is a Qualified Medical Child Support Order (QMCSO). Participants and beneficiaries can obtain, without charge, a copy of such procedures from the plan administrator.

A QMCSO specifies information such as:

- Your name and last known mailing address.
- The name and mailing address of the dependent specified in the court order.
- A reasonable description of the type of coverage to be provided to the dependent or the manner in which the type of coverage will be determined.
- The period to which the order applies.

A Qualified Medical Child Support Order cannot require that a benefits plan provide any type or form of benefit or option not otherwise provided under the plan, except as necessary to meet requirements of Iowa Code Chapter 252E (2001) or Social

Security Act Section 1908 with respect to group health plans.

The order and the notice given by the employer or group sponsor will provide additional information, including actions that you and the appropriate insurer must take to determine the dependent's eligibility and procedures for enrollment in the benefits plan, which must be done within specified time limits.

If eligible, the dependent will have the same coverage as you or your spouse and will be allowed to enroll immediately. You or your spouse's employer or group sponsor will withhold any applicable share of the cost of the dependent's health care coverage from your compensation and forward this amount to us.

If you are subject to a waiting period that expires more than 90 days after we receive the QMCSO, your employer or group sponsor must notify us when you become eligible for enrollment. Enrollment of the dependent will commence after you have satisfied the waiting period.

The dependent may designate another person, such as a custodial parent or legal guardian, to receive copies of explanations of benefits, checks, and other materials.

Your employer or group sponsor may not revoke enrollment or eliminate coverage for a dependent unless the employer or group sponsor receives satisfactory written evidence that:

- The court or administrative order requiring coverage in a group health plan is no longer in effect;
- The dependent's eligibility for or enrollment in a comparable benefits plan that takes effect on or before the date the dependent's enrollment in this group health plan terminates; or
- The employer eliminates dependent health coverage for all employees.

The employer or group sponsor is not required to maintain the dependent's coverage if:

- You or your spouse no longer pay the cost of coverage because the employer or group sponsor no longer owes compensation; or
- You or your spouse have terminated employment with the employer and have not elected to continue coverage.

9. Coverage Changes and Termination

Certain events may require or allow you to add or remove persons who are covered by this group health plan.

Coverage Change Events

Special Enrollment Events. The following events allow you to enroll in, add members, or change plans other than at open enrollment, if you select a plan within 60 days from the date of the event:

- You or your dependent lose minimum essential coverage as that term is defined in applicable law. For example, you or your dependent may lose other coverage due to:
 - Divorce or legal separation.
 - Death.
 - Losing status as a dependent.
 - Loss of other employer sponsored coverage or employer contribution, or your employer-sponsored plan will no longer be affordable or provide minimum value.
 - Termination or reduction in hours causing loss of other coverage.
 - Returning from military service.
 - Exhaustion of COBRA benefits.
 - Becoming entitled to Social Security.
 - No longer reside in the service area of the other coverage.
 - Loss of eligibility for coverage under Medicaid or the Children's Health Insurance Program (CHIP).
 - Becoming eligible for premium assistance under Medicaid or CHIP.
- You gain a dependent or become a dependent through marriage, birth, adoption or placement for adoption, or placement in foster care, or through a qualified medical child support order or other court order. See Qualified Medical Child Support Order, page 66.

When adding a dependent due to the dependent's loss of other coverage, only the

dependent or dependents who lost coverage may be added to the plan. You may be asked to provide documentation of the event to demonstrate eligibility.

Coverage Removal Events: The following events require you to remove the affected family member from your coverage:

- Death.
- Divorce or annulment (if spouses are eligible for coverage under this plan). Legal separation, also, may result in removal from coverage. If you become legally separated, notify your employer or group sponsor.
- Medicare eligibility. If you become eligible for Medicare, you must notify your employer or group sponsor immediately. If you are eligible for this group health plan other than as a current employee or a current employee's spouse (if spouses are eligible for coverage under this plan), your Medicare eligibility may terminate this coverage.

In case of the following coverage removal events, the affected dependent child's coverage for medical and prescription drug benefits may be continued until the end of the month on or after the date of the event:

- Completion of full-time schooling if the child is age 26 or older.
- Child who is not a full-time student or deemed disabled reaches age 26.
- Marriage of a child age 26 or older.

Pediatric Vision – for covered members under age 19. Pediatric vision coverage may be continued until the end of the month the child reaches age 19.

Reinstatement of Child

Reinstatement Events. A child up to age 26 who was removed from coverage may be reinstated on his or her parent's existing

coverage under any of the following conditions:

- Involuntary loss of creditable coverage (including, but not limited to, group or hawk-i coverage).
- Loss of creditable coverage due to:
 - Termination of employment or eligibility.
 - Death of spouse.
 - Divorce.
- Court ordered coverage for spouse or minor children under the parent's health insurance.
- Exhaustion of COBRA or Iowa continuation coverage.
- The plan member is employed by an employer that offers multiple health plans and elects a different plan during an open enrollment period.
- A change in status in which the employee becomes eligible to enroll in this group health plan and requests enrollment. See *Special Enrollment Events* earlier in this section.

Reinstatement Requirements. A request for reinstated coverage for a child up to age 26 must be made within 31 days of the reinstatement event. In addition, the following requirements must be met:

- The child must have been covered under the parent's current coverage at the time the child left that coverage to enroll in other creditable coverage.
- The parent's coverage must be currently in effect and continuously in effect during the time the child was enrolled in other creditable coverage.

Requirement to Notify Group Sponsor

You must notify your employer or group sponsor within 60 days of an event that changes the coverage status of members.

If you do not provide timely notification of an event that requires you to remove an affected family member, your coverage may be terminated.

Coverage Termination

The following events terminate your coverage eligibility.

- You become unemployed when your eligibility is based on employment.
- You become ineligible under your employer's or group sponsor's eligibility requirements for reasons other than unemployment.
- Your employer or group sponsor discontinues or replaces this group health plan.
- We decide to discontinue offering this group health benefit plan by giving written notice to you and your employer or group sponsor and the Commissioner of Insurance at least 90 days prior to termination.
- We decide to nonrenew all group health benefit plans delivered or issued for delivery to employers in Iowa by giving written notice to you and your employer or group sponsor and the Commissioner of Insurance at least 180 days prior to termination.
- The number of individuals covered under this group health plan falls below the number or percentage of eligible individuals required to be covered.
- Your employer sends a written request to terminate coverage.
- Your employer ends its membership in an association that is the basis of this coverage.

Also see *Fraud or Intentional Misrepresentation of Material Facts*, and *Nonpayment* later in this section.

When you become unemployed and your eligibility is based on employment, your coverage will end at the end of the month your employment ends. When your coverage terminates for all other reasons, check with your employer or group sponsor or call the Customer Service number on your ID card to verify the coverage termination date.

If you receive covered facility services as an inpatient of a hospital or a resident of a nursing facility on the date your coverage eligibility terminates, payment for the covered facility services will end on the earliest of the following:

- The end of your remaining days of coverage under this benefits plan.
- The date you are discharged from the hospital or nursing facility following termination of your coverage eligibility.
- A period not more than 60 days from the date of termination.

Only facility services will be covered under this extension of benefits provision. Benefits for professional services will end on the date of termination of your coverage eligibility.

Fraud or Intentional Misrepresentation of Material Facts

Your coverage will terminate immediately if:

- You use this group health plan fraudulently or intentionally misrepresent a material fact in your application; or
- Your employer or group sponsor commits fraud or intentionally misrepresents a material fact under the terms of this group health plan.

If your coverage is terminated for fraud or intentional misrepresentation of a material fact, then:

- We may declare this group health plan void retroactively from the effective date of coverage following a 30-day written notice. In this case, we will recover any claim payments made, minus any premiums paid.
- Premiums may be retroactively adjusted as if the fraud or intentionally misrepresented material fact had been accurately disclosed in your application.
- We will retain legal rights, including the right to bring a civil action.

Nonpayment

If you or your employer or group sponsor fail to make required payments to us when due or within the allowed grace period, your

coverage will terminate the last day of the month in which the required payments are due.

Coverage Continuation

When your coverage ends, you may be eligible to continue coverage under this group health plan.

COBRA Continuation

The federal Consolidated Omnibus Budget Reconciliation Act (COBRA) applies to most non-governmental employers with 20 or more employees. Generally, COBRA entitles you and eligible dependents to continue coverage if it is lost due to a qualifying event, such as employment termination, divorce, or loss of dependent status. You and your eligible dependents will be required to pay for continuation coverage. Other federal or state laws similar to COBRA may apply if COBRA does not. Your employer or group sponsor is required to provide you with additional information on continuation coverage if a qualifying event occurs.

Coverage Continuation or Reenrollment Upon Death of Eligible Peace Officer or Fire Fighter in the Line of Duty

Pursuant to Iowa Code section 509A.13C, a governing body, county board of supervisors, or city council that sponsors a health care coverage plan for its employees under Iowa Code chapter 509A shall permit continuation of existing coverage or reenrollment in previously existing health coverage for the surviving spouse and each surviving child of an eligible peace officer or fire fighter. An “eligible peace officer or fire fighter” means a peace officer, as defined in Iowa Code section 801.4, or a fire fighter, as defined in Iowa Code section 411.1, to which a line of duty death benefit is payable pursuant to Iowa Code section 97A.6, subsection 16, Iowa Code section 97B.52, subsection 2, or Iowa Code section 411.6, subsection 15. A governing body, a county board of supervisors, or a city council shall also permit continuation of existing

coverage for the surviving spouse and each surviving child of an eligible peace officer or fire fighter until such time as the determination is made as to whether to provide a line of duty death benefit.

Iowa Code section 509A.13C applies retroactively to allow reenrollment in previously existing health coverage for the surviving spouse and each surviving child of an eligible peace officer or fire fighter who died in the line of duty on or after January 1, 1985. Coverage benefits will be provided for services on or after the date of reenrollment.

Eligibility for continuation and reenrollment are subject to any applicable conditions and limitations in Iowa Code section 509A.13C. To request coverage continuation or reenrollment under Iowa Code section 509A.13C, the surviving spouse, on his/her behalf and on behalf of each surviving child, must provide written notification to the applicable governing body, county board of supervisors, or city council. The governing body, county board of supervisors, or city council must then notify Wellmark of the continuation or reenrollment request.

The governing body, county board of supervisors, or city council is not required to pay for the cost of the coverage for the surviving spouse and children but may choose to pay the cost or a portion of the cost for the coverage. If the full cost of the coverage is not paid by the governing body, county board of supervisors, or city council, the surviving spouse, on his/her behalf and on behalf of each surviving child, may elect to continue the health care coverage by paying that portion of the cost of the coverage not paid by the governing body, county board of supervisors, or city council.

The continuation and reenrollment options are not available if the surviving spouse or surviving child who would otherwise be entitled to continuation or reenrollment under this section was, through the surviving spouse's or surviving child's actions, a substantial contributing factor to

the death of the eligible peace officer or fire fighter.

Continuation Under Iowa Law

Under Iowa Code Chapter 509B, you may be eligible to continue your medical care coverage for up to nine months if:

- You lose the coverage you have been receiving through your employer or group sponsor; and
- You have been covered by your medical benefits plan continuously for the last three months.

Your employer or group sponsor must provide written notice of your right to continue coverage within 10 days of the last day you are considered employed or your coverage ends. You will then have 10 days to give your employer or group sponsor written notice that you want to continue coverage.

Your right to continue coverage ends 31 days after the date of your employment termination or the date you were given notice of your continuation right, whichever is later.

If you lose your coverage because of divorce, annulment, or death of the employee, you must notify the employer or group sponsor providing the coverage within 31 days.

Benefits provided by continuation coverage may not be identical to the benefits that active employees have and will be subject to different premium rates. You will be responsible for paying any premiums to your employer or group sponsor for continuation coverage.

If you believe the Iowa continuation law applies to you, you may contact your employer or group sponsor for information on premiums and any necessary paperwork.

If you are eligible for coverage continuation under both Iowa law and COBRA, your employer can comply with Iowa law by offering only COBRA continuation.

10. Claims

Once you receive services, we must receive a claim to determine the amount of your benefits. The claim lets us know the services you received, when you received them, and from which provider.

Neither you nor your provider shall bill Wellmark for services provided under a direct primary care agreement as authorized under Iowa law.

When to File a Claim

You need to file a claim if you:

- Use a provider who does not file claims for you. Wellmark Blue HMO Providers file claims for you.
- Purchase prescription drugs from a participating pharmacy but do not present your ID card.
- Pay in full for a drug that you believe should have been covered.

Your submission of a prescription to a participating pharmacy is not a filed claim and therefore is not subject to appeal procedures as described in the *Appeals* section. However, you may file a claim with us for a prescription drug purchase you think should have been a covered benefit.

Wellmark must receive claims within 180 days following the date of service of the claim or if you have other coverage that has primary responsibility for payment then within 180 days of the date of the other carrier's explanation of benefits. If you receive services outside of Wellmark's service area, Wellmark must receive the claim within 180 days following the date of service or within the filing requirement in the contractual agreement between the Participating Provider and the Host Blue. If you receive services from an Out-of-Network Provider, the claim has to be filed within 180 days following the date of service.

How to File a Claim

All claims must be submitted in writing.

1. Get a Claim Form

Forms are available at *Wellmark.com* or by calling the Customer Service number on your ID card.

2. Fill Out the Claim Form

Follow the same claim filing procedure regardless of where you received services. Directions are printed on the back of the claim form. Complete all sections of the claim form. For more efficient processing, all claims (including those completed out-of-country) should be written in English.

If you need assistance completing the claim form, call the Customer Service number on your ID card.

Medical Claim Form. Follow these steps to complete a medical claim form:

- Use a separate claim form for each covered family member and each provider.
- Attach a copy of an itemized statement prepared by your provider. We cannot accept statements you prepare, cash register receipts, receipt of payment notices, or balance due notices. In order for a claim request to qualify for processing, the itemized statement must be on the provider's stationery, and include at least the following:
 - Identification of provider: full name, address, tax or license ID numbers, and provider numbers.
 - Patient information: first and last name, date of birth, gender, relationship to plan member, and daytime phone number.
 - Date(s) of service.
 - Charge for each service.
 - Place of service (office, hospital, etc.).

- For injury or illness: date and diagnosis.
- For inpatient claims: admission date, patient status, attending physician ID.
- Days or units of service.
- Revenue, diagnosis, and procedure codes.
- Description of each service.

Prescription Drugs Covered Under Your Medical Benefits Claim Form.

For prescription drugs covered under your medical benefits (not covered under your Blue Rx Essentials prescription drug benefits), use a separate prescription drug claim form and include the following information:

- Pharmacy name and address.
- Patient information: first and last name, date of birth, gender, and relationship to plan member.
- Date(s) of service.
- Description and quantity of drug.
- Original pharmacy receipt or cash receipt with the pharmacist's signature on it.

Blue Rx Essentials Prescription Drug Claim Form.

For prescription drugs covered under your Blue Rx Essentials prescription drug benefits, complete the following steps:

- Use a separate claim form for each covered family member and each pharmacy.
- Complete all sections of the claim form. Include your daytime telephone number.
- Submit up to three prescriptions for the same family member and the same pharmacy on a single claim form. Use additional claim forms for claims that exceed three prescriptions or if the prescriptions are for more than one family member or pharmacy.
- Attach receipts to the back of the claim form in the space provided.

3. Sign the Claim Form

4. Submit the Claim

We recommend you retain a copy for your records. The original form you send or any attachments sent with the form cannot be returned to you.

Medical Claims and Claims for Drugs Covered Under Your Medical Benefits.

Send the claim to:

Wellmark
Station 1E238
P.O. Box 9291
Des Moines, IA 50306-9291

Medical Claims for Services Received Outside the United States.

Send the claim to the address printed on the claim form.

Blue Rx Essentials Prescription Drug Claims.

Send the claim to the address printed on the claim form.

Pediatric Vision Claims for covered members under age 19.

Send the claim to:

Avesis Claims Department
P.O. Box 7777
Phoenix, AZ 85001-7777

We may require additional information from you or your provider before a claim can be considered complete and ready for processing.

Notification of Decision

You will receive an Explanation of Benefits (EOB) following your claim. The EOB is a statement outlining how we applied benefits to a submitted claim. It details amounts that providers charged, network savings, our paid amounts, and amounts for which you are responsible.

In case of an adverse decision, the notice will be sent within 30 days of receipt of the claim. We may extend this time by up to 15 days if the claim determination is delayed for reasons beyond our control. If we do not send an explanation of benefits statement or a notice of extension within the 30-day period, you have the right to begin an

appeal. We will notify you of the circumstances requiring an extension and the date by which we expect to render a decision.

If an extension is necessary because we require additional information from you, the notice will describe the specific information needed. You have 45 days from receipt of the notice to provide the information. Without complete information, your claim will be denied.

If you have other insurance coverage, our processing of your claim may utilize coordination of benefits guidelines. See *Coordination of Benefits*, page 77.

Once we pay your claim, whether our payment is sent to you or to your provider, our obligation to pay benefits for the claim is discharged. However, we may adjust a claim due to overpayment or underpayment. In the case of Out-of-Network hospitals, M.D.s, and D.O.s located in Iowa, the health plan payment is made payable to the provider, but the check is sent to you. You are responsible for forwarding the check to the provider, plus any difference between the amount charged and our payment.

Exception Requests for Non-Formulary Prescription Drugs

Prescription drugs that are not listed on the Wellmark Blue Rx Essentials Drug List are not covered. However, you may submit an exception request for coverage of a non-formulary drug (i.e., a drug that is not included on the Wellmark Blue Rx Essentials Drug List). The form is available at *Wellmark.com* or by calling the Customer Service number on your ID card. Your prescribing physician or other provider must provide a clinical justification supporting the need for the non-formulary drug to treat your condition. The provider should include a statement that:

- All covered formulary drugs on any tier have been ineffective; or

- All covered formulary drugs on any tier will be ineffective; or
- All covered formulary drugs on any tier would not be as effective as the non-formulary drug; or
- All covered formulary drugs would have adverse effects.

Wellmark will respond within 72 hours of receiving the Exception Request for Non-Formulary Prescription Drugs form. For expedited requests, Wellmark will respond within 24 hours.

In the event Wellmark denies your exception request, you and your provider will be sent additional information regarding your ability to request an independent review of our decision. If the independent reviewer approves your exception request, we will treat the drug as a covered benefit for the duration of your prescription. You will be responsible for out-of-pocket costs (for example: deductible, copay, or coinsurance, if applicable) as if the non-formulary drug is on the highest tier of the Wellmark Blue Rx Essentials Drug List. Amounts you pay will be counted toward any applicable out-of-pocket maximums. If the independent reviewer upholds Wellmark's denial of your exception request, the drug will not be covered, and this decision will not be considered an adverse benefit determination, and will not be eligible for further appeals. You may choose to purchase the drug at your own expense.

The Exception Request for Non-Formulary Prescription Drugs process is only available for FDA-approved prescription drugs that are not on the Wellmark Blue Rx Essentials Drug List. It is not available for items that are specifically excluded under your benefits, such as cosmetic drugs, convenience packaging, non-FDA approved drugs, infused drugs, most over-the-counter medications, nutritional, vitamin and dietary supplements, or antigen therapy. The preceding list of excluded items is illustrative only and is not a complete list of items that are not eligible for the process.

Request for Benefit Exception Review

If you have received an adverse benefit determination that denies or reduces benefits or fails to provide payment in whole or in part for any of the following services, when recommended by your treating provider as medically necessary, you or an individual acting as your authorized representative may request a benefit exception review.

Services subject to this exception process:

- For a woman who previously has had breast cancer, ovarian cancer, or other cancer, but who has not been diagnosed with BRCA-related cancer, appropriate preventive screening, genetic counseling, and genetic testing.
- FDA-approved contraceptive items or services prescribed by your health care provider based upon a specific determination of medical necessity for you.
- For transgender individuals, sex-specific preventive care services (e.g., mammograms and Pap smears) that his or her attending provider has determined are medically appropriate.
- For dependent children, certain well-woman preventive care services that the attending provider determined are age- and developmentally-appropriate.
- Anesthesia services in connection with a preventive colonoscopy when your attending provider determined that anesthesia would be medically appropriate.
- A required consultation prior to a screening colonoscopy, if your attending provider determined that the pre-procedure consultation would be medically appropriate for you.
- If you received pathology services from an in-network provider related to a preventive colonoscopy screening for which you were responsible for a portion of the cost, such as a deductible, copayment or coinsurance.
- Certain immunizations that ACIP recommends for specified individuals (rather than for routine use for an entire population), when prescribed by your health care provider consistent with the ACIP recommendations.
- FDA-approved intrauterine devices and implants, if prescribed by your health care provider.
- Brand name drug when the generic equivalent drug is available, if your provider determines the brand name drug is medically necessary and the generic equivalent drug is medically inappropriate.

You may request a benefit exception review orally or in writing by submitting your request to the address listed in the *Appeals* section. To be considered, your request must include a letter or statement from your treating provider that the services or supplies were medically necessary and your treating provider's reason(s) for their determination that the services or supplies were medically necessary.

Your request will be addressed within the timeframes outlined in the *Appeals* section based upon whether your request is a medically urgent or non-medically urgent matter.

11. Coordination of Benefits

Coordination of benefits applies when you have more than one plan, insurance policy, or group health plan that provides the same or similar benefits as this plan. Benefits payable under this plan, when combined with those paid under your other coverage, will not be more than 100 percent of either our payment arrangement amount or the other plan's payment arrangement amount.

The method we use to calculate the payment arrangement amount may be different from your other plan's method.

In some instances, our claim payment amount is based on a uniform payment per patient, called *capitation*. When you receive services payable by capitation and your other carrier has primary payment responsibility for covered services:

- We are not responsible for payment to your health care provider beyond the applicable capitation amount; and
- You are not responsible for copayment amounts that would apply if coverage under your medical benefits were the primary coverage.

Other Coverage

When you receive services, you must inform us that you have other coverage, and inform your health care provider about your other coverage. Other coverage includes any of the following:

- Group and nongroup insurance contracts and subscriber contracts.
- HMO contracts.
- Uninsured arrangements of group or group-type coverage.
- Group and nongroup coverage through closed panel plans.
- Group-type contracts.
- The medical care components of long-term contracts, such as skilled nursing care.

- Medicare or other governmental benefits (not including Medicaid).
- The medical benefits coverage of your auto insurance (whether issued on a fault or no-fault basis).

Coverage that is not subject to coordination of benefits includes the following:

- Hospital indemnity coverage or other fixed indemnity coverage.
- Accident-only coverage.
- Specified disease or specified accident coverage.
- Limited benefit health coverage, as defined by Iowa law.
- School accident-type coverage.
- Benefits for nonmedical components of long-term care policies.
- Medicare supplement policies.
- Medicaid policies.
- Coverage under other governmental plans, unless permitted by law.

You must cooperate with Wellmark and provide requested information about other coverage. Failure to provide information can result in a denied claim. We may get the facts we need from or give them to other organizations or persons for the purpose of applying the following rules and determining the benefits payable under this plan and other plans covering you. We need not tell, or get the consent of, any person to do this.

Your Wellmark Blue HMO Provider will forward your coverage information to us. If you see an Out-of-Network Provider, you are responsible for informing us about your other coverage.

Claim Filing

If you know that your other coverage has primary responsibility for payment, after you receive services or obtain a covered prescription drug, a claim should be submitted to your other insurance carrier

first. If that claim is processed with an unpaid balance for benefits eligible under this group health plan, you or your provider should submit a claim to us and attach the other carrier's explanation of benefit payment within 180 days of the date of the other carrier's explanation of benefits. We may contact your provider or the other carrier for further information.

Rules of Coordination

We follow certain rules to determine which health plan or coverage pays first (as the primary plan) when other coverage provides the same or similar benefits as this health plan. Here are some of those rules:

- The primary plan pays or provides benefits according to its terms of coverage and without regard to the benefits under any other plan. Except as provided below, a plan that does not contain a coordination of benefits provision that is consistent with applicable regulations is always primary unless the provisions of both plans state that the complying plan is primary.
- Coverage that is obtained by membership in a group and is designed to supplement a part of a basic package of benefits is excess to any other parts of the plan provided by the contract holder. (Examples of such supplementary coverage are major medical coverage that is superimposed over base plan hospital and surgical benefits and insurance-type coverage written in connection with a closed panel plan to provide Out-of-Network benefits.)

The following rules are to be applied in order. The first rule that applies to your situation is used to determine the primary plan.

- The coverage that you have as an employee, plan member, subscriber, policyholder, or retiree pays before coverage that you have as a spouse or dependent. However, if the person is a Medicare beneficiary and, as a result of

federal law, Medicare is secondary to the plan covering the person as a dependent and primary to the plan covering the person as other than a dependent (e.g., a retired employee), then the order of benefits between the two plans is reversed, so that the plan covering the person as the employee, plan member, subscriber, policyholder or retiree is the secondary plan and the other plan is the primary plan.

- The coverage that you have as the result of active employment (not laid off or retired) pays before coverage that you have as a laid-off or retired employee. The same would be true if a person is a dependent of an active employee and that same person is a dependent of a retired or laid-off employee. If the other plan does not have this rule and, as a result, the plans do not agree on the order of benefits, this rule is ignored.
- If a person whose coverage is provided pursuant to COBRA or under a right of continuation provided by state or other federal law is covered under another plan, the plan covering the person as an employee, plan member, subscriber, policyholder or retiree or covering the person as a dependent of an employee, member, subscriber or retiree is the primary plan and the COBRA or state or other federal continuation coverage is the secondary plan. If the other plan does not have this rule and, as a result, the plans do not agree on the order of benefits, this rule is ignored.
- The coverage with the earliest continuous effective date pays first if none of the rules above apply.
- Notwithstanding the preceding rules, when you present your Blue Rx Essentials ID card to a pharmacy as the primary payer, your Blue Rx Essentials prescription drug benefits are primary for prescription drugs purchased at the pharmacy. If, under the preceding rules, your Blue Rx Essentials prescription drug benefits are secondary and you present your Blue Rx Essentials ID card

to a pharmacy as the secondary payer, your Blue Rx Essentials prescription drug benefits are secondary for prescription drugs purchased at the pharmacy.

- If the preceding rules do not determine the order of benefits and if the plans cannot agree on the order of benefits within 30 calendar days after the plans have received all information needed to pay the claim, the plans will pay the claim in equal shares and determine their relative liabilities following payment. However, we will not pay more than we would have paid had this plan been primary.

Dependent Children

To coordinate benefits for a dependent child, the following rules apply (unless there is a court decree stating otherwise):

- If the child is covered by both parents who are married (and not separated) or who are living together, whether or not they have been married, then the coverage of the parent whose birthday occurs first in a calendar year pays first. If both parents have the same birthday, the plan that has covered the parent the longest is the primary plan.
- For a child covered by separated or divorced parents or parents who are not living together, whether or not they have been married:
 - If a court decree states that one of the parents is responsible for the child's health care expenses or coverage and the plan of that parent has actual knowledge of those terms, then that parent's coverage pays first. If the parent with responsibility has no health care coverage for the dependent child's health care expenses, but that parent's spouse does, that parent's spouse's coverage pays first. This item does not apply with respect to any plan year during which benefits are paid or provided before the entity has actual

knowledge of the court decree provision.

- If a court decree states that both parents are responsible for the child's health care expense or health care coverage or if a court decree states that the parents have joint custody without specifying that one parent has responsibility for the health care expenses or coverage of the dependent child, then the coverage of the parent whose birthday occurs first in a calendar year pays first. If both parents have the same birthday, the plan that has covered the parent the longest is the primary plan.
- If a court decree does not specify which parent has financial or insurance responsibility, then the coverage of the parent with custody pays first. The payment order for the child is as follows: custodial parent, spouse of custodial parent, other parent, spouse of other parent. A custodial parent is the parent awarded custody by a court decree or, in the absence of a court decree, is the parent with whom the child resides more than one-half of the calendar year excluding any temporary visitation.
- For a dependent child covered under more than one plan of individuals who are not the parents of the child, the order of benefits shall be determined, as applicable, as outlined previously in this Dependent Children section.
- For a dependent child who has coverage under either or both parents' plans and also has his or her own coverage as a dependent under a spouse's plan, the plan that covered the dependent for the longer period of time is the primary plan. If the dependent child's coverage under the spouse's plan began on the same date as the dependent child's coverage under either or both parents' plans, the order of benefits shall be determined, as applicable, as outlined in

the first bullet of this *Dependent Children* section, to the dependent child's parent or parents and the dependent's spouse.

- If the preceding rules do not determine the order of benefits and if the plans cannot agree on the order of benefits within 30 calendar days after the plans have received all information needed to pay the claim, the plans will pay the claim in equal shares and determine their relative liabilities following payment. However, we will not pay more than we would have paid had this plan been primary.

Coordination with Noncomplying Plans

If you have coverage with another plan that is excess or always secondary or that does not comply with the preceding rules of coordination, we may coordinate benefits on the following basis:

- If this is the primary plan, we will pay its benefits first.
- If this is the secondary plan, we will pay benefits first, but the amount of benefits will be determined as if this plan were secondary. Our payment will be limited to the amount we would have paid had this plan been primary.
- If the noncomplying plan does not provide information needed to determine benefits, we will assume that the benefits of the noncomplying plan are identical to this plan and will administer benefits accordingly. If we receive the necessary information within two years of payment of the claim, we will adjust payments accordingly.
- In the event that the noncomplying plan reduces its benefits so you receive less than you would have received if we had paid as the secondary plan and the noncomplying plan was primary, we will advance an amount equal to the difference. In no event will we advance more than we would have paid had this plan been primary, minus any amount previously paid. In consideration of the

advance, we will be subrogated to all of your rights against the noncomplying plan. See *Subrogation*, page 96.

- If the preceding rules do not determine the order of benefits and if the plans cannot agree on the order of benefits within 30 calendar days after the plans have received all information needed to pay the claim, the plans will pay the claim in equal shares and determine their relative liabilities following payment. However, we will not pay more than we would have paid had this plan been primary.

Effects on the Benefits of this Plan

In determining the amount to be paid for any claim, the secondary plan will calculate the benefits it would have paid in the absence of other coverage and apply the calculated amount to any allowable expense under its plan that is unpaid by the primary plan. The secondary plan may then reduce its payment by the amount so that, when combined with the amount paid by the primary plan, total benefits paid or provided by all plans for the claim do not exceed the total allowable expense for that claim. In addition, the secondary plan will credit to its applicable deductible any amounts it would have credited to its deductible in the absence of other coverage.

If a person is enrolled in two or more closed panel plans and if, for any reason including the provision of service by a non-panel provider, benefits are not payable by one closed panel plan, coordination of benefits will not apply between that plan and other closed panel plans.

Right of Recovery

If the amount of payments made by us is more than we should have paid under these coordination of benefits provisions, we may recover the excess from any of the persons to or for whom we paid, or from any other person or organization that may be responsible for the benefits or services provided for the covered person. The amount of payments made includes the

reasonable cash value of any benefits provided in the form of services.

Plans That Provide Benefits as Services

A secondary plan that provides benefits in the form of services may recover the reasonable cash value of the service from the primary plan, to the extent benefits for the services are covered by the primary plan and have not already been paid or provided by the primary plan.

Coordination with Medicare

Medicare is by law the secondary coverage to group health plans in a variety of situations.

The following provisions apply only if you have both Medicare and employer group health coverage and meet the specific Medicare Secondary Payer provisions for the applicable Medicare entitlement reason.

Medicare Part B Drugs

Drugs paid under Medicare Part B are covered under the medical benefits of this plan.

Working Aged

If you are a member of a group health plan of an employer with at least 20 employees for each working day for at least 20 calendar weeks in the current or preceding year, then in most situations Medicare is the secondary payer if the beneficiary is:

- Age 65 or older; and
- A current employee or spouse of a current employee covered by an employer group health plan.

Working Disabled

If you are a member of a group health plan of an employer with at least 100 full-time, part-time, or leased employees on at least 50 percent of regular business days during the preceding calendar year, then in most situations Medicare is the secondary payer if the beneficiary is:

- Under age 65;

- A recipient of Medicare disability benefits; and
- A current employee or a spouse or dependent of a current employee, covered by an employer group health plan.

End-Stage Renal Disease (ESRD)

The ESRD requirements apply to group health plans of all employers, regardless of the number of employees. Under these requirements, Medicare is the secondary payer during the first 30 months of Medicare eligibility if both of the following are true:

- The beneficiary is eligible for Medicare coverage as an ESRD patient; and
- The beneficiary is covered by an employer group health plan.

If the beneficiary is already covered by Medicare due to age or disability and the beneficiary becomes eligible for Medicare ESRD coverage, Medicare generally is the secondary payer during the first 30 months of ESRD eligibility. However, if the group health plan is secondary to Medicare (based on other Medicare secondary-payer requirements) at the time the beneficiary becomes eligible for ESRD, the group health plan remains secondary to Medicare.

This is only a general summary of the laws. For complete information, contact your employer or the Social Security Administration.

12. Appeals

Right of Appeal

You have the right to one full and fair review in the case of an adverse benefit determination that denies, reduces, or terminates benefits, or fails to provide payment in whole or in part. Adverse benefit determinations include a denied or reduced claim, a rescission of coverage, or an adverse benefit determination concerning a pre-service notification requirement. Pre-service notification requirements are:

- A precertification request.
- A notification of admission or services.
- A prior approval request.
- A prior authorization request for prescription drugs.

How to Request an Internal Appeal

You or your authorized representative, if you have designated one, may appeal an adverse benefit determination within 180 days from the date you are notified of our adverse benefit determination by submitting a written appeal. Appeal forms are available at our website, *Wellmark.com*. See *Authorized Representative*, page 94.

Medically Urgent Appeal

To appeal an adverse benefit determination involving a medically urgent situation, you may request an expedited appeal, either orally or in writing. Medically urgent generally means a situation in which your health may be in serious jeopardy or, in the opinion of your physician, you may experience severe pain that cannot be adequately controlled while you wait for a decision.

Non-Medically Urgent Appeal

To appeal an adverse benefit determination that is not medically urgent, you must make your request for a review in writing.

What to Include in Your Internal Appeal

You must submit all relevant information with your appeal, including the reason for your appeal. This includes written comments, documents, or other information in support of your appeal. You must also submit:

- Date of your request.
- Your name (please type or print), address, and if applicable, the name and address of your authorized representative.
- Member identification number.
- Claim number from your Explanation of Benefits, if applicable.
- Date of service in question.

For a prescription drug appeal, you also must submit:

- Name and phone number of the pharmacy.
- Name and phone number of the practitioner who wrote the prescription.
- A copy of the prescription.
- A brief description of your medical reason for needing the prescription.

If you have difficulty obtaining this information, ask your provider or pharmacist to assist you.

Where to Send Internal Appeal

Medical, Prescription Drugs, and Pediatric Vision (for members covered under age 19).

Wellmark Health Plan of Iowa, Inc.
Special Inquiries
P.O. Box 9232, Station 5W189
Des Moines, IA 50306-9232

Review of Internal Appeal

Your request for an internal appeal will be reviewed only once. The review will take into account all information regarding the adverse benefit determination whether or not the information was presented or available at the initial determination. Upon request, and free of charge, you will be provided reasonable access to and copies of all relevant records used in making the initial determination. Any new information or rationale gathered or relied upon during the appeal process will be provided to you prior to Wellmark issuing a final adverse benefit determination and you will have the opportunity to respond to that information or to provide information.

The review will not be conducted by the original decision makers or any of their subordinates. The review will be conducted without regard to the original decision. If a decision requires medical judgment, we will consult an appropriate medical expert who was not previously involved in the original decision and who has no conflict of interest in making the decision. If we deny your appeal, in whole or in part, you may request, in writing, the identity of the medical expert we consulted.

Decision on Internal Appeal

The decision on appeal is the final internal determination. Once a decision on internal appeal is reached, your right to internal appeal is exhausted.

Medically Urgent Appeal

For a medically urgent appeal, you will be notified (by telephone, e-mail, fax or another prompt method) of our decision as soon as possible, based on the medical situation, but no later than 72 hours after your expedited appeal request is received. If the decision is adverse, a written notification will be sent.

All Other Appeals

For all other appeals, you will be notified in writing of our decision. Most appeal requests will be determined within 30 days

and all appeal requests will be determined within 60 days.

External Review

You have the right to request an external review of a final adverse determination involving a covered service when the determination involved:

- Medical necessity.
- Appropriateness of services or supplies, including health care setting, level of care, or effectiveness of treatment.
- Investigational or experimental services or supplies.
- Concurrent review or admission to a facility. See *Notification Requirements and Care Coordination*, page 51.
- A rescission of coverage.

An adverse determination eligible for external review does not include a denial of coverage for a service or treatment specifically excluded under this plan.

The external review will be conducted by independent health care professionals who have no association with us and who have no conflict of interest with respect to the benefit determination.

Have you exhausted the appeal process?

Before you can request an external review, you must first exhaust the internal appeal process described earlier in this section. However, if you have not received a decision regarding the adverse benefit determination within 30 days following the date of your request for an appeal, you are considered to have exhausted the internal appeal process.

Requesting an external review. You or your authorized representative may request an external review through the Iowa Insurance Division by completing an External Review Request Form and submitting the form as described in this section. You may obtain this request form by calling the Customer Service number on your ID card, by visiting our website at *Wellmark.com*, by contacting the Iowa Insurance Division, or by visiting the Iowa

Insurance Division's website at www.iid.iowa.gov.

You will be required to authorize the release of any medical records that may be required to be reviewed for the purpose of reaching a decision on your request for external review.

Requests must be filed in writing at the following address, no later than four months after you receive notice of the final adverse benefit determination:

Iowa Insurance Division
 Two Ruan Center
 601 Locust, 4th Floor
 Des Moines, IA 50309-3738
 Fax: 515-281-3059
 E-mail:
iid.marketregulation@iid.iowa.gov

How the review works. Upon notification that an external review request has been filed, Wellmark will make a preliminary review of the request to determine whether the request may proceed to external review. Following that review, the Iowa Insurance Division will decide whether your request is eligible for an external review, and if it is, the Iowa Insurance Division will assign an independent review organization (IRO) to conduct the external review. You will be advised of the name of the IRO and will then have five business days to provide new information to the IRO. The IRO will make a decision within 45 days of the date the Iowa Insurance Division receives your request for an external review.

Need help? You may contact the Iowa Insurance Division at **877-955-1212** at any time for assistance with the external review process.

Expedited External Review

You do not need to exhaust the internal appeal process to request an external review of an adverse determination or a final adverse determination if you have a medical

condition for which the time frame for completing an internal appeal or for completing a standard external review would seriously jeopardize your life or health or would jeopardize your ability to regain maximum function.

You may also have the right to request an expedited external review of a final adverse determination that concerns an admission, availability of care, concurrent review, or service for which you received emergency services, and you have not been discharged from a facility.

If our adverse benefit determination is that the service or treatment is investigational or experimental and your treating physician has certified in writing that delaying the service or treatment would render it significantly less effective, you may also have the right to request an expedited external review.

You or your authorized representative may submit an oral or written expedited external review request to the Iowa Insurance Division by contacting the Iowa Insurance Division at **877-955-1212**.

If the Insurance Division determines the request is eligible for an expedited external review, the Division will immediately assign an IRO to conduct the review and a decision will be made expeditiously, but in no event more than 72 hours after the IRO receives the request for an expedited external review.

Arbitration and Legal Action

You shall not start arbitration or legal action against us until you have exhausted the appeal procedure described in this section. See the *Arbitration and Legal Action* section and *Governing Law*, page 95, for important information about your arbitration and legal action rights after you have exhausted the appeal procedures in this section.

13. Arbitration and Legal Action

PLEASE READ THIS SECTION CAREFULLY

Mandatory Arbitration

You shall not start an action against us on any Claims (as defined below) unless you have first exhausted the appeal processes described in the *Appeals* section of this coverage manual.

Except as solely discussed below, this section provides that Claims must be resolved by binding mandatory arbitration. Arbitration replaces the right to go to court, have a jury trial or initiate or participate in a class action. In arbitration, disputes are resolved by an arbitrator, not a judge or a jury. Arbitration procedures are simpler and more limited than in court.

Covered Claims

Except as solely stated below, you or we must arbitrate any claim, dispute or controversy arising out of or related to this coverage manual or any other document related to your health plan, including, but not limited to, member eligibility, benefits under your health plan or administration of your health plan (any and/or all of the foregoing called “Claims”).

Except as stated below, all Claims are subject to mandatory arbitration, no matter what legal theory they are based, whether in law or equity, upon or what remedy (damages, or injunctive or declaratory relief) they seek, including Claims based on contract, tort (including intentional tort), fraud, agency, your or our negligence, statutory or regulatory provisions, or any other sources of law; counterclaims, cross-claims, third-party claims, interpleaders or otherwise; Claims made regarding past, present or future conduct; and Claims made independently or with other claims. This also includes Claims made by or against anyone connected with us or you or claiming through us or you, or by someone

making a claim through us or you, such as a covered family member, employee, agent, representative, or an affiliated or subsidiary company. For purposes of this *Arbitration and Legal Action* section, the words “we,” “us,” and “our” refer to Wellmark, Inc. and its subsidiaries and affiliates, as well as directors, officers, employees and agents of Wellmark, Inc. and its subsidiaries and affiliates.

No Class Arbitrations and Class Actions Waiver

YOU UNDERSTAND AND AGREE THAT YOU AND WE BOTH ARE VOLUNTARILY AND IRREVOCABLY WAIVING THE RIGHT TO PURSUE OR HAVE A DISPUTE RESOLVED AS A PLAINTIFF OR CLASS MEMBER IN ANY PURPORTED CLASS, COLLECTIVE OR REPRESENTATIVE PROCEEDING PENDING BETWEEN YOU AND US. YOU ARE AGREEING TO GIVE UP THE ABILITY TO PARTICIPATE IN CLASS ARBITRATIONS, CLASS ACTIONS AND ANY OTHER COLLECTIVE OR REPRESENTATIVE ACTIONS. Neither you nor we consent to the incorporation of the AAA Supplementary Rules for Class Arbitration into the rules governing the arbitration of Claims. The arbitrator has no authority to arbitrate any claim on a class or representative basis and may award relief only on an individual basis. Claims of two or more persons may not be combined in the same arbitration, unless both you and we agree to do so.

Claims Excluded from Mandatory Arbitration

- Small Claims – individual Claims filed in a small claims court are not subject to arbitration, as long as the matter stays in small claims court.
- Claims Excluded By Applicable Law – federal or state law may exempt certain Claims from mandatory arbitration. **IF**

AN ARBITRATOR DETERMINES A PARTICULAR CLAIM IS EXCLUDED FROM ARBITRATION BY FEDERAL OR STATE LAW, CLAIMS EXCLUDED BY APPLICABLE LAW, LATER IN THIS SECTION, AND GOVERNING LAW, PAGE 95, WILL APPLY TO THE PARTIES AND SUCH PARTICULAR CLAIM.

Arbitration Process Generally

- No demand for arbitration of a Claim because of a health benefit claim under this policy, or because of the alleged breach of this policy, shall be made more than two years after the end of the calendar year in which the services or supplies were provided.
- Arbitration shall be conducted by the American Arbitration Association (“AAA”) according to the Federal Arbitration Act (“FAA”) (to the exclusion of any state laws inconsistent therewith), this arbitration provision and the applicable AAA Consumer Arbitration Rules in effect when the Claim is filed (“AAA Rules”), except where those rules conflict with this arbitration provision. You can obtain copies of the AAA Rules at the AAA’s website (www.adr.org). You or we may choose to have a hearing, appear at any hearing by phone or other electronic means, and/or be represented by counsel. Any in-person hearing will be held in the same city as the U.S. District Court closest to your billing address.
- Either you or we may apply to a court for emergency, temporary or preliminary injunctive relief or an order in aid of arbitration (i) prior to the appointment of an arbitrator or (ii) after the arbitrator makes a final award and closes the arbitration. Once an arbitrator has been appointed until the arbitration is closed, emergency, temporary or preliminary injunctive relief may only be granted by the arbitrator. Either you or we may apply to a court for enforcement of any emergency, temporary or preliminary injunctive relief granted by the arbitrator.
- Arbitration may be compelled at any time by either party, even where there is a pending lawsuit in court, unless a trial has begun or a final judgment has been entered. Neither you nor we waive the right to arbitrate by filing or serving a complaint, answer, counterclaim, motion, or discovery in a court lawsuit. To invoke arbitration, a party may file a motion to compel arbitration in a pending matter and/or commence arbitration by submitting the required AAA forms and requisite filing fees to the AAA.
- The arbitration shall be conducted by a single arbitrator in accordance with this arbitration provision and the AAA Rules, which may limit discovery. The arbitrator shall not apply any federal or state rules of civil procedure for discovery, but the arbitrator shall honor claims of privilege recognized at law and shall take reasonable steps to protect plan information and other confidential information of either party if requested to do so. The parties agree that the scope of discovery will be limited to non-privileged information that is relevant to the Claim, and consistent with the parties’ intent, the arbitrator shall ensure that allowed discovery is reasonable in scope, cost-effective and non-onerous to either party. The arbitrator shall apply the FAA and other applicable substantive law not inconsistent with the FAA, and may award damages or other relief under applicable law.
- The arbitrator shall make any award in writing and, if requested by you or us, may provide a brief written statement of the reasons for the award. An arbitration award shall decide the rights and obligations only of the parties named in the arbitration and shall not have any bearing on any other person or dispute.

IF ARBITRATION IS INVOKED BY ANY PARTY WITH RESPECT TO A CLAIM, NEITHER YOU NOR WE WILL HAVE THE RIGHT TO LITIGATE THAT CLAIM IN COURT OR HAVE A JURY TRIAL ON THAT CLAIM, OR TO ENGAGE IN PREARBITRATION DISCOVERY EXCEPT AS PROVIDED FOR IN THE APPLICABLE ARBITRATION RULES. THE ARBITRATOR'S DECISION WILL BE FINAL AND BINDING. YOU UNDERSTAND THAT OTHER RIGHTS THAT YOU WOULD HAVE IF YOU WENT TO COURT MAY ALSO NOT BE AVAILABLE IN ARBITRATION.

Arbitration Fees and Other Costs

The AAA Rules determine what costs you and we will pay to the AAA in connection with the arbitration process. In most instances, your responsibility for filing, administrative and arbitrator fees to pursue a Claim in arbitration will not exceed \$200. However, if the arbitrator decides that either the substance of your claim or the remedy you asked for is frivolous or brought for an improper purpose, the arbitrator will use the AAA Rules to determine whether you or we are responsible for the filing, administrative and arbitrator fees.

You may wish to consult with or be represented by an attorney during the arbitration process. Each party is responsible for its own attorney's fees and other expenses, such as witness fees and expert witness costs.

Confidentiality

The arbitration proceedings and arbitration award shall be maintained by the parties as strictly confidential, except as is otherwise required by court order, as is necessary to confirm, vacate or enforce the award, and for disclosure in confidence to the parties' respective attorneys and tax advisors of a party who is an individual.

Questions of Arbitrability

You and we mutually agree that the arbitrator, and not a court, will decide in the first instance all questions of substantive arbitrability, including without limitation the validity of this Section, whether you and we are bound by it, and whether this Section applies to a particular Claim.

Claims Excluded By Applicable Law

If an arbitrator determines a particular Claim is excluded from arbitration by federal or state law, you and we agree that the following terms will apply to any legal or equitable action brought in court because of such Claim:

- You shall not bring any legal or equitable action against us because of a health benefit claim under this policy, or because of the alleged breach of this policy, more than two years after the end of the calendar year in which the services or supplies were provided.
- Any action brought because of a Claim under this policy will be litigated in the state or federal courts located in Des Moines, Polk County, Iowa and in no other.
- **YOU AND WE BOTH WAIVE ANY RIGHT TO A JURY TRIAL WITH RESPECT TO AND IN ANY CLAIM.**
- **FURTHER, YOU AND WE BOTH WAIVE ANY RIGHT TO SEEK OR RECOVER PUNITIVE OR EXEMPLARY DAMAGES WITH RESPECT TO ANY CLAIM.**

Survival and Severability of Terms

This *Arbitration and Legal Action* section will survive termination of the plan. If any portion of this provision is deemed invalid or unenforceable under any law or statute it will not invalidate the remaining portions of this *Arbitration and Legal Action* section or the plan. To the extent a Claim qualifies for mandatory arbitration and there is a conflict

or inconsistency between the AAA Rules and this *Arbitration and Legal Action* section, this *Arbitration and Legal Action* section will govern.

14. Your Rights Under ERISA

Employee Retirement Income Security Act of 1974

Your rights concerning your coverage may be protected by the Employee Retirement Income Security Act of 1974 (ERISA), a federal law protecting your rights under this benefits plan. Any employee benefits plan established or maintained by an employer or employee organization or both is subject to this federal law unless the benefits plan is a governmental or church plan as defined in ERISA.

As a participant in this group health plan, you are entitled to certain rights and protections under the Employee Retirement Income Security Act of 1974 (ERISA).

Receive Information About Your Plan and Benefits

You may examine, without charge, at the plan administrator's office or at other specified locations, such as worksites and union halls, all documents governing the plan, including insurance contracts and collective bargaining agreements, and a copy of the latest annual report (Form 5500 Series) filed by the plan with the U.S. Department of Labor and available at the Public Disclosure Room of the Employee Benefits Security Administration.

You may obtain, upon written request to the plan administrator, copies of documents governing the operation of the plan, including insurance contracts and collective bargaining agreements, and copies of the latest annual report (Form 5500 Series) and updated summary plan description. The plan administrator may make a reasonable charge for the copies.

You may also obtain a summary of the plan's annual financial report. The plan administrator is required by law to furnish you with a copy of this summary annual report.

Continued Group Health Plan Coverage

You have the right to continue health care coverage for yourself, spouse or dependents if there is a loss of coverage under the plan as a result of a qualifying event. However, you or your dependents may have to pay for such coverage. For more information on the rules governing your COBRA continuation coverage rights, review this coverage manual and the documents governing the plan. See *COBRA Continuation*, page 71.

Prudent Actions by Plan Fiduciaries

In addition to creating rights for plan participants, ERISA imposes duties upon the people responsible for the operation of your employee benefits plan. The people who operate the plan, called *fiduciaries* of the plan, have a duty to do so prudently and in the interest of you and other plan participants and beneficiaries. No one, including your employer, your union, or any other person, may fire you or otherwise discriminate against you in any way to prevent you from obtaining a welfare benefit or exercising your rights under ERISA.

Enforcement of Rights

If your claim for a covered benefit is denied or ignored, in whole or in part, you have a right to know why this was done, to obtain copies of documents relating to the decision without charge, and to appeal any denial, all within certain time schedules.

Under ERISA, there are steps you can take to enforce the above rights. For instance, if you request a copy of plan documents or the latest annual report from the plan and do not receive them within 30 days, you may file suit in federal court. In such a case, the court may require the plan administrator to provide the materials and pay you up to \$110 a day until you receive the materials, unless the materials were not sent because of reasons beyond the control of the plan administrator. If you have a claim for

benefits which is denied or ignored, in whole or in part, you may file suit in a state or federal court. In addition, if you disagree with the plan's decision or lack thereof concerning the qualified status of a domestic relations order or a medical child support order, you may file suit in federal court. If it should happen that plan fiduciaries misuse the plan's money, or if you are discriminated against for asserting your rights, you may seek assistance from the U.S. Department of Labor, or you may file suit in a federal court. The court will decide who should pay court costs and legal fees. If you are successful, the court may order the person you have sued to pay these costs and fees. If you lose, the court may order you to pay these costs and fees, for example, if it finds your claim is frivolous.

Assistance With Your Questions

If you have any questions about your plan, you should contact the plan administrator. If you have questions about this statement or about your rights under ERISA, or if you need assistance in obtaining documents from the plan administrator, you should contact the nearest office of the *Employee Benefits Security Administration, U.S. Department of Labor*, listed in the telephone directory, or write to:

Division of Technical Assistance and
Inquiries
Employee Benefits Security
Administration
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, D.C. 20210

You may also obtain certain publications about your rights and responsibilities under ERISA by calling the publications hotline of the *Employee Benefits Security Administration*.

15. General Provisions

Contract

The conditions of your coverage are defined in your contract. Your contract includes:

- Any application you submitted to us or to your employer or group sponsor.
- Any agreement or group policy we have with your employer or group sponsor.
- Any application completed by your employer or group sponsor.
- This coverage manual and any amendments.

All of the statements made by you or your employer or group sponsor in any of these materials will be treated by us as representations, not warranties.

Interpreting this Coverage Manual

We will interpret the provisions of this coverage manual and determine the answer to all questions that arise under it. We have the administrative discretion to determine whether you meet our written eligibility requirements, or to interpret any other term in this coverage manual. If any benefit described in this coverage manual is subject to a determination of medical necessity, unless otherwise required by law, we will make that factual determination. Our interpretations and determinations are final and conclusive, subject to the appeal procedures outlined earlier in this coverage manual.

There are certain rules you must follow in order for us to properly administer your benefits. Different rules appear in different sections of your coverage manual. You should become familiar with the entire document.

Plan Year

The Plan Year is the date used for the purpose of implementing Affordable Care Act (ACA) requirements that become

effective on or after January 1, 2014. The Plan Year has been designated and communicated to Wellmark by your group health plan's plan sponsor or plan administrator as the twelve month period commencing on the effective date of your group health plan's annual renewal with Wellmark.

Authority to Terminate, Amend, or Modify

Your employer or group sponsor has the authority to terminate, amend, or modify the coverage described in this coverage manual at any time. Any amendment or modification will be in writing and will be as binding as this coverage manual. If your contract is terminated, you may not receive benefits.

Authorized Group Benefits Plan Changes

No agent, employee, or representative of ours is authorized to vary, add to, change, modify, waive, or alter any of the provisions described in this coverage manual. This coverage manual cannot be changed except by one of the following:

- Written amendment signed by an authorized officer and accepted by you or your employer or group sponsor as shown by payment of the premium.
- Our receipt of proper notification that an event has changed your spouse or dependent's eligibility for coverage. See *Coverage Changes and Termination*, page 69.

Member Participation

Information will be made available to members regarding matters such as wellness, general health education, and matters of policy and operation of Wellmark Health Plan of Iowa, Inc.

Authorized Representative

You may authorize another person to represent you and with whom you want us to communicate regarding specific claims or an appeal. This authorization must be in writing, signed by you, and include all the information required in our Authorized Representative Form. This form is available at *Wellmark.com* or by calling the Customer Service number on your ID card.

In a medically urgent situation your treating health care practitioner may act as your authorized representative without completion of the Authorized Representative Form.

An assignment of benefits, release of information, or other similar form that you may sign at the request of your health care provider does not make your provider an authorized representative. You may authorize only one person as your representative at a time. You may revoke the authorized representative at any time.

Release of Information

By enrolling in this group health plan, you have agreed to release any necessary information requested about you so we can process claims for benefits.

You must allow any provider, facility, or their employee to give us information about a treatment or condition. If we do not receive the information requested, or if you withhold information, your benefits may be denied. If you fraudulently use your coverage or misrepresent or conceal material facts when providing information, then we may terminate your coverage under this group health plan.

Privacy of Information

We are committed to protecting the privacy of your health information. We will request, use, or disclose your health information only as permitted or required by law. Wellmark has issued a *Privacy Practices Notice*. This notice is available upon request or at *Wellmark.com*.

We will use or disclose your health information for treatment, payment, and health care operations according to the standards and specifications of the federal privacy regulations.

Treatment

We may disclose your health information to a physician or other health care provider in order for such health care provider to provide treatment to you.

Payment

We may use and disclose your health information to pay for covered services from physicians, hospitals, and other providers, to determine your eligibility for benefits, to coordinate benefits, to determine medical necessity, to obtain premiums, to issue explanations of benefits to the person enrolled in the group health plan in which you participate, and the like. We may disclose your health information to a health care provider or entity subject to the federal privacy rules so they can obtain payment or engage in these payment activities.

Health Care Operations

We may use and disclose your health information in connection with health care operations. Health care operations include, but are not limited to, rating our risk and determining premiums for your group health plan; quality assessment and improvement activities; reviewing the competence or qualifications of health care practitioners, evaluating provider performance, conducting training programs, accreditation, certification, licensing, or credentialing activities; medical review, legal services, and auditing, including fraud and abuse detection and compliance; business planning and development; and business management and general administrative activities.

Other Disclosures

We will obtain your explicit authorization for any use or disclosure of your health information that is not permitted or required by law. For example, we may release claim payment information to a

friend or family member to act on your behalf during a hospitalization if you submit an authorization to release information to that person. If you give us an authorization, you may revoke it in writing at any time. Your revocation will not affect any use or disclosures permitted by your authorization while it was in effect.

Member Health Support Services

Wellmark may from time to time make available to you certain health support services (such as disease management), for a fee or for no fee. Wellmark may offer financial and other incentives to you to use such services. As a part of the provision of these services, Wellmark may:

- Use your personal health information (including, but not limited to, substance abuse, mental health, and HIV/AIDS information); and
- Disclose such information to your health care providers and Wellmark's health support service vendors, for purposes of providing such services to you.

Wellmark will use and disclose information according to the terms of our Privacy Practices Notice, which is available upon request or at *Wellmark.com*.

Value Added or Innovative Benefits

Wellmark may, from time to time, make available to you certain value added or innovative benefits for a fee or for no fee. Examples include Blue365[®], identity theft protections, and discounts on alternative/preventive therapies, fitness, exercise and diet assistance, and elective procedures as well as resources to help you make more informed health decisions. Wellmark may also provide rewards or incentives under this plan if you participate in certain voluntary wellness activities or programs that encourage healthy behaviors. Your employer is responsible for any income and employment tax withholding, depositing and reporting obligations that may apply to the value of such rewards and incentives.

Value-Based Programs

Value-based programs involve local health care organizations that are held accountable for the quality and cost of care delivered to a defined population. Value-based programs can include accountable care organizations (ACOs), patient centered medical homes (PCMHs), and other programs developed by Wellmark, the Blue Cross Blue Shield Association, or other Blue Cross Blue Shield health plans ("Blue Plans"). Wellmark and Blue Plans have entered into collaborative arrangements with value-based programs under which the health care providers participating in them are eligible for financial incentives relating to quality and cost-effective care of Wellmark and/or Blue Plan members. If your physician, hospital, or other health care provider participates in the Wellmark ACO program or other value-based program, Wellmark may make available to such health care providers your health care information, including claims information, for purposes of helping support their delivery of health care services to you.

Nonassignment

Except as required by law, benefits for covered services under this group health plan are for your personal benefit and cannot be transferred or assigned to anyone else without our consent. Whether made before or after services are provided, you are prohibited from assigning any claim. You are further prohibited from assigning any cause of action arising out of or relating to this group health plan. Any attempt to assign this group health plan, even if assignment includes the provider's rights to receive payment, will be null and void. Nothing contained in this group health plan shall be construed to make the health plan or Wellmark liable to any third party to whom a member may be liable for medical care, treatment, or services.

Governing Law

To the extent not superseded by the laws of the United States, the group benefits plan

will be construed in accordance with and governed by the laws of the state of Iowa.

Medicaid Enrollment and Payments to Medicaid

Assignment of Rights

This group health plan will provide payment of benefits for covered services to you, your beneficiary, or any other person who has been legally assigned the right to receive such benefits under requirements established pursuant to Title XIX of the Social Security Act (Medicaid).

Enrollment Without Regard to Medicaid

Your receipt or eligibility for medical assistance under Title XIX of the Social Security Act (Medicaid) will not affect your enrollment as a participant or beneficiary of this group health plan, nor will it affect our determination of any benefits paid to you.

Acquisition by States of Rights of Third Parties

If payment has been made by Medicaid and Wellmark has a legal obligation to provide benefits for those services, Wellmark will make payment of those benefits in accordance with any state law under which a state acquires the right to such payments.

Medicaid Reimbursement

When a Wellmark Blue HMO Provider submits a claim to a state Medicaid program for a covered service and Wellmark reimburses the state Medicaid program for the service, Wellmark's total payment for the service will be limited to the amount paid to the state Medicaid program. No additional payments will be made to the provider or to you.

Subrogation

For purposes of this "Subrogation" section, "third party" includes, but is not limited to, any of the following:

- The responsible person or that person's insurer;
- Uninsured motorist coverage;

- Underinsured motorist coverage;
- Personal umbrella coverage;
- Other insurance coverage including, but not limited to, homeowner's, motor vehicle, or medical payments insurance; and
- Any other payment from a source intended to compensate you for injuries resulting from an accident or alleged negligence.

Right of Subrogation

If you or your legal representative have a claim to recover money from a third party and this claim relates to an illness or injury for which Wellmark provides benefits, Wellmark will be subrogated to you and your legal representative's rights to recover from the third party as a condition to your receipt of benefits.

Right of Reimbursement

If you have an illness or injury as a result of the act of a third party or arising out of obligations you have under a contract and you or your legal representative files a claim under this group health plan, as a condition of receipt of benefits, you or your legal representative must reimburse Wellmark for all benefits paid for the illness or injury from money received from the third party or its insurer, or under the contract, to the extent of the amount paid by Wellmark on the claim.

Once you receive benefits under this group health plan arising from an illness or injury, Wellmark will assume any legal rights you have to collect compensation, damages, or any other payment related to the illness or injury from any third party.

You agree to recognize Wellmark's rights to subrogation and reimbursement. These rights provide Wellmark with a priority over any money paid by a third party to you relative to the amount paid by Wellmark, including priority over any claim for nonmedical charges, or other costs and expenses. Wellmark will assume all rights of recovery, to the extent of payment, regardless of whether payment is made

before or after settlement of a third party claim, and regardless of whether you have received full or complete compensation for an illness or injury.

Procedures for Subrogation and Reimbursement

You or your legal representative must do whatever Wellmark requests with respect to the exercise of Wellmark's subrogation and reimbursement rights, and you agree to do nothing to prejudice those rights. In addition, at the time of making a claim for benefits, you or your legal representative must inform Wellmark in writing if you have an illness or injury caused by a third party or arising out of obligations you have under a contract. You or your legal representative must provide the following information, by registered mail, as soon as reasonably practicable of such illness or injury to Wellmark as a condition to receipt of benefits:

- The name, address, and telephone number of the third party that in any way caused the illness or injury or is a party to the contract, and of the attorney representing the third party;
- The name, address and telephone number of the third party's insurer and any insurer of you;
- The name, address and telephone number of your attorney with respect to the third party's act;
- Prior to the meeting, the date, time and location of any meeting between the third party or his attorney and you, or your attorney;
- All terms of any settlement offer made by the third party or his insurer or your insurer;
- All information discovered by you or your attorney concerning the insurance coverage of the third party;
- The amount and location of any money that is recovered by you from the third party or his insurer or your insurer, and the date that the money was received;
- Prior to settlement, all information related to any oral or written settlement agreement between you and the third party or his insurer or your insurer;
- All information regarding any legal action that has been brought on your behalf against the third party or his insurer; and
- All other information requested by Wellmark.

Send this information to:

Wellmark Health Plan of Iowa, Inc.
1331 Grand Avenue, Station 5E151
Des Moines, IA 50309-2901

You also agree to all of the following:

- You will immediately let us know about any potential claims or rights of recovery related to the illness or injury.
- You will furnish any information and assistance that we determine we will need to enforce our rights under this group health plan.
- You will do nothing to prejudice our rights and interests including, but not limited to, signing any release or waiver (or otherwise releasing) our rights, without obtaining our written permission.
- You will not compromise, settle, surrender, or release any claim or right of recovery described above, without obtaining our written permission.
- If payment is received from the other party or parties, you must reimburse us to the extent of benefit payments made under this group health plan.
- In the event you or your attorney receive any funds in compensation for your illness or injury, you or your attorney will hold those funds (up to and including the amount of benefits paid by Wellmark in connection with the illness or injury) in trust for the benefit of Wellmark as trustee(s) for Wellmark until the extent of our right to reimbursement or subrogation has been resolved.

- In the event you invoke your rights of recovery against a third-party related to the illness or injury, you will not seek an advancement of costs or fees from Wellmark.

It is further agreed that in the event that you fail to take the necessary legal action to recover from the responsible party, Wellmark shall have the option to do so and may proceed in its name or your name against the responsible party and shall be entitled to the recovery of the amount of benefits paid under this group health plan and shall be entitled to recover its expenses, including reasonable attorney fees and costs, incurred for such recovery.

In the event Wellmark deems it necessary to institute legal action against you if you fail to repay Wellmark as required in this group health plan, you shall be liable for the amount of such payments made by Wellmark as well as all of Wellmark's costs of collection, including reasonable attorney fees and costs.

You and your covered family member(s) must notify us if you have the potential right to receive payment from someone else. You must cooperate with us to ensure that our rights to subrogation are protected.

Wellmark's right of subrogation and reimbursement under this group health plan applies to all rights of recovery, and not only to your right to compensation for medical expenses. A settlement or judgment structured in any manner not to include medical expenses, or an action brought by you or on your behalf which fails to state a claim for recovery of medical expenses, shall not defeat our rights of subrogation and reimbursement if there is any recovery on your claim.

We reserve the right to offset any amounts owed to us against any future claim payments.

Workers' Compensation

If you have received benefits under this group health plan for an injury or condition

that is the subject or basis of a workers' compensation claim (whether litigated or not), we are entitled to reimbursement to the extent benefits are paid under this plan in the event that your claim is accepted or adjudged to be covered under workers' compensation.

Furthermore, we are entitled to reimbursement from you to the full extent of benefits paid out of any proceeds you receive from any workers' compensation claim, regardless of whether you have been made whole or fully compensated for your losses, regardless of whether the proceeds represent a compromise or disputed settlement, and regardless of any characterization of the settlement proceeds by the parties to the settlement. We will not be liable for any attorney's fees or other expenses incurred in obtaining any proceeds for any workers' compensation claim.

We utilize industry standard methods to identify claims that may be work-related. This may result in initial payment of some claims that are work-related. We reserve the right to seek reimbursement of any such claim or to waive reimbursement of any claim, at our discretion.

Payment in Error

If for any reason we make payment in error, we may recover the amount we paid.

If we determine we did not make full payment, Wellmark will make the correct payment without interest.

Premium

Your employer or group sponsor must pay in advance of the due date assigned for your coverage. For example, payment must be made prior to the beginning of each calendar month, each quarter, or each year, depending on your specific due date.

If you misrepresent any information to Wellmark relating to this coverage, Wellmark may, in addition to exercising any other available remedies, retroactively adjust the monthly premiums for this

coverage as if the information in question had been correctly represented in the application for coverage.

Notice

If a specific address has not been provided elsewhere in this coverage manual, you may send any notice to Wellmark's home office:

Wellmark Health Plan of Iowa, Inc.
1331 Grand Avenue
Des Moines, IA 50309-2901

Any notice from Wellmark to you is acceptable when sent to your address as it appears on Wellmark's records or the address of the group through which you are enrolled.

Inspection of Coverage

Except for groups that maintain a cafeteria plan pursuant to Section 125 of the Internal Revenue Code (26 USCA § 125), a member may, if evidence of coverage is not satisfactory for any reason, return the evidence of coverage within 10 days of its receipt and receive full refund of the deposit paid, if any. This right will not act as a cure for misleading or deceptive advertising or marketing methods, nor may it be exercised if the member utilizes the services of the HMO within the 10-day period. Members in cafeteria plans must adhere to the plan provisions concerning termination or changes in coverage.

Submitting a Complaint

If you are dissatisfied or have a complaint regarding our products or services, call the Customer Service number on your ID card. We will attempt to resolve the issue in a timely manner. You may also contact Customer Service for information on where to send a written complaint.

Consent to Telephone Calls and Text or Email Notifications

By enrolling in this employer sponsored group health plan, and providing your phone number and email address to your

employer or to Wellmark, you give express consent to Wellmark to contact you using the email address or residential or cellular telephone number provided via live or pre-recorded voice call, or text message notification or email notification. Wellmark may contact you for purposes of providing important information about your plan and benefits, or to offer additional products and services related to your Wellmark plan. You may revoke this consent by following instructions given to you in the email, text or call notifications, or by telling the Wellmark representative that you no longer want to receive calls.

Glossary

The definitions in this section are terms that are used in various sections of this coverage manual. A term that appears in only one section is defined in that section.

Accidental Injury. An injury, independent of disease or bodily infirmity or any other cause, that happens by chance and requires immediate medical attention.

Admission. Formal acceptance as a patient to a hospital or other covered health care facility for a health condition.

Amount Charged. The amount that a provider bills for a service or supply or the retail price that a pharmacy charges for a prescription drug, whether or not it is covered under this group health plan.

Benefits. Medically necessary services or supplies that qualify for payment under this group health plan.

Blue Distinction Center. A facility that contracts with the Blue Cross Blue Shield Association to perform specific types of services or procedures.

BlueCard Program. The Blue Cross Blue Shield Association program that permits members of any Blue Cross or Blue Shield Plan to have access to emergency care or accidental injury services similar to those that members have in the Wellmark Blue HMO network.

Compounded Drugs. Compounded prescription drugs are produced by combining, mixing, or altering ingredients by a pharmacist to create an alternate strength or dosage form tailored to the specialized medical needs of an individual patient when an FDA-approved drug is unavailable or a licensed health care provider decides that an FDA-approved drug is not appropriate for a patient's medical needs.

Creditable Coverage. Any of the following categories of coverage:

- Group health plan (including government and church plans).

- Health insurance coverage (including group, individual, and short-term limited duration coverage).
- Medicare (Part A or B of Title XVIII of the Social Security Act).
- Medicaid (Title XIX of the Social Security Act).
- Medical care for members and certain former members of the uniformed services, and for their dependents (Chapter 55 of Title 10, United States Code).
- A medical care program of the Indian Health Service or of a tribal organization.
- A state health benefits risk pool.
- Federal Employee Health Benefit Plan (a health plan offered under Chapter 89 of Title 5, United States Code).
- A State Children's Health Insurance Program (S-CHIP).
- A public health plan as defined in federal regulations (including health coverage provided under a plan established or maintained by a foreign country or political subdivision).
- A health benefits plan under Section 5(e) of the Peace Corps Act.
- An organized delivery system licensed by the director of public health.

Domestic Partner. An unmarried person who has signed the Certification of Domestic Partnership form with the plan member.

Extended Home Skilled Nursing. Home skilled nursing care, other than short-term home skilled nursing, provided in the home by a registered (R.N.) or licensed practical nurse (L.P.N.) who is associated with an agency accredited by the Joint Commission for Accreditation of Health Care Organizations (JCAHO) or a

Medicare-certified agency that is ordered by a physician and consists of four or more hours per day of continuous nursing care that requires the technical proficiency and knowledge of an R.N. or L.P.N.

Group. Those plan members who share a common relationship, such as employment or membership.

Group Sponsor. The entity that sponsors this group health plan.

Habilitative Services. Health care services that help a person keep, learn, or improve skills and functioning for daily living. Examples include therapy for a child who isn't walking or talking at the expected age. These services may include physical and occupational therapy, speech-language pathology and other services for people with disabilities in a variety of inpatient and/or outpatient settings.

Illness or Injury. Any bodily disorder, bodily injury, disease, or mental health condition, including pregnancy and complications of pregnancy.

Inpatient. Services received, or a person receiving services, while admitted to a health care facility for at least an overnight stay.

Medical Appliance. A device or mechanism designed to support or restrain part of the body (such as a splint, bandage or brace); to measure functioning or physical condition of the body (such as glucometers or devices to measure blood pressure); or to administer drugs (such as syringes).

Medically Urgent Situation. A situation where a longer, non-urgent response time to a pre-service notification could seriously jeopardize the life or health of the benefits plan member seeking services or, in the opinion of a physician with knowledge of the member's medical condition, would subject the member to severe pain that cannot be managed without the services in question.

Medicare. The federal government health insurance program established under Title XVIII of the Social Security Act for people age 65 and older and for individuals of any age entitled to monthly disability benefits under Social Security or the Railroad Retirement Program. It is also for those with chronic renal disease who require hemodialysis or kidney transplant.

Member. A person covered under this group health plan.

Nonparticipating Pharmacy. A pharmacy that does not participate with the network used by Blue Rx Essentials.

Office. An office setting is the room or rooms in which the practitioner or staff provide patient care.

Out-of-Network Provider. A facility or practitioner that does not participate with either the Wellmark Blue HMO network or a Blue Cross or Blue Shield Plan in any other state. Pharmacies that do not contract with our pharmacy benefits manager are considered Out-of-Network Providers.

Outpatient. Services received, or a person receiving services, in the outpatient department of a hospital, an ambulatory surgery center, or the home.

Participating Pharmacy. A pharmacy that participates with the network used by Blue Rx Essentials. Pharmacies that do not contract with our pharmacy benefits manager are considered Out-of-Network Providers.

Participating Providers. These providers participate with a Blue Cross and/or Blue Shield Plan in another state or service area but not with the Wellmark Blue HMO network.

Plan. The group health benefits program offered to you as an eligible employee for purposes of ERISA.

Plan Administrator. The employer or group sponsor of this group health plan for purposes of the Employee Retirement Income Security Act.

Plan Member. The person who signed for this group health plan.

Services or Supplies. Any services, supplies, treatments, devices, or drugs, as applicable in the context of this coverage manual, that may be used to diagnose or treat a medical condition.

Specialty Drugs. Drugs that are typically used for treating or managing chronic illnesses. These drugs are subject to restricted distribution by the U.S. Food and Drug Administration or require special handling, provider coordination, or patient education that may not be provided by a retail pharmacy. Some specialty drugs may be taken orally, but others may require administration by injection or inhalation.

Spouse. A man or woman lawfully married to a covered member.

Urgent Care Centers are classified by us as such in Iowa if they provide medical care without an appointment during all hours of operation to walk-in patients of all ages who are ill or injured and require immediate care but may not require the services of a hospital emergency room. For a list of Iowa facilities classified by Wellmark as Urgent Care Centers, please see the Wellmark Provider Directory.

We, Our, Us. Wellmark Health Plan of Iowa, Inc.

Wellmark Blue HMO Provider. A facility or practitioner that participates with Wellmark Health Plan of Iowa, Inc., in the Wellmark Blue HMO network.

X-ray and Lab Services. Tests, screenings, imagings, and evaluation procedures identified in the American Medical Association's Current Procedural Terminology (CPT) manual, Standard Edition, under *Radiology Guidelines* and *Pathology and Laboratory Guidelines*.

You, Your. The plan member and family members eligible for coverage under this group health plan.
